We have guys down here in the treatment center in gbcI having health issues that can be life threatening and staff and nurses are continuously brushing concerns and signs off as if there is not a significant concern to have to begin with..as if we are not humans but mere cattle to the DOC...is reoccurring.... Now they have begun the twelve hour shifts...their are only two shifts now ...each one is twelve hours in duration...we will see how that goes and the result it has on the population of inmates throughout the state...the memo concerning jl. Marcus being

brought back was received here and is supposed to take affect on July 15th....

An average AC inmates used to get day room once a week and rec by themselves once a week and they haven't done that in two weeks

A lot of violators They send memos constantly... I'll forward latest one to u of my unit..

And on top off that it was the weekends so they put us on some what lock down. Is crazy how they can just do that next time it means if any lil fight's happened they would just put us on lockdown just like that. One off my resourses tells me the Inmate's in the solitary confinement don't get any Recreation right now. They are just being keep in there cells all day's 24/7 .

Abdifatah Ahmed 674071/ 5 4 22: We are on lockdown right now because of inmates fighting I don't know how long this will take But there is nothing going on right now. But chapel and HSU, law library and 30 out at a time for shower's. Other then that there is no Reaction (recreation?)at all. We are eating in our cell's right now on top off that there are using this to there advantage because there are short on staff's. No schools right now there is nothing going on Right now Peggy. The fight's took place at the north cell hall at GBCI in the front off the security director, Warden, and the Local Sherriff. After that they stayed to put them on lockdown

I have just writing a letter to the Governor Tony Evers office on how I'm not getting any Rehabilitation and how The GBCI education department are not letting me go to school. So I can do something with my life after I get out Prison on top off that I can have my GED or HSED before I get out prison. I have been weighting to get in schools for 5 Months now and they steel telling me I'm on the weighting listed.

If he don't do anything about this I will stared writing the Republican Governor's Runs, but that will be as soon I get more stamps.

WSPF LEDFORD WILLIAM (80495) /Tuesday, July 12, 2022 We are on lockdown today. They have "noticed us" that they will be slowing down operations (indefinitely) for several days a week due to "staff shortages." Which, of course, means that we are the ones that get screwed. In fact, we cannot even go out to get our meals; and cannot go out for the phones - they are bringing us the portable handheld phones to our cells. No law library - absolutely nothing

OSCI

Friday, July 29, 2022 : AARON ROBINSON (565665)OSCI I am not sure if your aware but O.S.C.I cut our outdoor rec time. Units use to have rec daily from 8-10:45AM, then 1-4PM and finally 5:45-8:30PM. Now they changed it to a set schedule 3 day rotation of 8-9:30 am and again 5:45- 7:00. The following day will be 9:45-10:45AM. The last day will be 1-4PM. The issue with that is if its a heat advisory or a storm they shut down the rec yard. I dislike that but I'm learning to adapt. The D.O.C claims it due to staff shortages but its a reason to deny inmates another privilege. Besides that things are pretty normal. I love being outside. I go out there everyday and lay in the grass by myself to get a piece of mind. I would like a favor from you if you can. I am starting to cook from being in that sun so could you order me a bucket hat. Also some playing cards. If so the info is below.

CCI and NLCI by fine writer who knows both
