

Ash's Ship crashed on earth back in 1XXX, in upper wisconsin. Not quite in Superior but further north then Hayward Apon crashing, he was approached by a ■■■》■■■. They spoke. The conversation would be the last one for the ■■■》■■■, As the last of his race he decided to help Ash. Was it to appeal to his gods or did it as a final act of kindness will never no. The ■■■》■■■ gave Ash two "gifts", one was a mask that converts the oxygen into a breathable Air. The other was to keep the memory of his race alive would be the claws on his feet, 4 in total. As the ■■■》■■■ removed his claws and implanted them on Ash's boots,They felt a connection form between him and the energy fields of the earth. Ash asked the ■■■》■■■ what the claws did.

The ■■■》■■■ taking his last breaths told Ash.

"Those claws allow you to change the energy of people and things on this planet. The ability I found where the ability to erase human memories, and the other allows you to cover grate distance. Now I don't have much time now. South of here Is a place the locals call the *Chippewa Valley*. It's where my ship crashed almost a millennial ago. The town foke there are great to watch. My ship may be able to be fixed by you. I couldn't. I unfortunately don't remember where in the Chippewa Valley I crashed or if my ship is even there after all these years, but the right claw on the right foot is the key. I wish you luck my friend."

After those final words the ■■■》■■■ to purple lights. Those purple lights formed a circle on the mask Given to Ash.

Ash looked at their ship, It being a total loss they decide to take the advice of the ■■■》■■■. They set off heading for the Chippewa Valley. Last log we Received stated he just made it to a small town called Eau Claire. after that His transmitter died this was back in 200X
