If you skip this, you'll run into problems. Your posts won't get approved. You won't get paid. You might get removed.

This campaign is simple **only if you follow everything below exactly.** You're getting paid to help **Jacky Alvarez** go viral by running organic meme-style fan pages that get his face & personality in front of as many people as possible. Do it right → get paid. Do it sloppy → get rejected.

STEP 1 – CREATE YOUR PAGE (THE RIGHT WAY)

You're only building dedicated **Instagram, TikTok & YouTube** pages that look like **organic meme / fan accounts** for **Jacky Alvarez** (not a promo team, not his official staff, not a corporate page).

Instagram Setup

You're making a **fan / alt page**, not a clone of his main account.

Username must look like a fan page, for example:

- @JackelyneReels, @Jackelyne.Clips, @JackelyneExclusive

Profile Picture:

- Use a photo of Jacky Alvarez's face, his face must **pop out clearly** (meme page style). If you don't know how to do this, there is a tutorial inside the **Courses** tab.

Bio MUST include:

- IG: @jackyalvarez
- Link: <https://www.instagram.com/jackyalvarez/>
- Short meme style bio line, for example:
 - “funny memes to make you laugh” , “you clicked on my profile but didn't follow me?” , “have a laugh, it's good for you”

TikTok Setup

Use the **same username & name rules** above.

Bio MUST include:

- TikTok: **@jackyalvarez**
- Link: <https://www.instagram.com/jackyalvarez/>
- One of the meme style bio lines above.

YouTube Setup

Use the **same username & name rules** above.

Bio MUST include:

- YouTube: **@Jackyalvarez**
- Link: <https://www.instagram.com/jackyalvarez/>

Before Posting (Warm-Up)

- Do **NOT** cold post. You will tank your reach.
- Before your first clip:
 - Follow **5–7 similar humor / meme / brain-rot** pages
 - Like **6–8 posts** in that niche
 - Watch **20–30 short videos** of:
 - Cringe moments, weird reactions, "what is this dude doing" moments
 - Add one meme or reel to your story and do this for 24–48 hours before posting.

Do NOT:

- Follow all of **Jacky Alvarez's** mutuals like a promo team
- Make your page look "corporate" or "managed". Your account should feel like a **2019 meme page**, not a staff account.

 Cold posting = shadowban risk = no views.
