

"What to look for" Checklist - Curriculum for Excellence Third, Fourth & Senior Levels

This resource has been developed to support the Scottish Working Definition of Dyslexia.

The purpose of this resource is to guide **initial** gathering of evidence to support the collaborative process using the <u>dyslexia identification pathway</u>, but will **not** provide an identification of dyslexia. A copy of this tool should be kept in the learner's records to inform appropriate future planning.

Learner's Name	School	Class	Practitioner Name and Role	Date

Health and Wellbeing - Strengths

It is important to include the **strengths and motivations** of the child which have been observed.

The use of the Wellbeing Wheel to gather strengths and areas of concern/difficulties can support the collation of a holistic profile through collaboration and discussion. However not all of the areas may be applicable.

Included	

Other relevant factors to consider- these may include:

- Information shared by parents/carers
- Family history of dyslexia or difficulties with literacy
- Other factors highlighted within the Toolkit http://addressingdyslexia.org/other-factors-consider

Other relevant factors

•

Health and Wellbeing		Insert (copy & paste) Tick 🗸		
Areas that may be affected	Often	Sometimes	Rarely	
Lacks confidence – avoids reading; is very reluctant/unwilling to participate in				
reading activities and/or to read aloud				
Gives up easily/loses interest				
Does not appear to enjoy engaging with age appropriate books/text independently				
Change in behavior when involved in literacy tasks				
May appear reluctant to write; dislikes or avoids writing activities				

The Scottish Working Definition of Dyslexia. The following sections cover the associated difficulties in order. Not all areas may be applicable to each learner and some factors are less persistent as the learner develops appropriate strategies.

Processing of language-based information (auditory and/or visual)		Copy/Paste Tick 🗸		
Areas that may be affected:	Often	Sometimes	Rarely	

Appears to have difficulty processing verbal questions			
Word finding difficulties often persist. On occasions, the learner may use the			
wrong word			
Difficulties in following a sequence of instructions			
Appears to misunderstand/misinterpret information provided/shared/discussed			
Difficulty talking about experiences and events in a logical order			
Difficulties in recognising the relationships between onset and rime – c/at and			
b/at; m/at and s/at			
Confusion of similar sounding letters – d/t; f/v/th; short vowels			
Consistent confusion of letters and numbers similar in shape: b/d,/p/q; u/n/m/w,			
2/5 , 6/9			
Inconsistent use of upper and lower case letters			
Misreads or reverses words which are visually similar – 'was' for 'saw', 'god' for			
'dog'			
Regular reversal of words – 'was' for 'saw', 'god' for 'dog' in writing			
Difficulty copying			
Spelling may be bizarre and hard to dicipher or phonetically accurate but misspelt			
Difficulty coping with the amount of reading required			
Difficulty in recognising familiar words which have been read earlier in the passage			
Slow writing speed; often does not complete written work; produces the bare			
minimum			
Phonological Awareness			
Areas that may be affected:	Often	Sometimes	Rarely
Difficulty with keeping a simple rhythm e.g. clapping to the beat			
Difficulty with identifying and or generating rhyme			
Difficulty isolating words when listening to a sentence being spoken			
	1		
Difficulty with recognising alliteration			
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word			
Difficulty with recognising alliteration			
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences			
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected:	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected:	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to letters, blending letter sounds and syllables to decode words	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to letters, blending letter sounds and syllables to decode words Difficulty in associating letters and sounds	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to letters, blending letter sounds and syllables to decode words Difficulty in associating letters and sounds Visual confusion over small words	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to letters, blending letter sounds and syllables to decode words Difficulty in associating letters and sounds Visual confusion over small words May make random guesses at words, using initial letter cues	Often	Sometimes	Rarely
Difficulty with recognising alliteration Difficulty identifying where a specific sound is heard in an orally delivered word Difficulty manipulating sounds in words and sentences Oral language skills and reading fluency Areas that may be affected: Oral language Verbal communication due to history of speech and language difficulties Articulation unclear May often use the wrong word Expresses good ideas orally, but in writing may use simple sentence structure and/or 'safe'/immature vocabulary Reading fluency On-going difficulty with acquiring phonic skills - identifying/linking sounds to letters, blending letter sounds and syllables to decode words Difficulty in associating letters and sounds Visual confusion over small words May make random guesses at words, using initial letter cues Tends to lose the place; omits words, skips lines; may experience problems with	Often	Sometimes	Rarely

