Hello everyone. I hope you are having a good day/night etc. This document has been compiled by me - [fan](#) and [robotliker](#) (and more later in the doc) to showcase the horrors that [Godspeed](#) has put us all through. Many of the names here will be censored and as this has been going on for months now (since July - December) , this document will be quite long. There will be a summary at the end, as well as experiences from other people who have spoken with Godspeed.

First of all, who is Godspeed?

As of 29/12/24, this is his twitter profile.

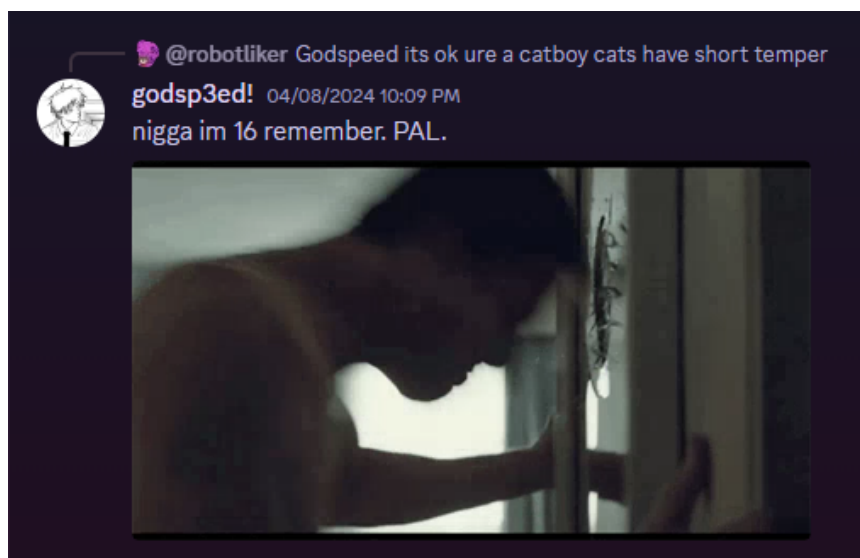

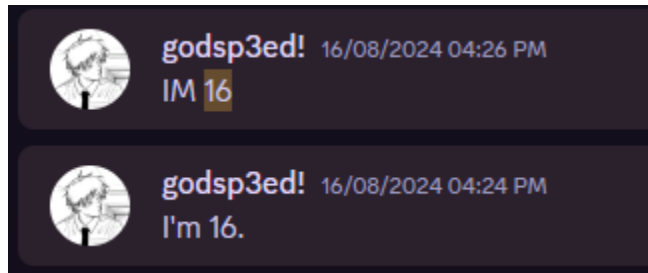

As of 29/12/24, this is his discord profile.

Godspeed is quite popular in the MDP community, working on Adam girl liker pro, Onlybob__, Oxaya mod and so on. So... why is there a document on him?

It's because behind the scenes, he is a homophobic, transphobic, groomer who thinks it's good to use 14 year olds for his own pleasure by manipulating them and guilt tripping and so on and so forth.

Godspeed, throughout this time (July - December) has been 15/16. He turned 16 in October. He also lied about his age. The screenshots below were in August. Vvvvvvvvvvv !!!

These screenshots are in August. ^

I miss my wife Bob 22/10/2024 04:18 PM

ITS NOT AN INSULT OK I SORRYYYYY

These screenshots are on his birthday. ^

Here are also the ages of other people involved:

Pink: 18

Lavender: 16

Light Green: 15

Robotliker: 14

Fan (me): 14

Dark Red: 14 (Presumably)

Light Red: 13

Other people will not have their ages revealed as it is unnecessary to do so.

For clarification, Godspeed is about 8 hours behind me. Robotliker is 1 hour ahead of me. Screenshots will come from all three individuals which is why times or dates may be messed up.

Introduction out of the way, I will now start explaining the story, robotliker's parts will be in purple and in a different font.

I met robotliker on the 7th of July, 2024 through an art trade. After that, we started talking more. We quickly became good friends.

I met godspeed on the 20th of July, 2024. We talked on the Max Design Pro fanserver prior to this. That date is just the first time he dmed me personally.

After meeting Godspeed, we began working on a VN together with some twitter mutuals. A group chat was made and on the 24th, robotliker was added.

The VN didn't get anywhere, and eventually the group chat became a friend group-chat.

On the 23rd of August, the majority of the group-chat transferred to a server made by godspeed. The people that transferred were:

Me (fan)

Robotliker

Godspeed

Light Blue

Slurry

Grey (Inactive)

There were other people in the group-chat but they never transferred or transferred later. More people joined the 'friend group' server but they will be mentioned in the doc later.

Not much happened in the early days of the server. Robotliker was heavily hyper fixated on twiddle finger max, meanwhile I was hyper fixated on a some-what popular MDP OC. These points are relevant. We used to VC in the server a lot, and godspeed ended up deleting robotliker's personal channel in the server, alongside other channels, which is why screenshots may be scarce.

*Screenshots of why he deleted the channels will be shown later in the document.

Now, we get into:

THE GROOMING!!! (This obviously includes manipulating and suggestive/NSFW content.)

The grooming started with robotliker being the 1st victim. Again, screenshots will be scarce and this is recalled to the best of our ability. Some stuff from the introduction will be repeated here.

Hey, Robotliker here! Some may know me as Max tho but that's not important right now. What's important is the fact that Godspeed is a genuine weirdo that ruined me.

Also just so you know i was freshly getting out of a grooming circle with Nekozuna/Glitterpop in it (He's a huge weirdo you can search him up on youtube if you wanna know more) thanks to that i was doing absolutely horrible. I was in there for 8 months and in the 8 months i got desensitized to a lot of stuff, which will explain my

behavior later in the friend group server. Thanks to NekoZuna and his friends i got into stuff like Masochism, sexual topics and etc. I apologize for being weird around others, I now try to better myself because I'm finally free from weird people in my life. Thank you so much Fan for helping me thru this. Now.. time for the LORE.

It all started when Godspeed made a group chat for development of a game that wasn't finished so i don't think it's important. We started off as just friends, nothing really interesting was happening with me and Godspeed, I was mostly getting closer to Fan. After a while of nothing burgers in the groupchat we got over 50 pins so I asked if we could make a server, so we did. We wanted to invite more people too but that's for later. When the server was created Godspeed sent the link in the groupchat and the people that joined were :

Fan

Robotliker (me)

Godspeed

Light Blue

Slurry

Grey (Inactive)

In the server I made my own channel to post my rants etc. The others got inspired by me and did the same.. Well most of them atleast. In my channel I posted about my hyperfixation on Twiddlefinger max/Twiddlemax. He was my so-called f/o at that point and I loved him so much he was genuinely such a comfort character to me.

After a while, me and Godspeed were getting closer to each other. We vc'd often and Fan was always third wheeling us/silly. At some point Dark red got invited to the friend group server. She was originally inactive but became slightly active after some time. Me and Fan weren't really happy about her joining, because Godspeed didn't let us

know that she's going to join.

Then a bunch of nothing burgers were happening but one day me, Fan and Godspeed decided to play pony.town together. It was pretty late for me and Fan but we still played.

We made our little island and goofed around until Godspeed made up an [Attractive Voice](#) for me. (and this is going to be super important.) I was obviously attracted to it, because like, who wouldn't be?

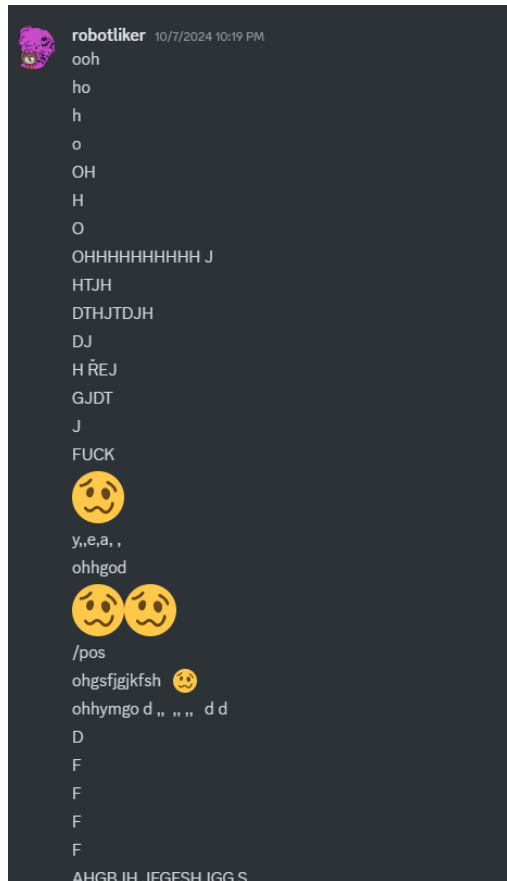

And he saw me reacting in a good/flustered way so he took advantage of that. The same day he made an account on discord called oldtwiddlemax where he could dm me lovey dovey stuff without people thinking it's weird.

This is fan typing here, sorry for intruding, but Godspeed did a lot of weird roleplays with himself in VCs pretending twiddlemax was living with him which isn't bad but extremely corny. He also said a lot of suggestive things to robotliker using '[the voice](#)', calling him a 'good boy' and saying things that robotliker asked him to say which were Masochistic in nature. (Not robotlikers fault.) Godspeed could've said no, but he kept on going anyway. He also slightly tried flirting with me in these VCs, but it was quickly shut down as he was focused on robotliker. Godspeed pretty much noticed that robotliker got attached to him and used [the voice](#) as an advantage. He also used the fact that robotliker had a f/o to his advantage as well, as Godspeed could roleplay as him.

Thank you Fan! Okay yea everything that Fan said is right. He used to do these things as Twiddlemax to get me more attached to him.. And.. of course it worked. I was looking for someone that i could get attached to, because the groomer circle genuinely fucked me up and changed my brain chemistry. I started looking forward Godspeed's attention and i wanted validation from him.

After a while, Godspeed started calling with me in dms and doing the

voice there. I did not talk in these voice chats. I was instead texting.
Here is a example:

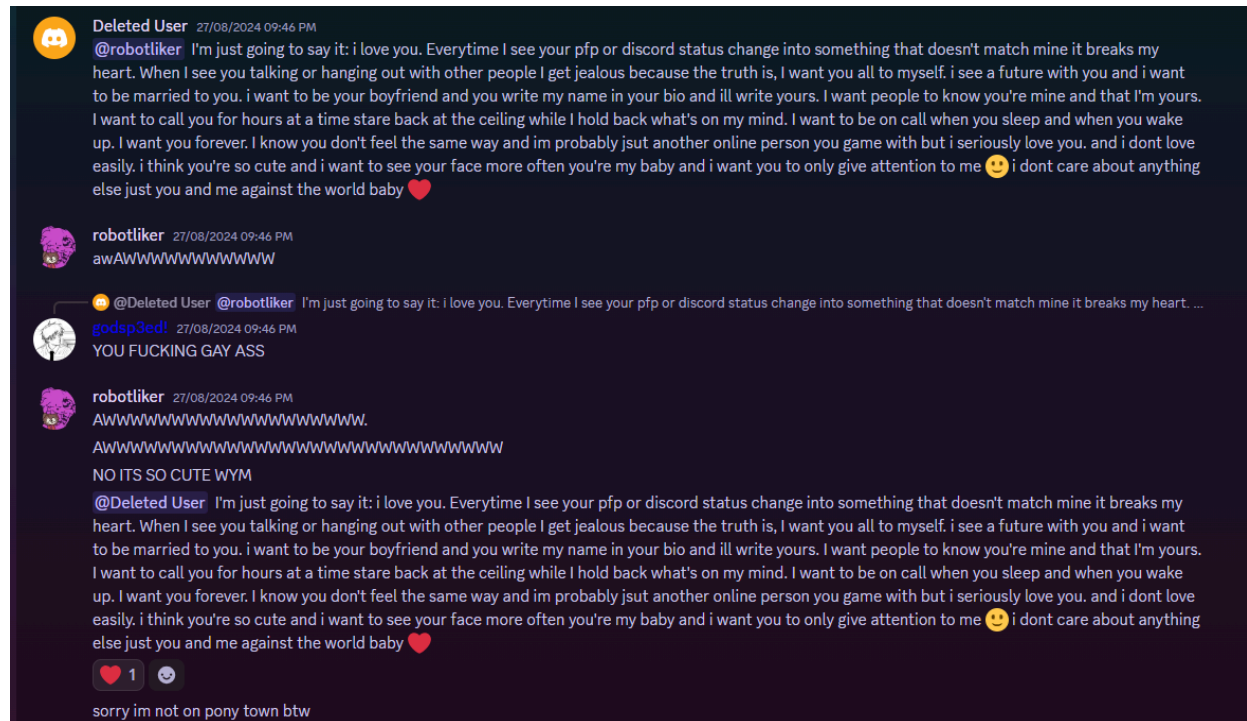

Context to this is that: I was in vc with Godspeed and he was doing the voice

The vc was in dms. This was robotliker using Godspeed and his dms as a way to talk because he was muted on vc.

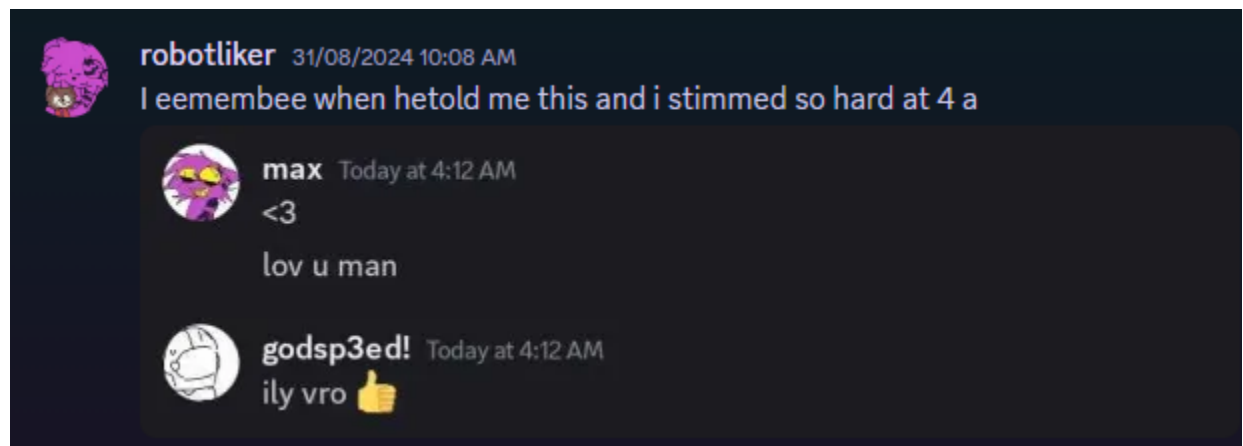

After that we started being all lovey dovey in the oldtwiddlemax account. He was too scared to dm me on his main lol. Sadly, the oldtwiddlemax account has been deleted by Godspeed. This is one of the proofs we have of this account flirting with me:

YES WE ARE AWARE THIS IS A COPYPASTA BUT IT ALSO SHOWS THAT THE ACCOUNT GOT DELETED

After a while, Godspeed started being lovey dovey with me on main too. Sadly, the first ever messages of him being lovey dovey with me are deleted, but there is a lot of them archived. He deleted majority of them. We will add more screenshots at the end of the doc.

