

Frottage Collage

SUBJECT: Art

SUMMARY: Collect texture rubbings from around your house and use them to create a collage.

MATERIALS NEEDED: 4-5 pieces of thin paper (not cardstock), a drawing material (crayons, colored pencil, charcoal or pastel), glue

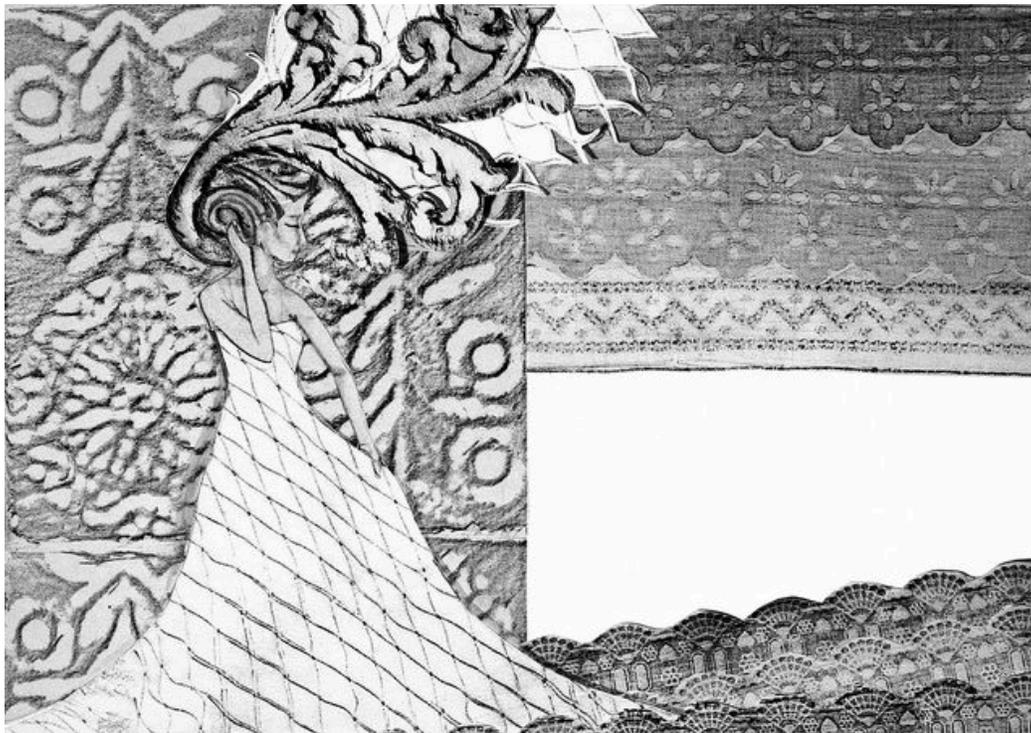

DIRECTIONS:

Watch the video below for tips on frottage. Using the technique in the video, collect at least ten different textures from around your house, filling each piece of paper with 3-4 different textures. Once you have a variety of textures, cut them into pieces and glue them on a piece of paper to make an image. You can start by asking yourself if any of the textures remind you of something and go from there.
