

The Quality Assurance Unit

The objectives of the Quality Unit are

- **to Ensure quality and academic accreditation in the Faculty of Engineering at the Modern University for Technology and Information within the standards of the National Authority for Evaluation and Academic Accreditation.**
- **Introduce and raise awareness among all departments of the Faculty of Engineering about the objectives of quality and its role in the continuous development of education and ensuring its quality.**
- **Evaluate the educational process by measuring the performance indicators of its inputs, processes, and outputs.**
- **Prepare models of forms and tools necessary for evaluation, considering the evaluation standards eligible for accreditation.**
- **Issue a semi-annual specialized bulletin in quality assurance to disseminate the concepts and achievements of the quality system in the Faculty of Engineering.**
- **Promote values of excellence and competitiveness among all academic departments and administrative units affiliated with the Faculty of Engineering.**