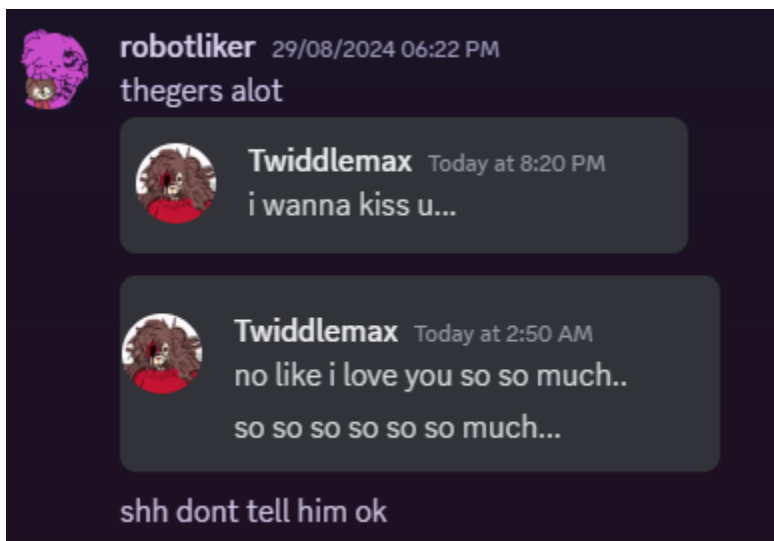

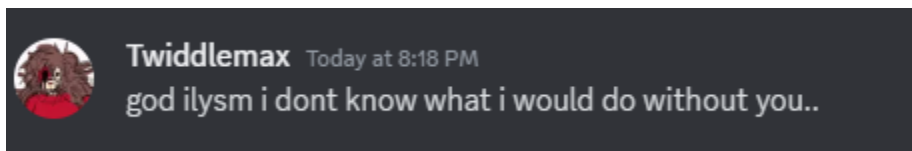

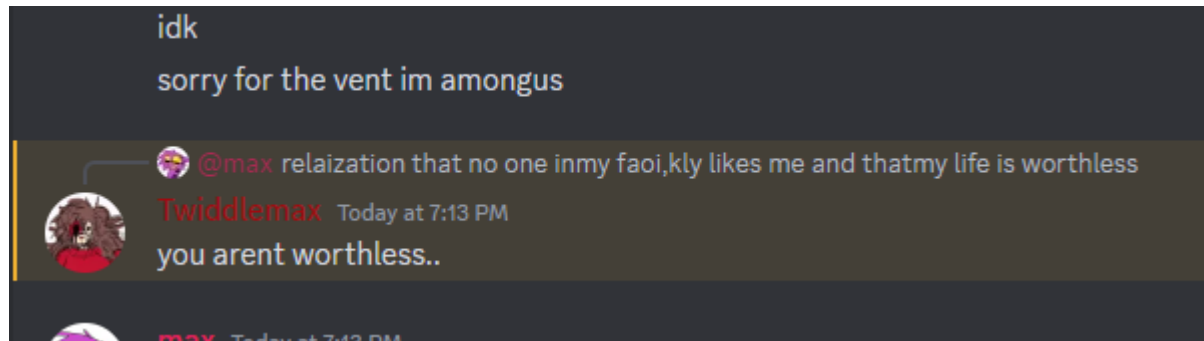

Also i just want to add that before even being super Lovey Dovey with him(on main) i still was super attached to him cuz of the oldtwiddlemax acc

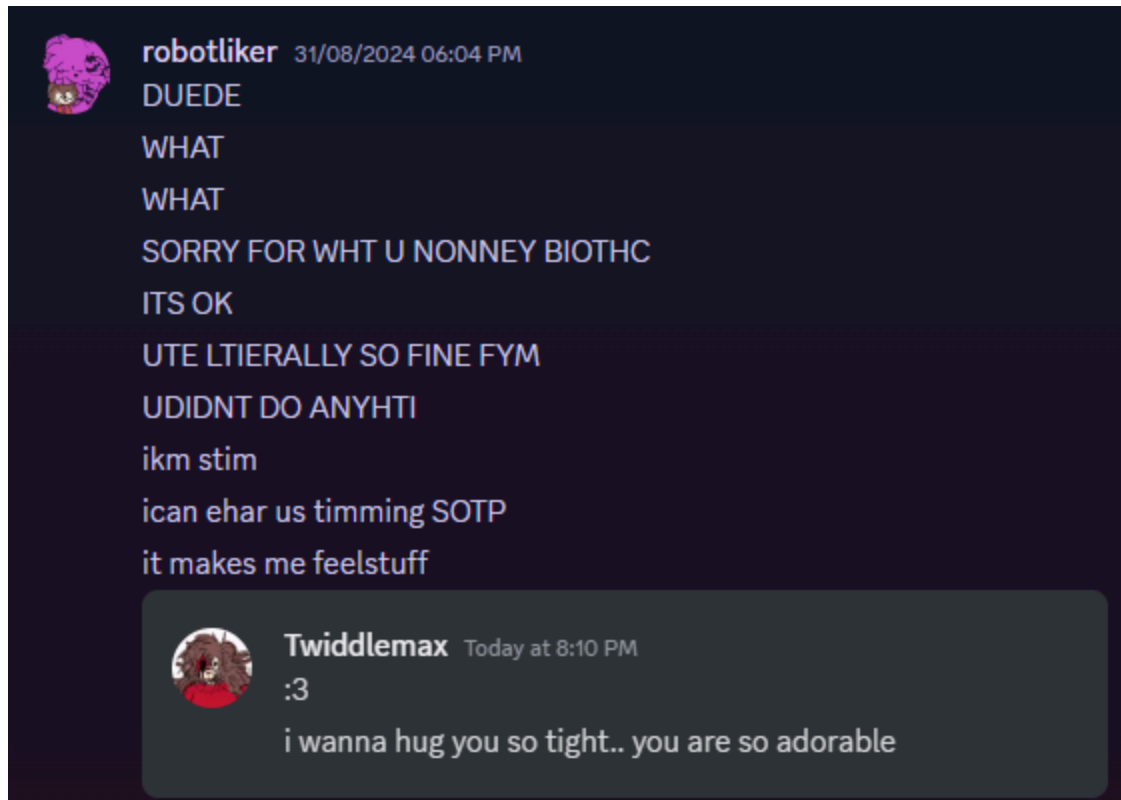

Godspeed deleted many of these messages with robotliker, reasoning why will be shown later.

The screenshot above is just robotliker proving they're attached to godspeed.

Also Fan found this screenshots from back when oldtwiddlemax acc was still active

After maybe a week or more of flirting between me and Godspeed on his main acc, he started being Lovey Dovey with Dark red. Which made me spiral into my first breakdown about Godspeed. This made me make vents about Godspeed! I will get back to that later. After a while, I confronted Godspeed about him being weird with Dark red.

Deleted message here is probably something like “I love you” (Because he deleted all the “I love you” messages lol)
After that it went back to normal? Kind of? I still held a tiny grudge against him but I felt better knowing that he doesn’t hate me.

Just a small note from fan, some of these events may be out of order as me and robotliker remembered different things and forgot different things. Either way, all of these events happened at one point or another.

Also also! My brain tends to forget some traumatic experiences (and this definitely was one of them) but hopefully me and Fan list everything that Godspeed has done!

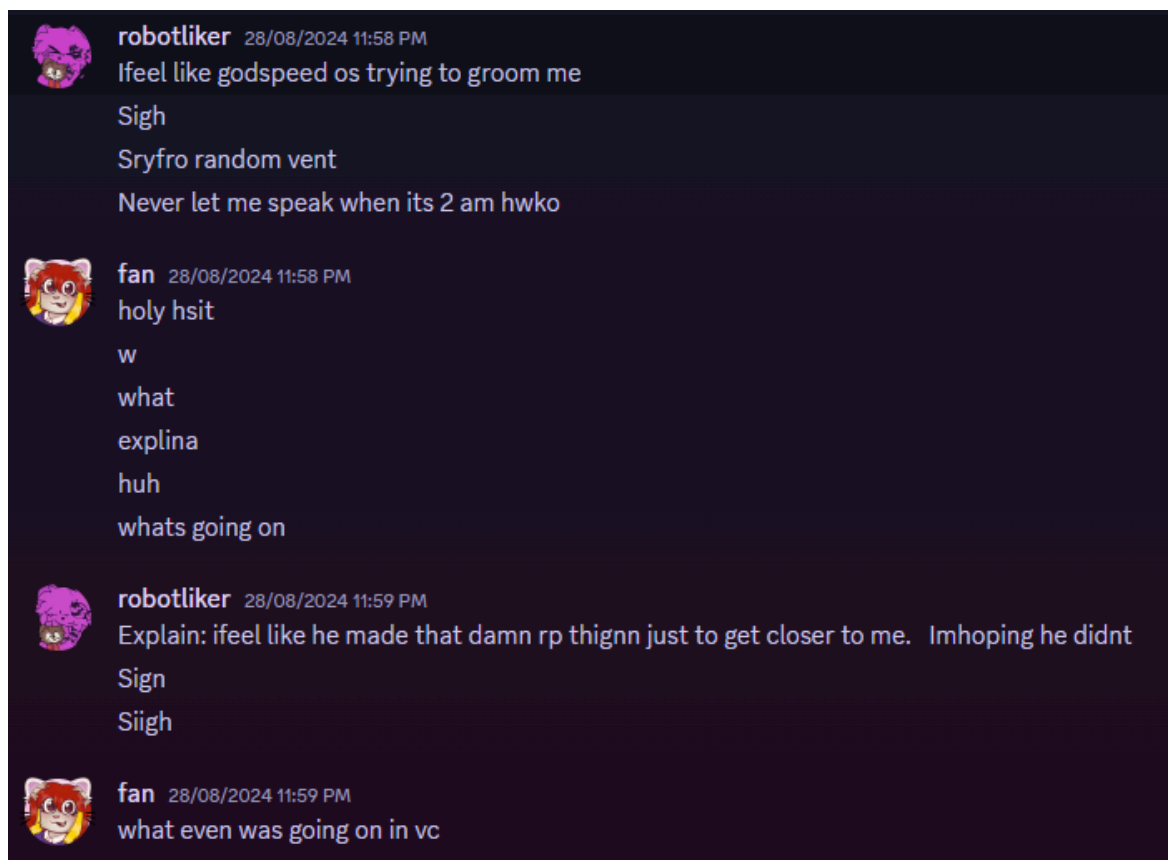

Now, after all of this, there were new members in the friend group server. These were:

Dark red (Although they were quite inactive, they popped in sometimes. Most of the stuff that happened between them and Godspeed happened in dms. Godspeed also vaguely mentioned them in VCs or in messages, saying stuff like ‘I’m going to stream Minecraft

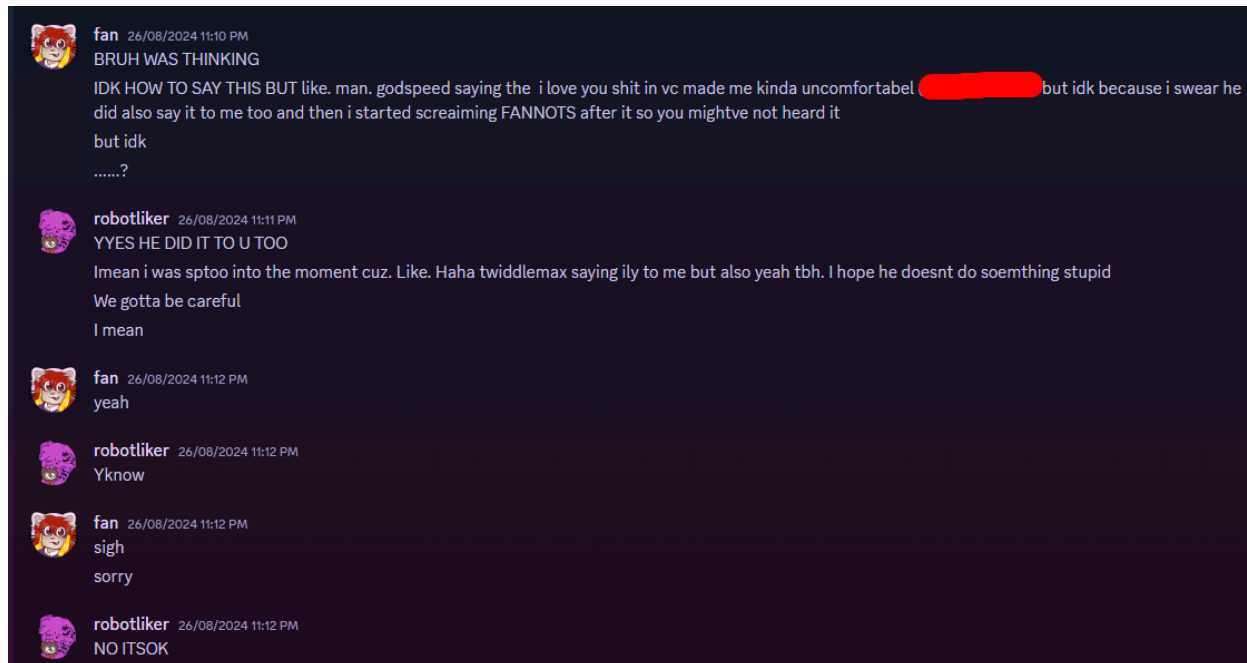

story mode for Dark red' and matching profile pictures with them at some point.)

Pink (Pink was in the original friend group chat, but didn't transfer until later. Pink was Robotliker's online sibling and they both had a close bond with each other. Robotliker confided in them with his personal problems. This will be relevant.)

