- SEA SALT SOAK 30g

Relax & Heal

One of the best things you can do to provide healing for the skin is a sea salt soak. A warm, mild salt water solution irrigates, cleanses, and allows the cells to rejuvenate. Sea salt soaks keep the cells well hydrated while simultaneously flushing out fluid and cellular material that gets in the way of healing.

- SUGAR SCRUB 20g

Cleanse your skin

Sugar is the most natural way of exfoliating the skin. Sugar enhances blood circulation, increases collagen production and helps skin cells regenerate. This leave the skin feeling velvety clean.

- CREAM MASQUE 20g

Soothe your skin

A rigorous cleansing of the skin can leave it dry and damaged. This Cream Masque can reverse that damage by helping the skin become toned, hydrated and rejuvenated. It's

also specially formulated to moisturize and nourish the skin to heal it and keep it feeling fresh.

- MASSAGE LOTION 20g

Hydrate and revitalize your skin

Massage lotion helps the skin be fully revitalized by sealing moisture into the skin to prevent drying. It works wonders on scaly and dehydrated skin that feels rough and looks unattractive by making the skin glow through hydration and revitalization. It also smells and feels great, helping you relax.
