via **Bluesky**: [@starsprLte](https://bsky.app/profile/starsprlte.com) (direct message)

Please include the following information in your message!

- Description of your desired commission
- Reference images, and/or written descriptions
- Additional notes
 - i.e Deadlines, if it's a gift, specific DPI or color profile, image size...

Please give me 1-2 days to respond!

If I accept your commission, I'll give you a quote. After the price is confirmed, I'll ask for an email I can send your invoice to.

I will not accept commissions for deadlines of less than 14 days. If a deadline is mentioned *after* I've accepted your commission and/or received payment for it, I cannot guarantee that it will be done by that deadline.

PAYMENT

Payments are invoiced through PayPal. I will need an email to send the invoice to. **You don't need a PayPal account in order to pay the invoice!**

I take half of the payment upfront, and the rest after I'm done. I can also take full payment upfront, if you prefer.

I only take payment through PayPal.

Complex character designs, complex backgrounds, and major last-minute edits to your commission may incur an **extra fee**. (*i.e Requesting a character's pose be changed after I've already lined and colored the sketch.*)

REFUNDS

- If you cancel the commission before I begin, you will receive a full refund.
- If you cancel after I've started, but *before* I've finished, you will be refunded based on how much I'd done.
- If you cancel after I've finished, you will *not* receive a refund.
- If I cancel the commission *at any point*, you will receive a full refund.

'DELIVERY'

After your commission is complete and fully paid for, I'll send the high quality file(s) through your preferred method of contact.

You will receive your commission in .PNG file format, plus any additional formats, if requested. (*.JPEG, .PDF, etc.*)

If your commission's file size turns out to be too large to send normally, I'll send it as a .ZIP file containing the normal files.

You are purchasing a **purely digital work**, and you **will not** receive a physical copy of it in the mail.

OWNERSHIP & USE

I do not authorize or consent to usage of my work as an NFT or in other blockchain technology.

I do not authorize or consent to my work being used to train AI, or in any other AI contexts.

All commissioned work is for **personal use only**, unless previously discussed. Extra fees may be charged for commercial work.

If you share or use your commission online, credit me as [@starsprLte](https://www.tumblr.com/starsprlte). (*with a capital L!*)