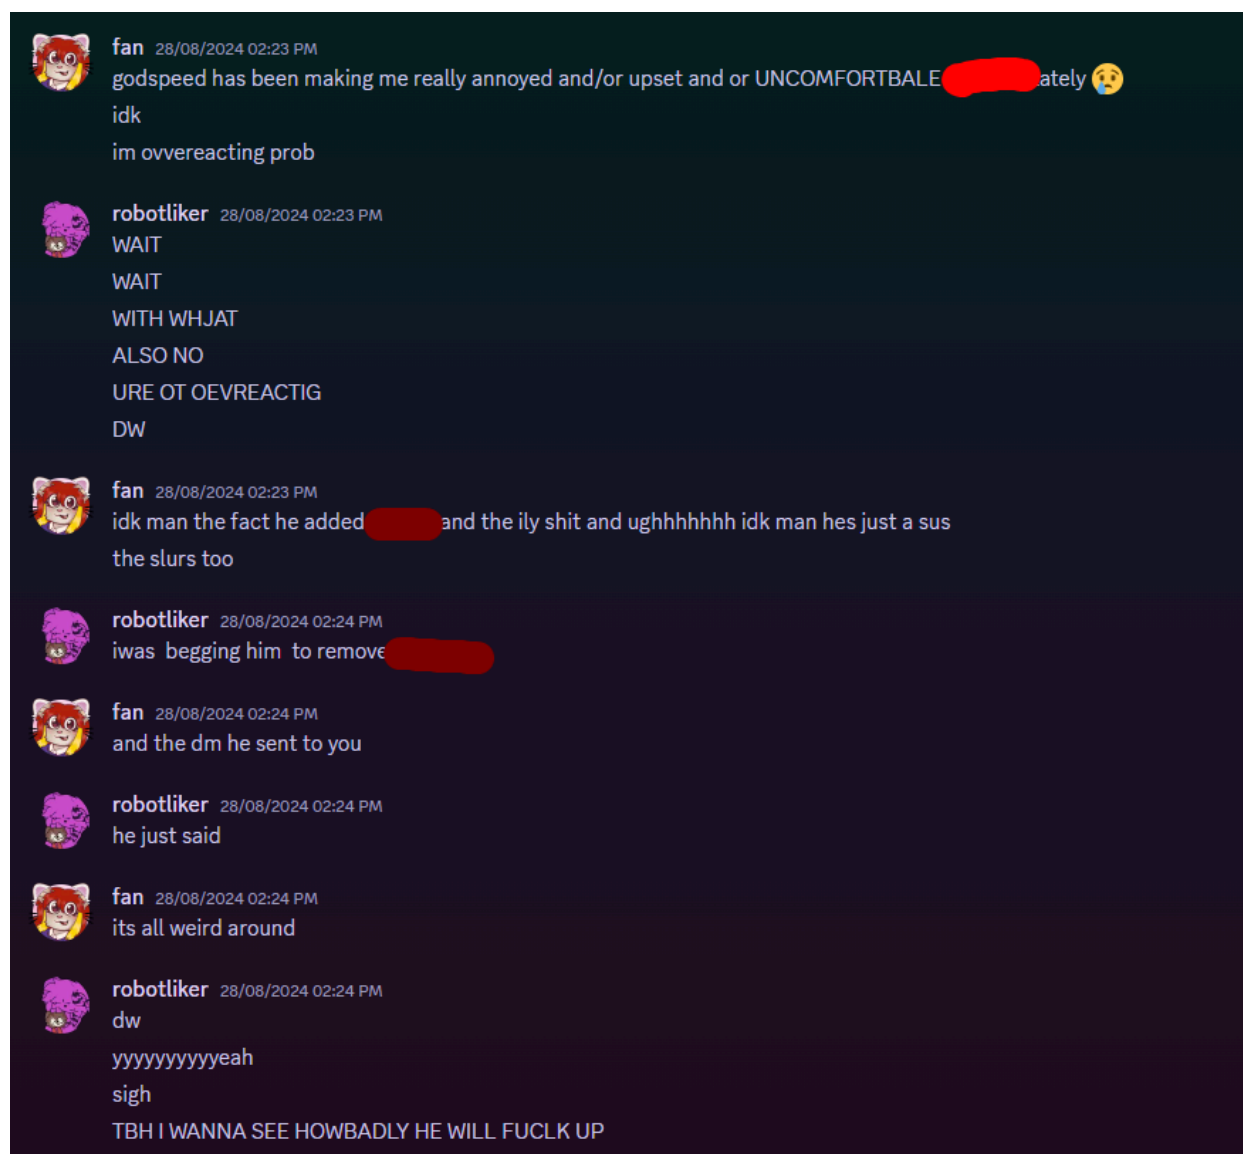

At some point I realized that what Godspeed is doing to me might be grooming so I hinted at it in Fan's dms. Later on I straight up told her that it's grooming. I told Pink the same

This is the earliest (?) mention of Godspeed possibly grooming robotliker to me. This was taken on the 28th of August.

Me stating how Godspeed, at that time, was making me uncomfortable with the affection he was showing to robotliker and tried showing to me.

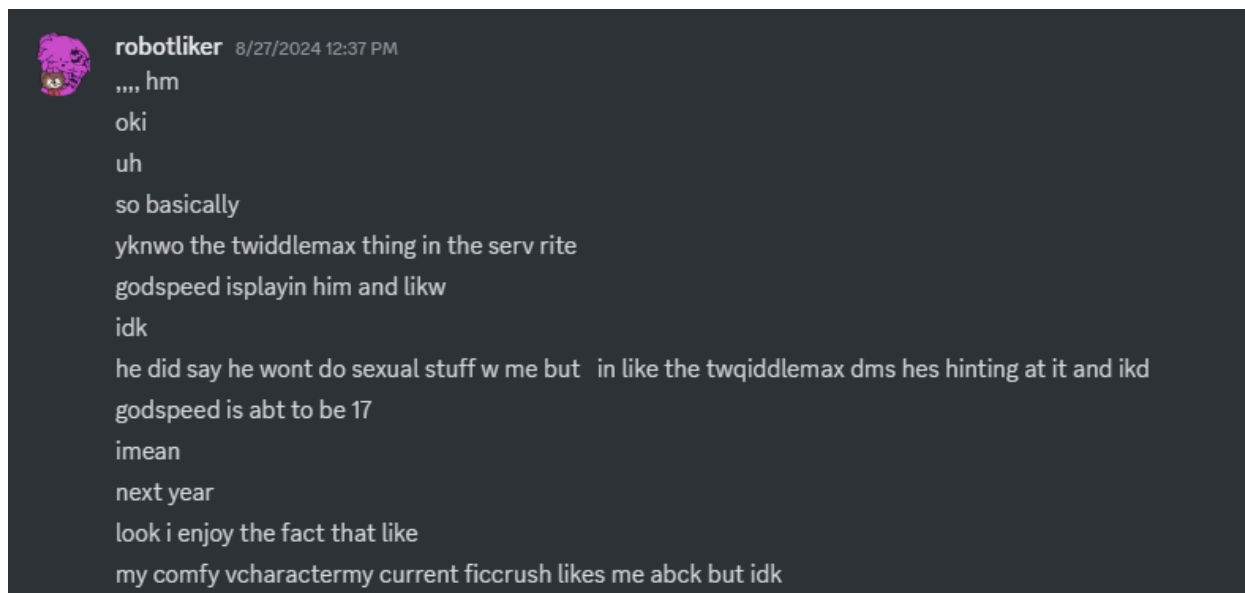

The bright red is unrelated. Me and robotliker upset about Dark red and how godspeed was being uncomfortable and making me upset with other issues we'll get into later.

The slurs we'll also get into later.

This was the first mention of Godspeed possibly grooming me in Pink's Dms.

Explaining to Pink why I think it's grooming.

'Godspeed is abt to be 17' - This is the issue about lying about your age. You make yourself look worse than you already are.

After a while of nothing burgers once again (we still were super lovey

dovey in dms) I explained to Pink fully that he is grooming me and i need help

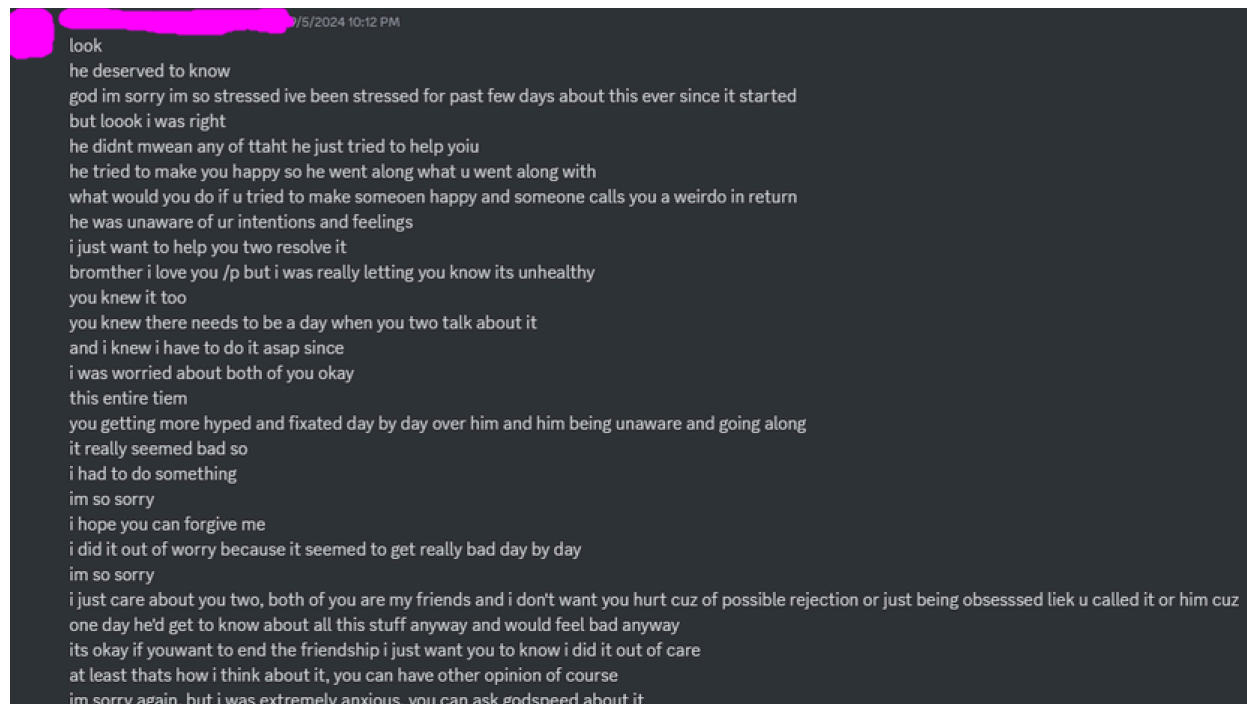

After the day that I told Pink about the grooming, Godspeed went in my dms and yelled at me for telling Pink. (the conversation is gone cause he deleted most of the messages :sob:)

Screenshot of godspeed guilt-tripping robotliker after Pink told godspeed that Robotliker confided in them about Godspeed potentially grooming Robotliker.

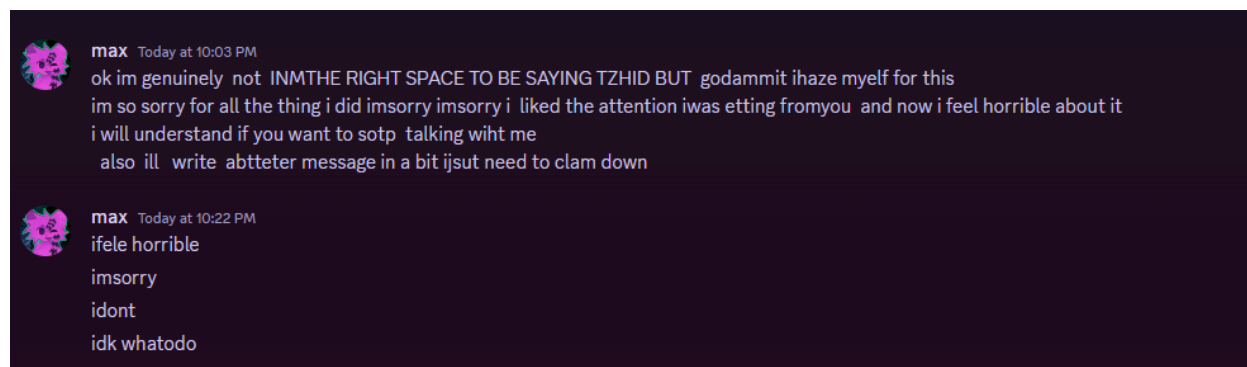

After i found out that Pink told Godspeed i cried in Pink's dms over it

cause i thought id be safe around Pink D:

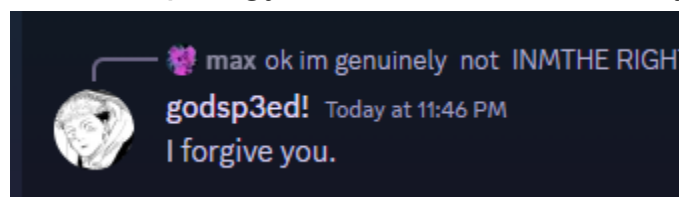

Pink's response

After this Godspeed was mad at me for like a day and then it went back to normal.

A short apology from robotliker the day Pink told godspeed everything.

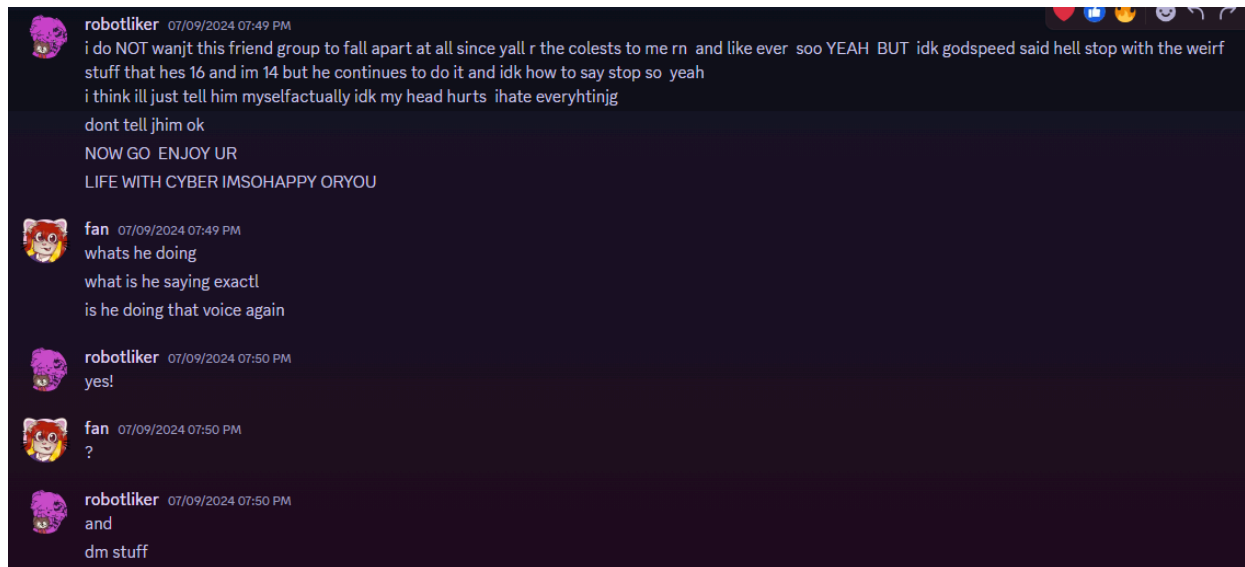

Godspeed forgiving robotliker.