Difficulty in recognising high frequency irregular words (sight yearshular)			
Difficulty in recognising high-frequency irregular words (sight vocabulary)		1	
Disregards punctuation; reads without expression		1	
Relies on context and/or picture cues to help with unfamiliar words and aid			
comprehension Dear comprehension due to lock of fluency difficulty with summarising events or		1	
Poor comprehension due to lack of fluency; difficulty with summarising events or			
identifying the main points Needs to re-read several times to aid comprehension		1	
		1	
Does not appear to enjoy engaging with age appropriate books/text independently		1	
Difficulties with the consolidation of previous words learnt			
Short-term and working memory			
Areas that may be affected:	Often	Sometimes	Rarely
Appears to forget information previously learnt	Onch	Joinetines	Raiciy
Difficulty remembering subject specific vocabulary			
Confusion over using full stops and capital letters			
Difficulty remembering a short sequence of numbers			
Experiences significant problems in writing when having to think about content,			
organisation, spelling, punctuation and handwriting simultaneously			
Inconsistent/inappropriate use of or lack of punctuation			
Copying from the board and/or books is inaccurate and/or laborious			
Inconsistent /inappropriate use of upper and lower case letters when writing			
Grammatical sentence structure in writing is weak or confused			
Inconsistent spelling – a word may be spelled in several different ways in the same			
piece of writing			
Has difficulty remembering spelling of common irregular words e.g. said, they,			
with			
Difficulties in remembering equations			
<u> </u>			
Sequencing and directionality		•	•
Areas that may be affected:	Often	Sometimes	Rarely
May have difficulty following the sequence of a story			
Has difficulty retelling a story in a logical sequence			
Expression of ideas, feelings and thoughts may be disorganised and poorly			
sequenced			
Has difficulty in following the reading and writing direction of left to right and top			
to bottom			
Misses out words or phrases in sentences			
Tends to recall events out of sequence; thoughts/ideas may not be logically			
ordered			
Difficulty with word order/ sequencing of events in writing		1	
Nib - u alittla			
Number skills	Often	Sometimes	Rarely
Areas that may be affected: Difficulty in understanding relationships between initial number bonds	Citem	Joinedines	Raiciy
Difficulties learning specific number language, symbols and procedures			
Problems learning number facts and procedures		1	
Difficulty remembering a sequence of numbers		+	
Reduced computation speed (due to pace of processing)		+	
Difficulty in understanding the concept of time		1	
Difficulty in understanding the concept of time			<u> </u>
Organisational ability	<u> </u>

What to Look For – CfE Third, Fourth and Senior Level

Areas that may be affected:	Often	Sometimes	Rarely
Difficulty remembering where things are in the classroom and home			
Difficulty organising things needed for activities for which they are responsible			
Difficulties in carrying out some everyday routines			
Difficulty with planning and organisation of writing tasks			
Difficulty in remembering school and exam timetables			
Awareness of time - difficulties with time management			
Motor skills and co-ordination			
Areas that may be affected:	Often	Sometimes	Rarely
Difficulty in forming letters and numbers correctly and legibly			
Difficulty and/or extreme tenseness in holding pencil			
Difficulties using the keyboard, tablet or mouse			
Reluctance to participate in PE			
Gross motor coordination difficulties e.g. star jumps, catching, throwing, balance			
Fine motor coordination difficulties e.g. handwriting			
Tenseness in holding pencil or pen			
Sometimes writing is unreadable to the learner just a few minutes after			
completion			
Poor spatial awareness on a page - placement on page, writing on lines, rows of			
sums, spaces between letters and numbers			
Poor spatial awareness			
Starting a sequence of actions and forgetting where they got to in the sequence			
Difficulty with spacing between words			
Difficulty finding way around school/campus