Here i was clearly manipulated into saying these btw. At the time i was

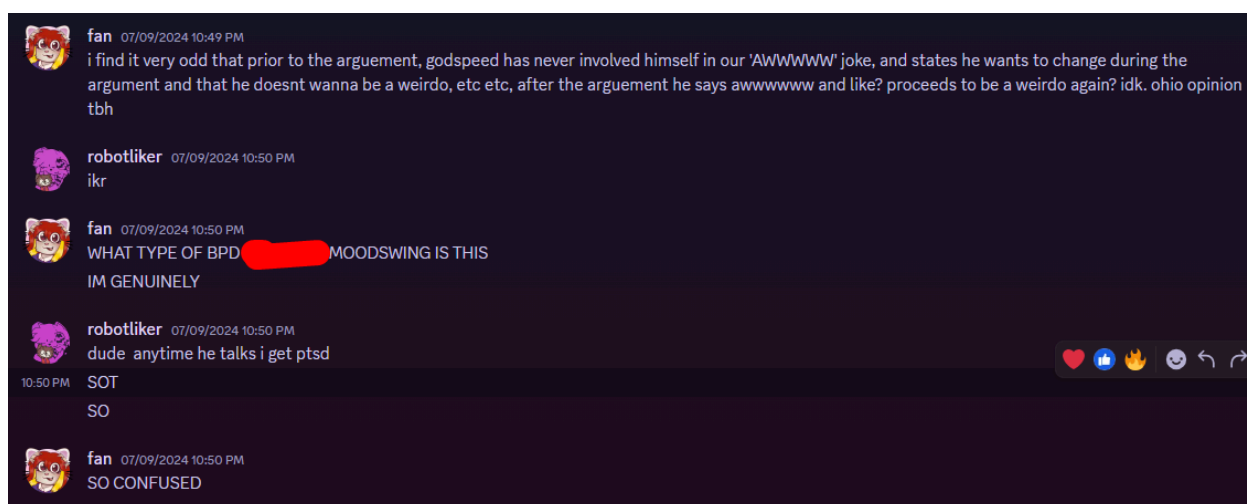

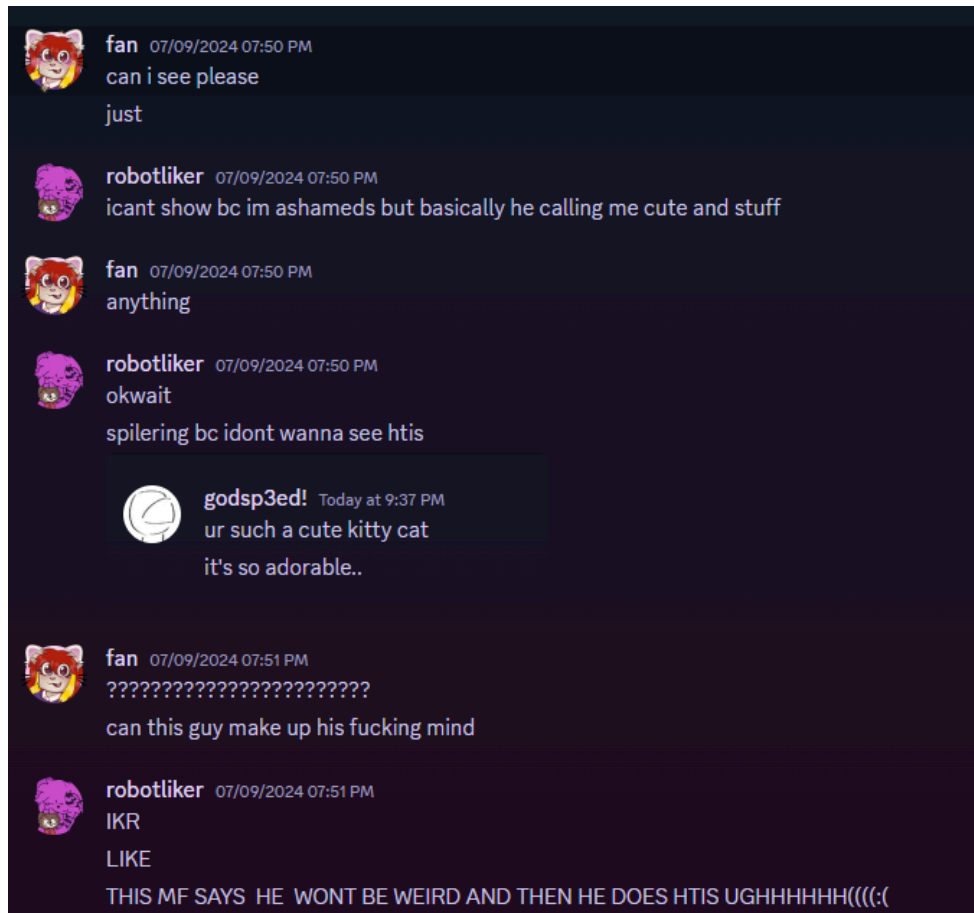

genuinely scared of what he will do to me. I used to have delusions about him coming in my house and killing me (no one knows this so you guys will be the first to know, felt like saying this cuz it genuinely got so bad, can u tell im schizo-spec?)

All of the screenshots happened on the 5th of September, shortly after, this happened.

The screenshots below are 2 days after, September 7th.

Godspeed resumed his behavior towards robotliker knowing fully-well robotliker is aware of what he's doing and that he could potentially get exposed as robotliker knew it was grooming.

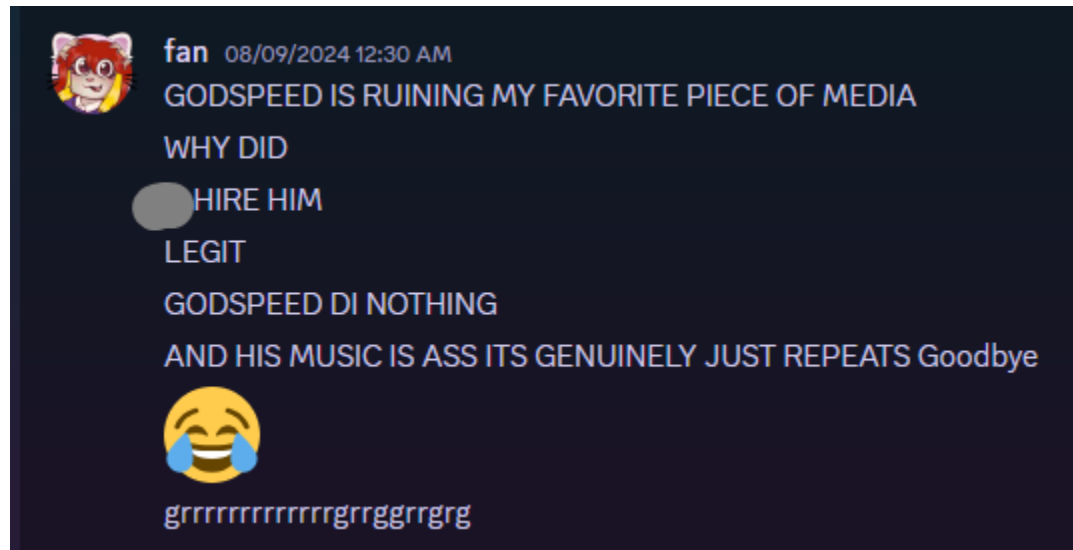

Red is unrelated.

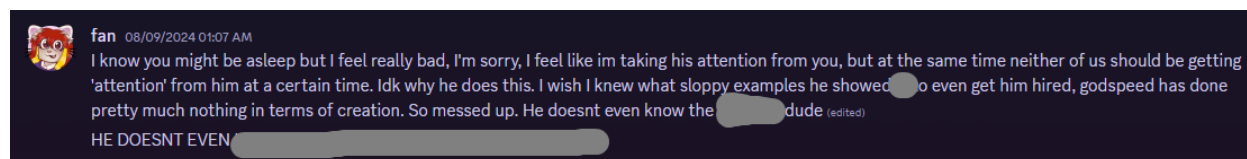

Now another subplot unfolds. Godspeed by chance manages to be able to work on the character I really enjoy. As a result, this makes me

more attached to godspeed. But at the same time, I hate him due to how he treated us.

Grey is the creators name, he is not the same grey that joined the server.

Me apologizing to robotliker during a 1am breakdown I was having as I felt like I was taking 'godspeeds attention' away from him

After this, Godspeed started working on Fan's favorite thing. Which meant that Fan got more attached to Godspeed. (remember this) He essentially sent leaks of my favorite thing on the friend-group server, I would always freak out about them of course, and he knew that. He went to great lengths as well, telling the creator of 'My favorite thing' to make a ship between me and a character canon as they all felt pity for me because I was traumatized, as this was in VC, I do not have any records of it. Essentially, I had a positive-negative friendship with godspeed. I found him annoying, stupid and a groomer but I used him for the fact that he was sometimes fun to spend time with (when robotliker was around with us) and that he gave me, well, early sneak-peaks of my favorite thing.

I got less attached to Godspeed because.. I got a new FP (favorite person) aka Yellow

After i got my new FP I talked to Godspeed less (that is also caused by the fact that I was fully aware that Godspeed is a groomer and he hurt me.) Godspeed noticed me talking about my new FP in my channel in the friendgroup server(he deleted the channel, keep this in mind for later) So he started being mean to me! That ruined me totally even tho i really didn't care about him anymore.

Again screenshots will be shown at the end of the doc.

After a while. Godspeed started being weird around Fan. I took notice of this quickly.

This was the only instance of Godspeed being weird to me before late October/Early November. After this, he just relentlessly used me as an outlet for his problems.

Context: There was an alternative version of the 'favorite thing' for me to fangirl over.

Say hi with Max #606 #222 by typing:

| 222:Hello!

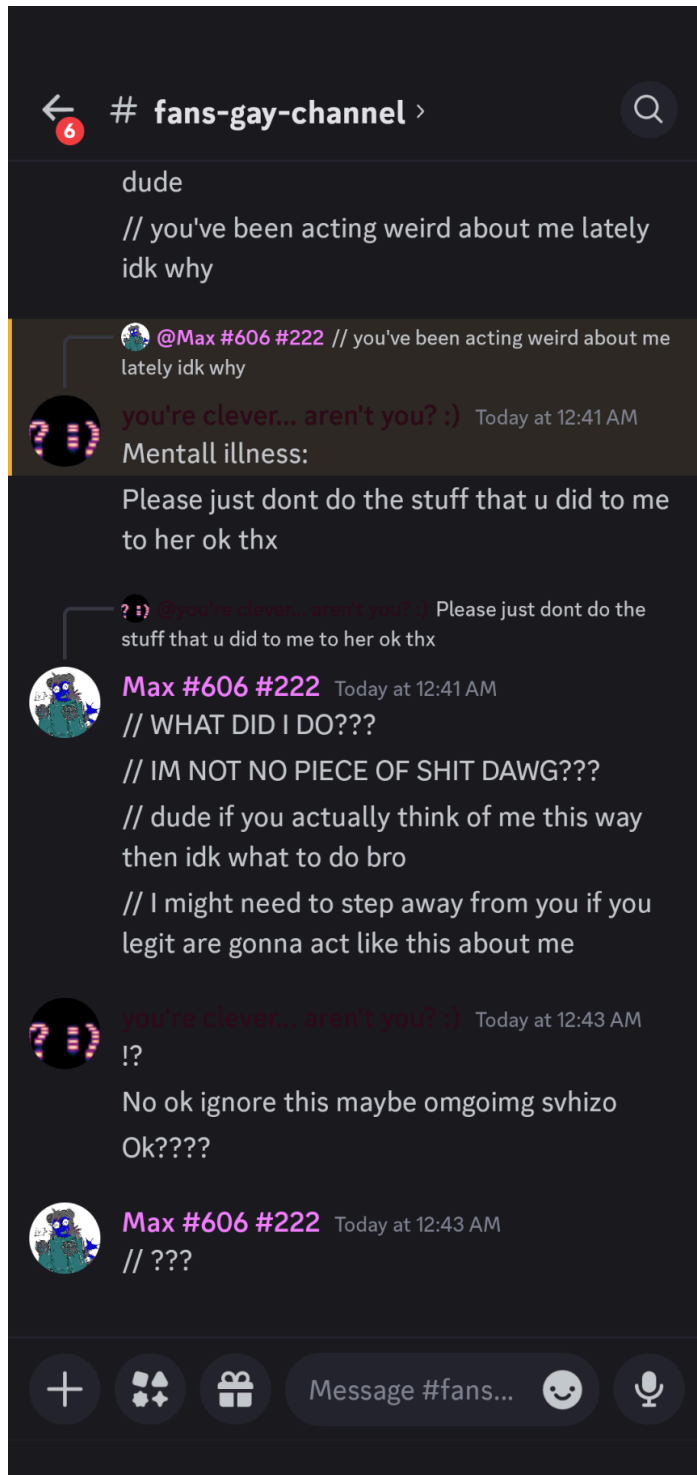

Yes, I can admit that my replies may have been weird, but the issue is I was in an unstable place the whole year. Something extremely

traumatizing happened last October and Early January this year and then I proceeded to get cyber stalked and doxxed throughout times this year. I was also getting internet famous at the time, which was a good feeling but it was a lot to take in as I was under stress all the time. I also yearned for attention, romantic/sexual as I've been starved of it the entire year and I wanted something good to happen to me. After this short exchange happened I wanted more of it, which was kind of stupid anyway because when I got it It made me feel sick.

Aroace lithromantic core?

I was also under stress because of the fact robotliker was getting groomed/harassed by godspeed during the time. Again, I was not in the right mental state and these replies do come off as gross, which they are, but please understand where I'm coming from as he ends up treating me worse later.

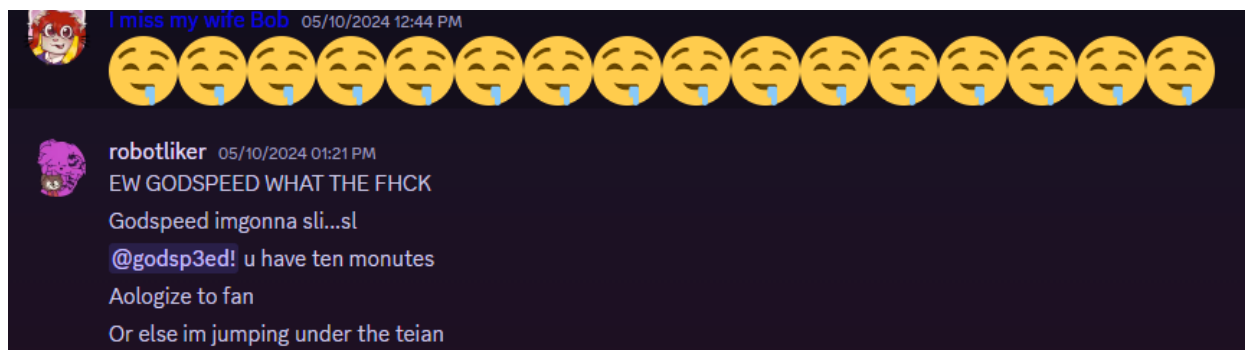

He also did the same things to me as he did to robotliker with the twiddlemax stuff.

Robotliker realizing that Godspeed may potentially groom me in the future. Although he already thought this prior as he was groomed and dark red was groomed.

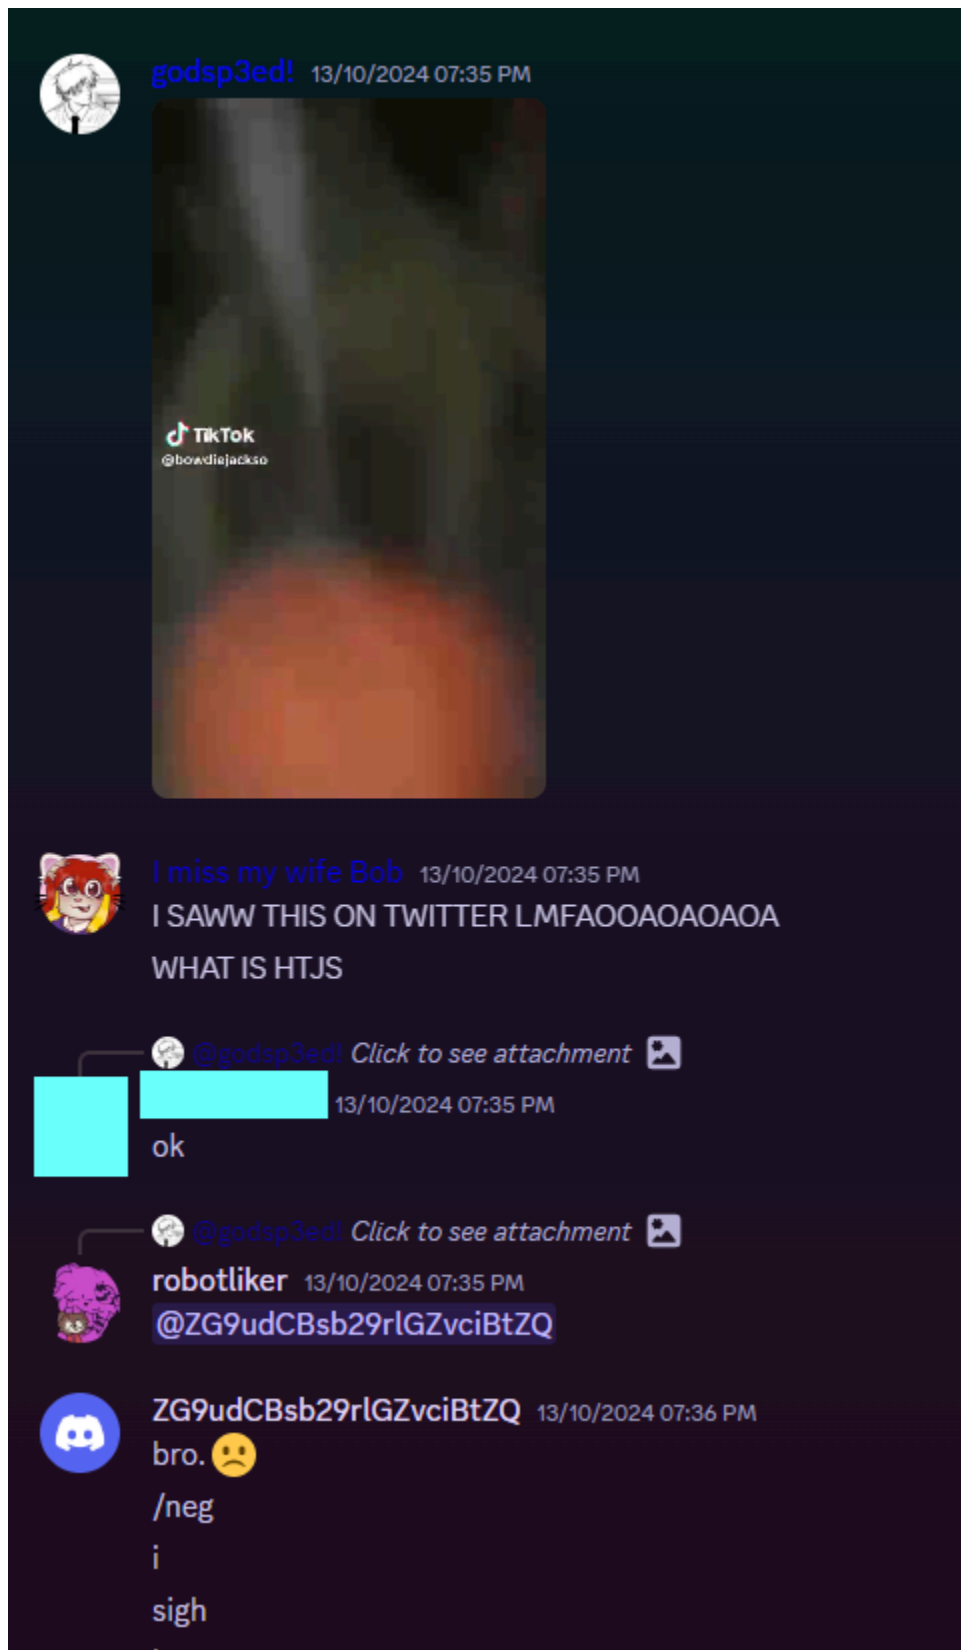

Robotliker acknowledging that Godspeed might groom me in the future, screenshot from August 31st.

After a while again Godspeed got mad at me for saying that he is a groomer once again but this time he kicked me out of the friendgroup and blocked me. He was planning to do this for a while and it got me creeped out like super creeped out, because people in the friendgroup were my only friends that i talk to normally. So, I made a plan about making a new friendgroup with the people I trust the most .

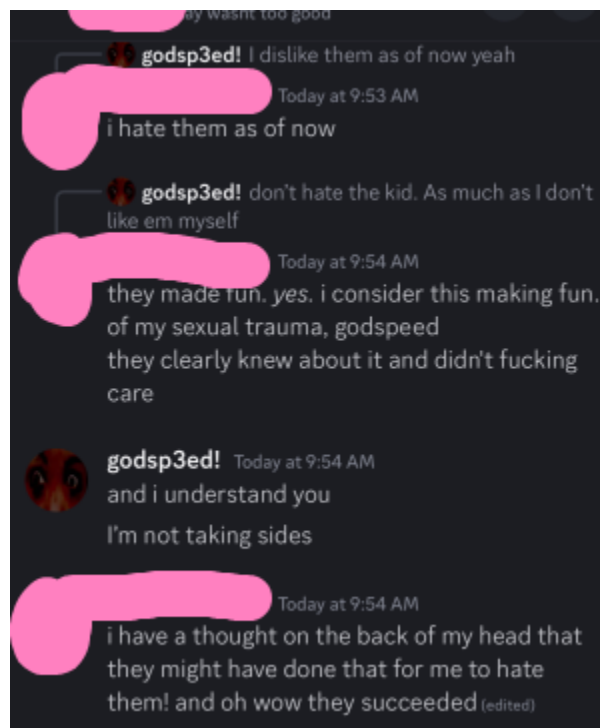

Also before Godspeed kicked me out of the friendgroup i pinged Pink in a video that has Super Mario Logan characters peeing? And i didnt realize that Pink would be uncomfortable with it i just knew that Pink

liked SML so i pinged him in it.

Cyan is light blue in this case, ZG9UD.. Is Pink.

This will be important for later as Pink eventually gets tied up with Godspeeds shenanigans, both of them actively 'stalking' robotlikers social media despite robotliker moving on from them. Pink and Godspeed both made fun of robotlikers venting when they were in a dark place and also made fun of hypersexual art that robotliker made for past groomers although it was known that robotliker made the art for that purpose. Essentially, Godspeed and Pink both mocked and judged robotliker for being in an unstable place and posting art on sites such as toyhouse in a way that could seem like a cry for help. Screenshots will be at the end of the doc. Pink cut off robotliker after the 'SML video' incident even though robotliker didn't mean any harm, despite robotliker apologizing countless times, even stating that they don't hate Pink, Pink still viewed them as a horrible person who disrespected their boundaries on PURPOSE, which was not the case. Godspeed and Pink made robotliker look horrible over a mistake they made. Even then, if this is still an issue - robotliker can apologize for this.

Pink straight up lying that robotliker pinging them in that video was to make fun of his sexual trauma... ?

Adding to this; Pink, if you need an apology from me (again) please let me know. I never wanted to hurt you ever, you literally meant the world to me. Seeing these screenshots hurt me so much cuz you're acting like it was my intention to hurt you, which isn't true at all. Hopefully we can be on good terms again soon. I miss you D: .

This was an image I made to show my friends what was going on. This also had the plan on it.

Anyways, pretty much, as mentioned before, from September to November godspeed vented to me endlessly about how annoying Robotliker was, how his mental breakdowns were weird, how he was faking his abuse (this was likely in VC, but I remember that godspeed said robotliker is faking it cause robotliker has unlimited screen time ...? That's not how it works LMFAO) and that robotliker took advantage of godspeed?!?! He also shamed robotliker for being into

weird things like masochism, which yes - is weird, but the issue is robotliker is a mentally ill 14 year old who had no time to heal between the time he left the grooming circle, became friends with me to when the grooming started again.

This was a horrible time in my life but that's not important right now. What is important is the fact that GODSPEED DID ALL THE LOVEY DOVEY STUFF WITH FAN? HE DID THE SAME THING THAT HE DID TO ME TO FAN

As said above, yep.

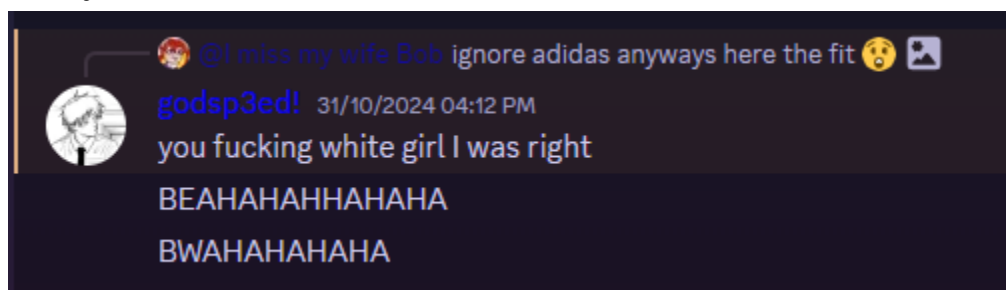

He started getting closer to me during late october. This was amidst the venting he did. He messaged me in dms and we called more often. He also used the hyperfixation as an advantage to get my attention.

But you might ask, why did he start getting closer to you!?

It was because I sent a picture of my body. I'm 99% sure it was. Even if it wasn't, he would get closer to me anyway as he worked on my hyperfixation.

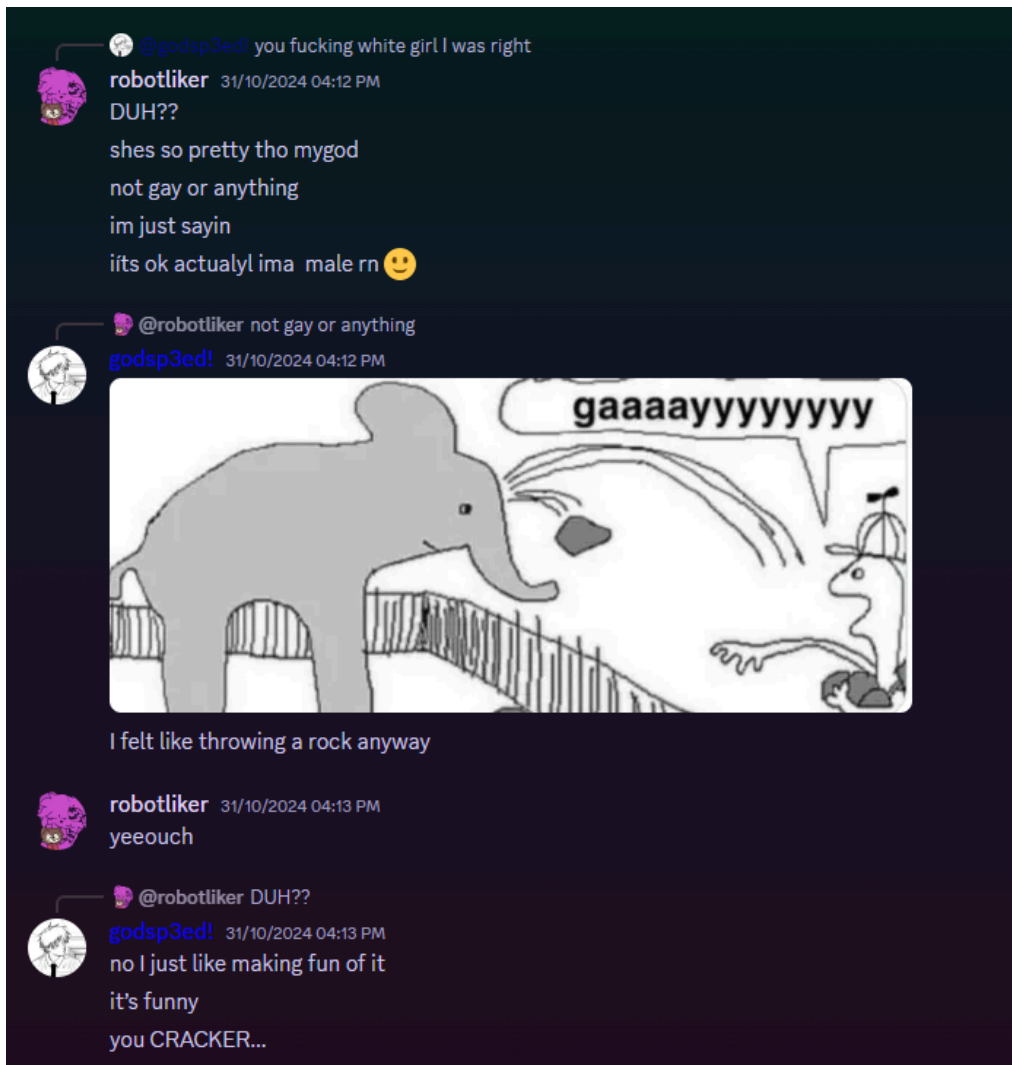

I can confirm this. He did act a little bit off around Fan after she sent a pic of her halloween Max cosplay.

I can't attach the picture as I am uncomfortable showing myself off to everyone, but I can send some censored context.

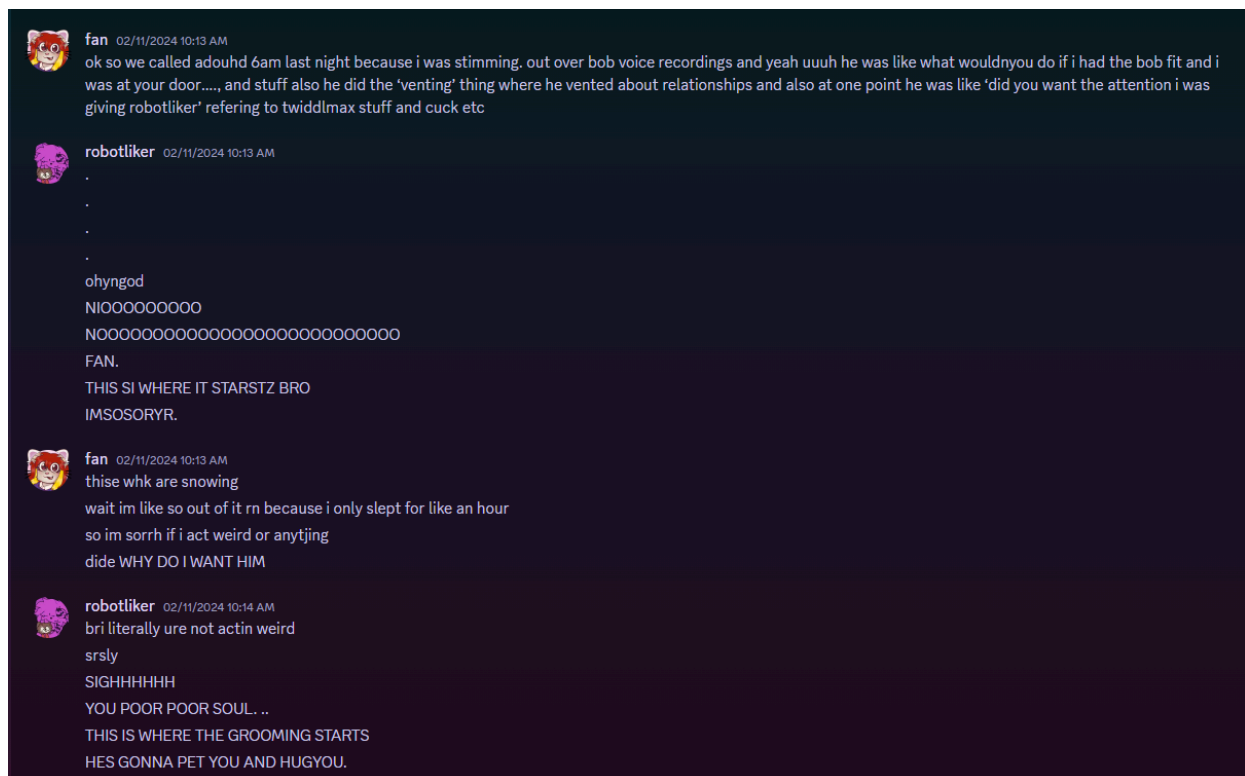

For context - I spoiled my face with skibidi minion 🤔

These screenshots are relevant because **it just shows I sent a picture of myself** and not some other random one. **The replies aren't an issue whatsoever.**

Anyways, I remember we called on Halloween or really early November and it was late (?) for him. Early morning for me. He started ranting about how he wants love and stuff but he can't find the right person (?) or something like that. He gave the same rants to robotliker. He's basically giving the victim (me in this case, robotliker in the past) an invitation to start being romantic with him. He gave the rants to robotliker when he started messaging him on his main account.

Anyways, after that night, he began doing the same thing word for word to me as he did to robotliker.

DUDE I LOWKEY CANT TAKE IT ANYMORE # help #im famous why do i have to be mentally ill (edited)

WHATTHE HELL

CAN I VENT BTW

I gen feel sobad man

I HAD THE WORST PANIC ATTACK THIS MORNING N

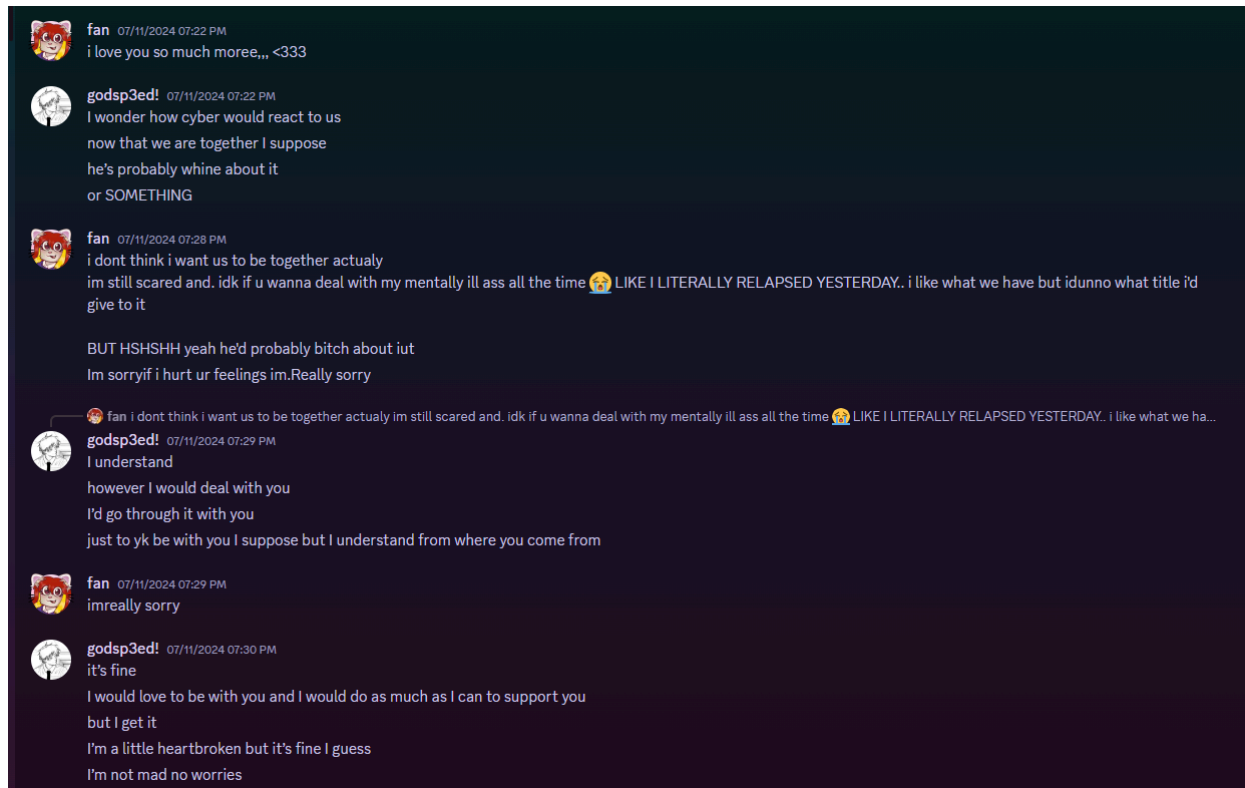

WHAT HAPPENED.

WHY DID HE START THIS BRO

Anyways, 1 week in he wants to pursue a romantic relationship with me. Keep in mind, HE IS 16 NOW!!! IM 14!!! WHAT THE FUCK!!!
I say no and you know what happens? Guilt Tripping.

When this screenshot was happening, me and Fan were on vc. I was trying to get her to say no, but since she was so attached to Godspeed she didn't listen BUT STILL REJECTED HIM WHICH IM PROUD OF HER BRO #progress #proud

fan 07/11/2024 07:33 PM

@godsp3ed! why does this feel like I got shot just now

fan 07/11/2024 07:40 PM

I'm sorry

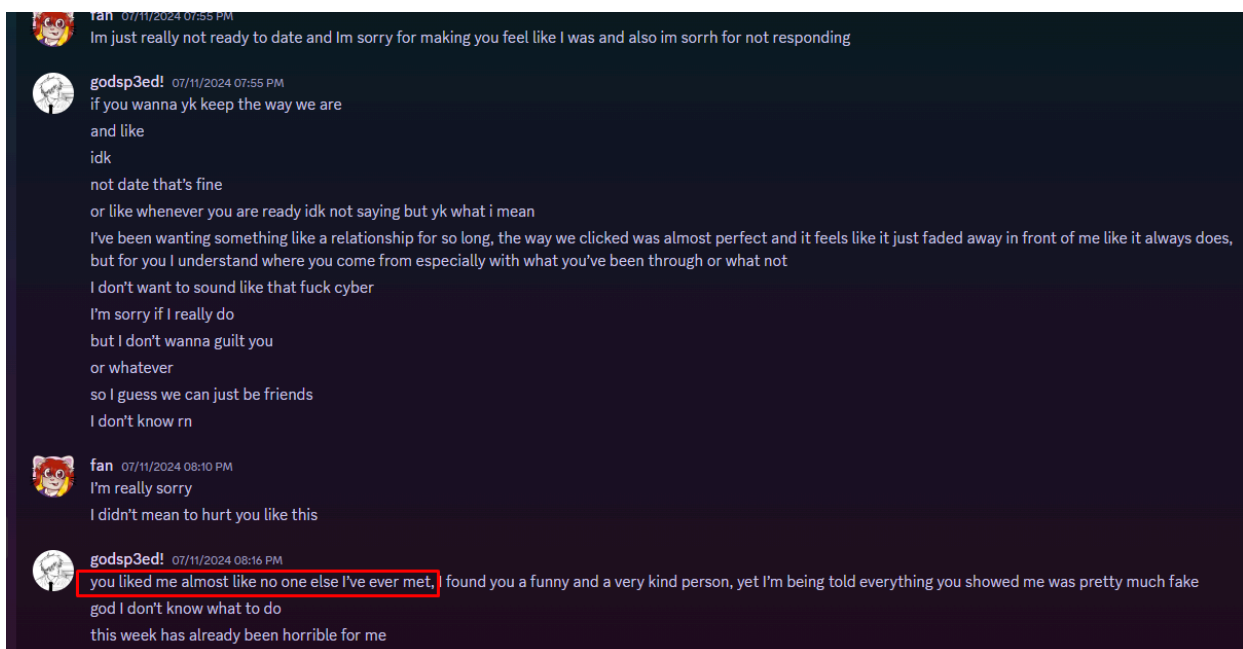

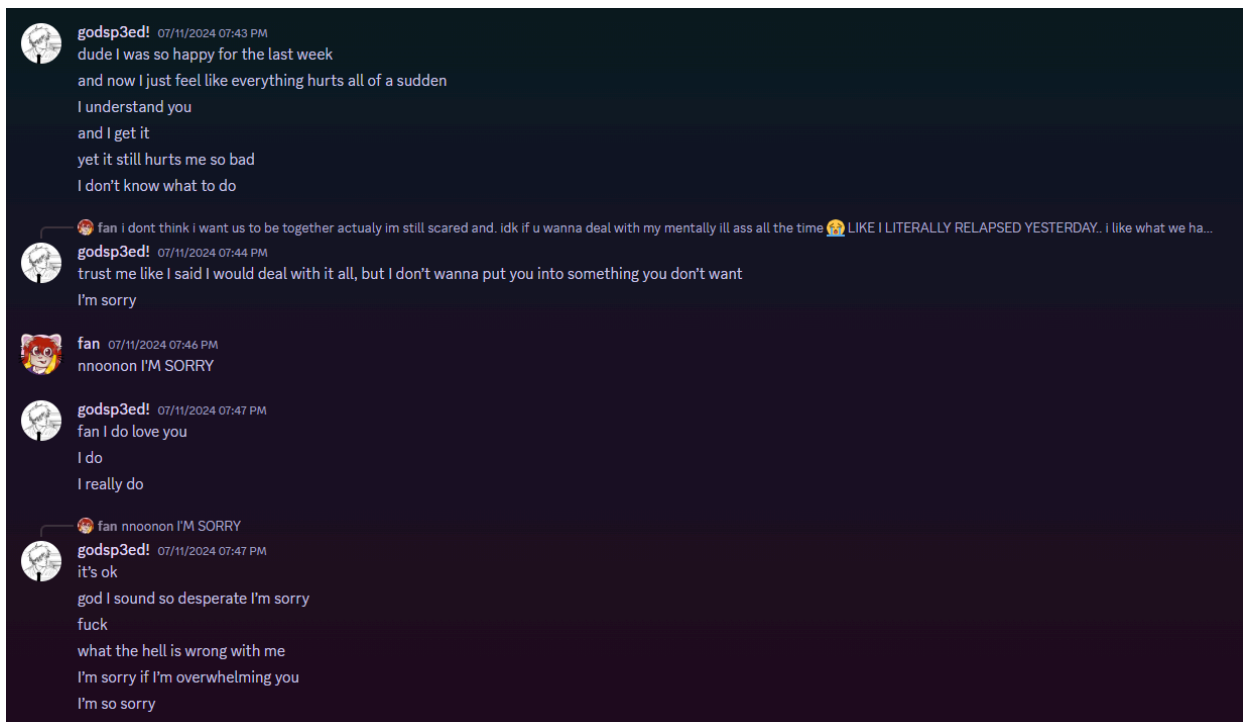

godsp3ed! 07/11/2024 07:43 PM

dude I was so happy for the last week

and now I just feel like everything hurts all of a sudden

I understand you

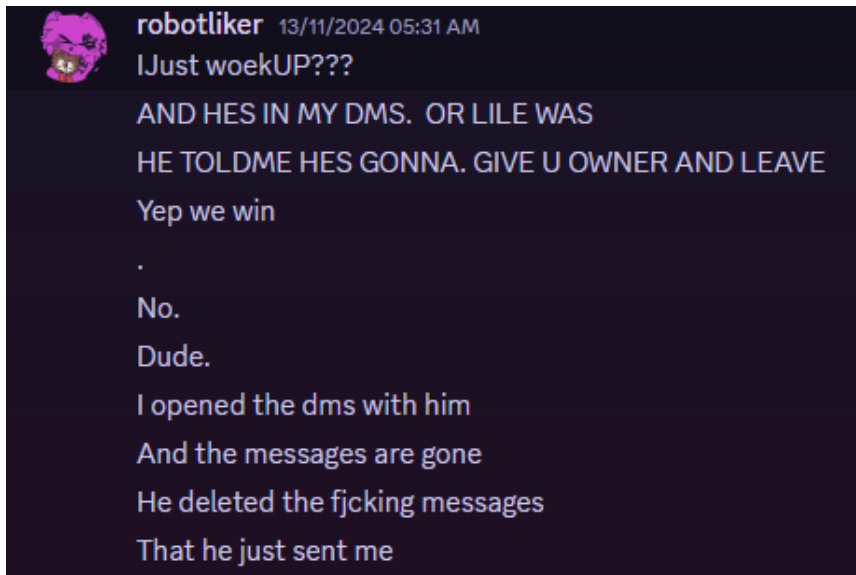

and I get it

Should I highlight that the red is quite literally just a lie to possibly guilt-trip me into saying yes? In Fact this entire spiel sounds like a message just to get me who is clearly vulnerable - into a relationship. Godspeed had this same relationship with robotliker (romantic towards them but never actually dating) so making stuff up like this is actually insane? He also had the same (presumably) with dark red.

Anyways, after this incident, it got a bit awkward between us. He was still a bit romantic from what I remember but now his main goal switched to manipulating me using my favorite thing to cut off robotliker. Some major incidents happened during the time of the confession (7th of November) to me fully 'cutting off' robotliker. (14th of December)

November 12th - Godspeed decides he might give ownership to me. This causes him to delete some channels.

fan 13/11/2024 08:01 AM
i dont think those channels has much proof inthem

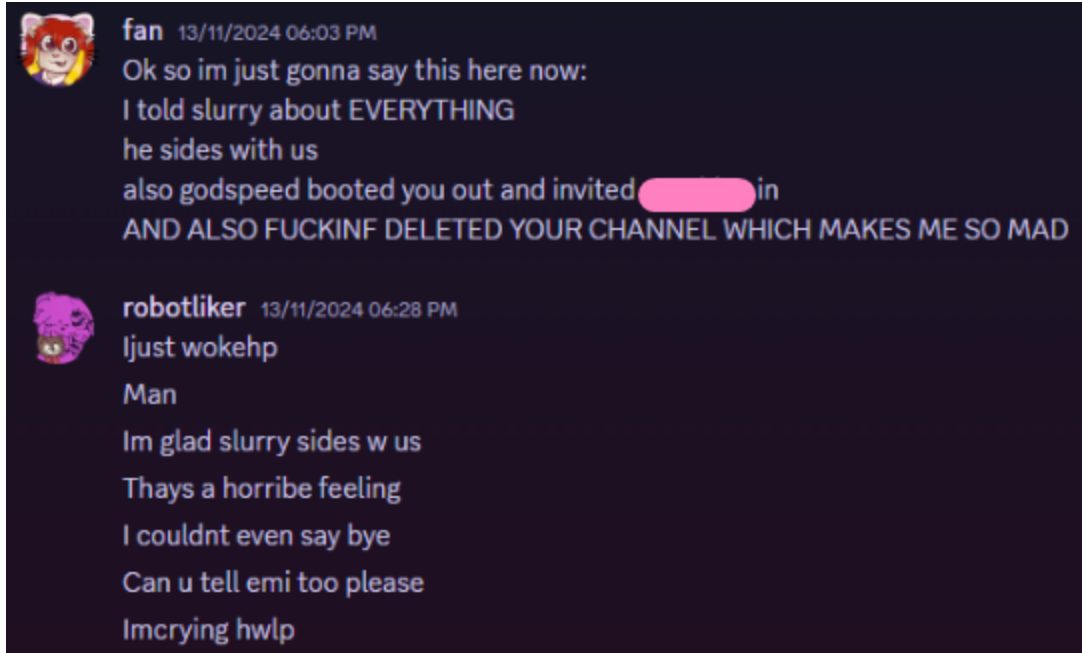

robotliker 13/11/2024 08:01 AM

None of these channels had any relevancy besides the f-slur counting one. This will be elaborated on more later. The leaks thing was to send leaks for content he was making, and the no leaks channel and some short rants/vents which were unfortunately not archived.

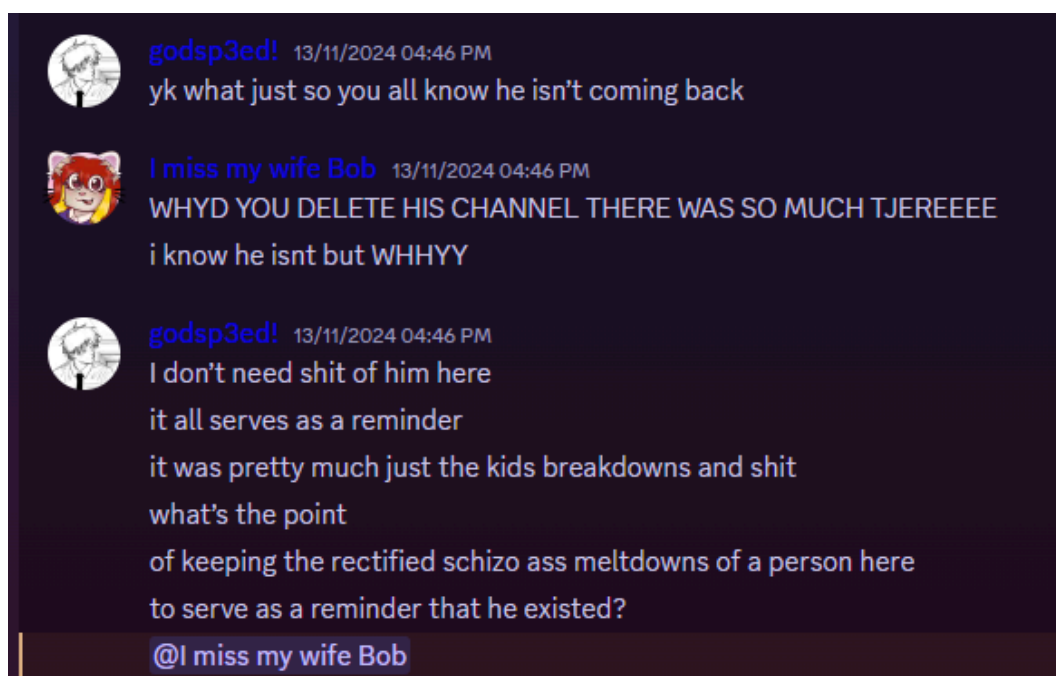

November 13th - Robotliker got kicked out of the original friend group server. Godspeed basically changed his mind about giving ownership to me.

Pink is, well, Pink. Pink ended up leaving after cutting off robotliker at some point, but godspeed and Pink didn't cut him off at the same time. For clarification, I did end up telling emi. He did side with us.

Anyways, that day he did end up deleting a few channels, most notably robotlikers channel. It had a lot of material such as conversations in it and potential proof, but the majority of it was not archived.

Why did he delete it you ask? Well...

'Sch1z0' is a slur for your information, again, we will get into the slurs in a later part of this document. This is a 16 year old who is making fun of a 14 year old experiencing mental breakdowns! And, again, robotliker's channel wasn't just his mental breakdowns. Godspeed is clearly making a shabby excuse just to get rid of stuff we could potentially use against him.

I don't think much else happened that day.

November 14th - I decided to make a new friend group server featuring the following individuals:

Fan (me)

Robotliker

Emi (Emi was in the original friend group server, but joined very late, on the 28th of September. Emi was also made aware of everything on the same day robotliker was kicked, as he wouldn't be able to witness the shenanigans anyway due to joining so late.)

Slurry (Slurry was in the original friend group server since the start, but was completely unaware of everything going on behind the scenes. He was only made aware on the day robotliker got kicked.)

Yellow (Yellow was in the original friend group chat, and was aware of the situation prior to robotliker getting kicked.)

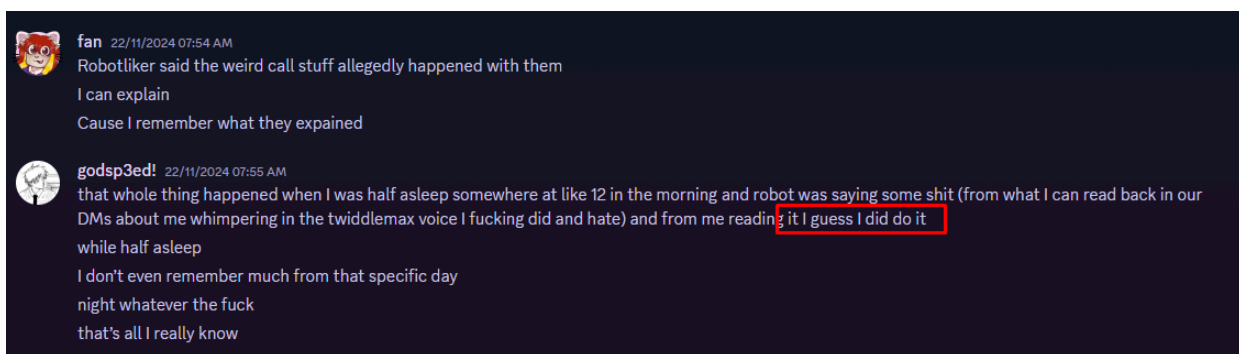

Between the 14th of November to the 22nd of November, not much happened. Godspeed kept flirting with me, alongside ranting about robotliker to me and spoiling me with content of my favorite thing. I started spending time on the new friend group server and also began sharing stuff about what godspeed was actively doing to me. The original friend group server died out as I was quite literally the only one who spoke in it. Slurry and Emi were active in the other friend group server, Light blue, Pink and Godspeed just didn't spend much time talking.

November 22nd -

At one point, Yellow was talking to Dark red. Yellow was in a bad mood and showed some screenshots of Godspeed being weird to me that I shared with the server. Dark red shared them to godspeed, causing godspeed to lash out on me.

The issue is, Yellow misworded the majority of it, (I don't blame Yellow as he was just trying to protect me and robotliker from more of Godspeed's manipulation and weirdness), not the fact that godspeed is a weirdo, but other claims surrounding that.

One claim that was made was that Godspeed jerked off on call with robotliker. Yellow accidentally told Dark Red that he did it on call with me. Which he didn't, but he confirmed doing it on call with robotliker? Or at least he confirmed doing SOMETHING of that sort on call with robotliker???

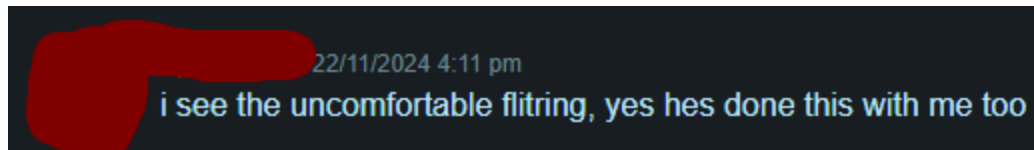

Whimpering, jerking off or anything of that sort with someone who is your friend and you're not even in a committed relationship with and who is also 2 YEARS YOUNGER THAN YOU is fucking gross. Especially when the victim doesn't get a proper apology. (Instead, the victim ends up getting villainized and made out to be a horrible person...?) Even if the age gap isn't weird, it's the maturity and mental state gap. Robotliker was clearly mentally unwell during the entire year, alongside just - being 14, meanwhile Godspeed was slightly mentally unwell due to trauma I won't mention for privacy sake, and also 16 years old. Godspeed was not experiencing the level of mental drainage that Robotliker had to go through, such as hallucinations, relapsing on pills or cutting, and so on.

You can't also just excuse it with being tired as-well? When you make a decision to do something as risky as that, you're meant to genuinely take it into consideration. Godspeed should've known what he was getting himself into.

Also when the Whimpering (Or allegedly jerking off) calls were happening (which i said yes to but i can't consent to those things yet lol HE SHOULDVE PUSHED ME AWAY) it was super late for ME and not HIM. Me and Godspeed are 8 or 9 hours apart. So when it's night time (3am) for me it's evening for him (6pm/7pm)

During this incident, Dark Red also admitted that Godspeed did flirt with her - likely the same way as he did with me and robotliker.

After this, Pink cut off Yellow due to the misunderstandings. Godspeed wouldn't stop bringing up robotliker and yellow in my dms.

Godspeed made various accusations towards robotliker, as mentioned prior, like lying about mental illness. These will be summarized/shown and responded to at the end of the doc.

After this, the situation was shoved under the rug. Me and godspeed continued talking like 'normal' - being him ranting all the time. He also stopped flirting with me gradually, making us go back to being 'friends' again, although he would make subtle references or try to do something to make us 'flirty' again but I would shut them down.

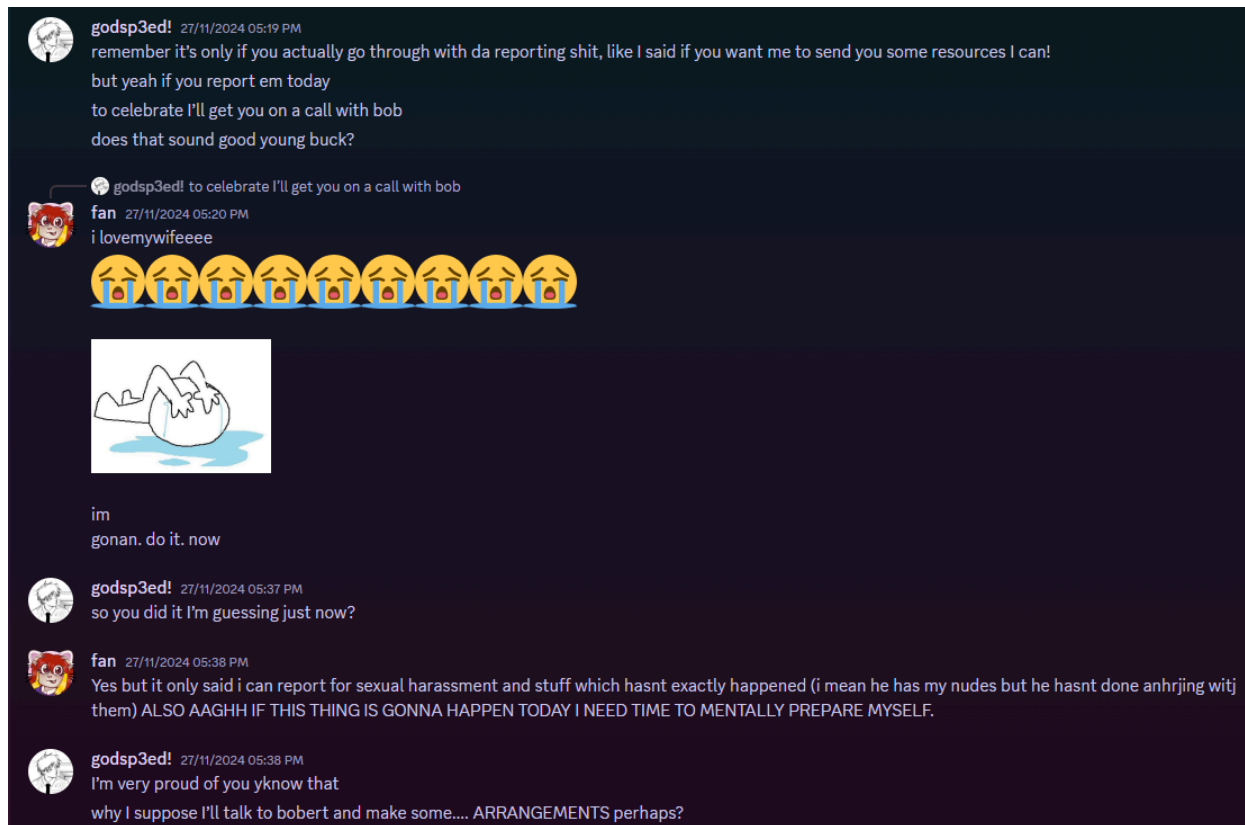

Now, from the 22nd of November to the 14th of December, Godspeed's main goal was for me to cut robotliker off. He achieved this by manipulating me by using my favorite thing ever. Godspeed essentially told me the same stories various times, trying to make robotliker seem like a bad person. This was extremely tiring and even on calls he would go on rants about how I need to cut them off and how they will 'mentally drain me' or some bullshit like that when in reality robotliker was my best friend who didn't do anything wrong.

Anyways, additional info: As mentioned prior to the making of this doc, I have been cyberstalked for almost the entire year. This will be important. My stalkers had my full name and approximate location. Godspeed knew about this.

Anyways, on the 24th of November, I ended up getting my full name leaked on my own server, the max design pro fanserver, by my stalker.

I ended up breaking down in godspeeds DMs, telling him I'm gonna kill myself and so on. Godspeed was apparently on call with the creator of my favorite thing. Therefore Godspeed was pretty much freaking out on VC because I was possibly gonna attempt suicide.

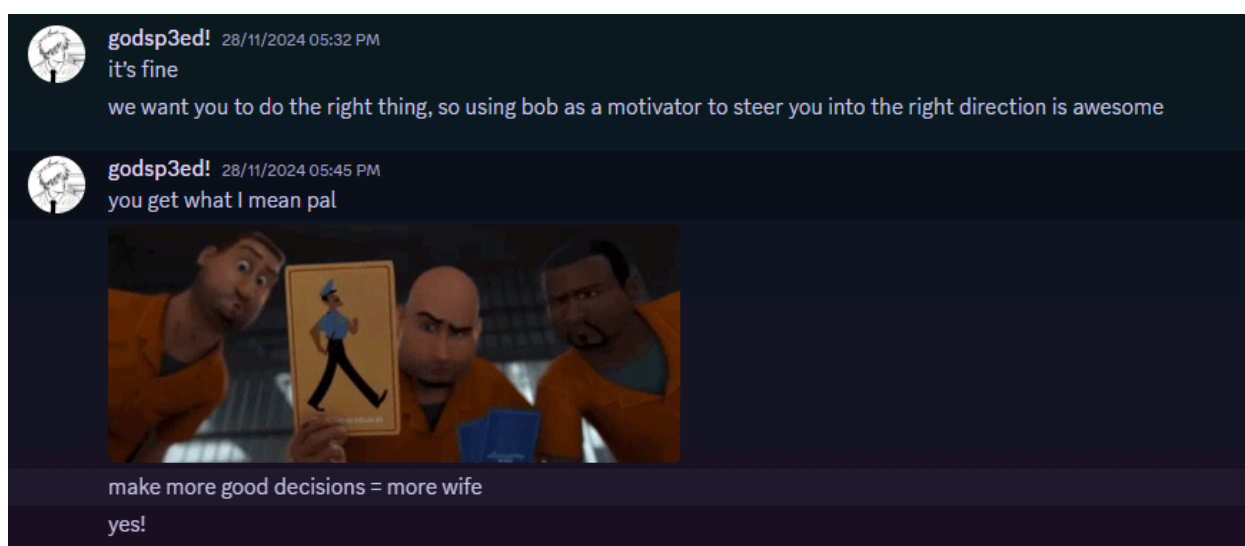

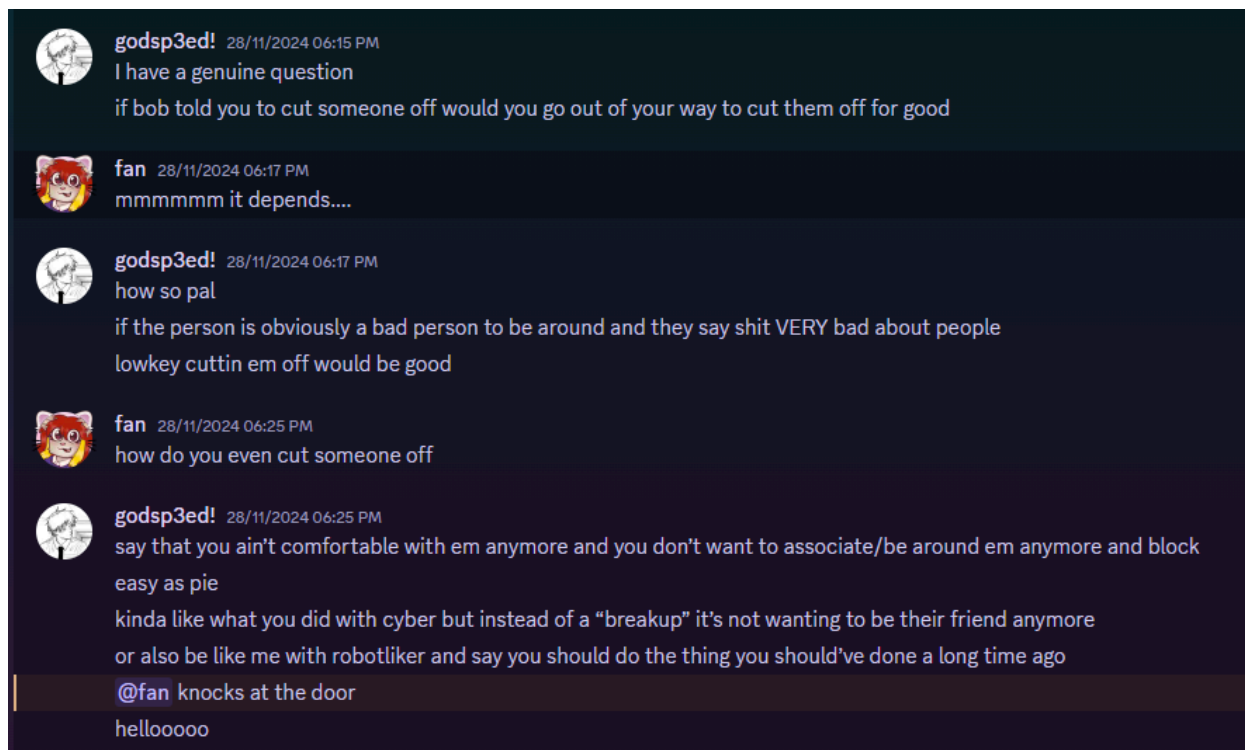

After this event, presumably, the creator of my favorite thing and godspeed felt really bad and wanted 'the best for me', so they encouraged me to report him to cybertip. I did. After this, I pretty much got a reward which was calling with the character that was most prominently featured in my favorite thing. (It sounds stupid but if you know, you know) This was a big deal for me because I was hyper fixated and stuff, so after it I was pretty happy

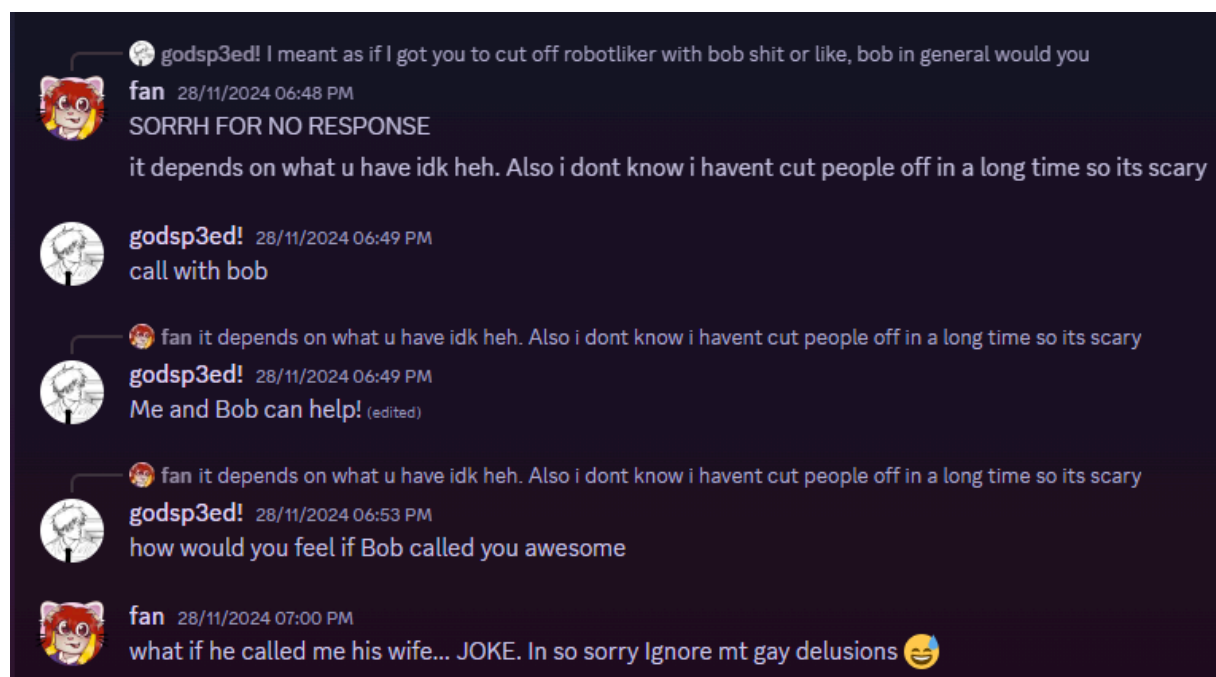

Godspeed definitely knew it would make me happy anyway, but said that 'If I make good decisions' I will get stuff from my favorite thing.

This basically devolved into him getting the creator of the thing to draw the character featured in it shirtless, and got one of the creators friends to do it too. Godspeed basically teased me saying ‘if you cut off robotliker, you get the full art!’

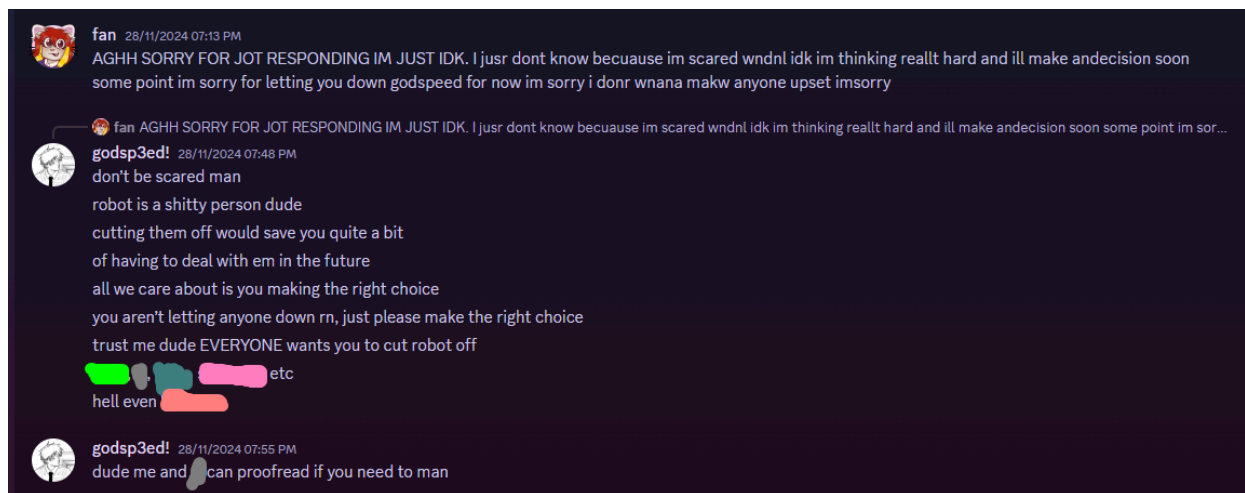

More people teased Fan into this. Even Godspeed’s other victim (Light Red) that we will get to later.

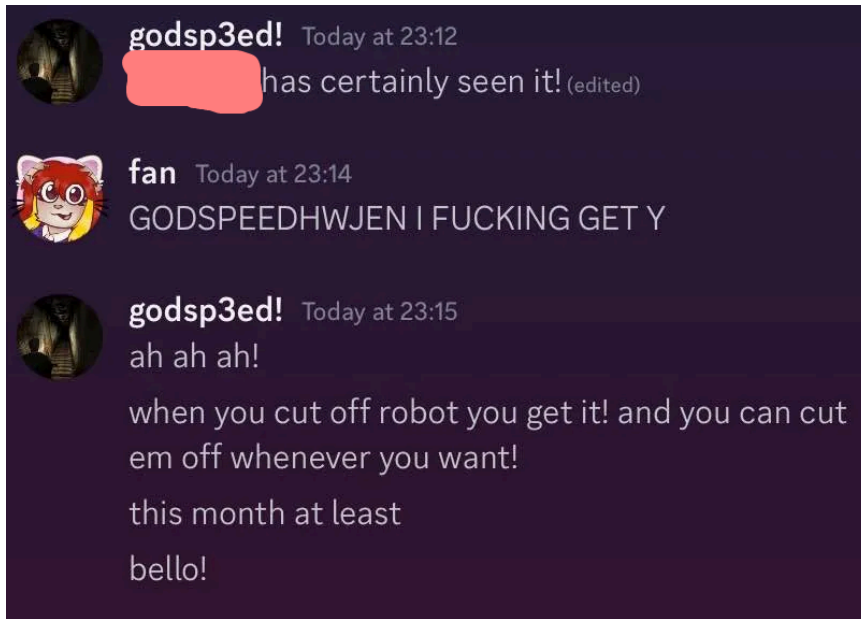

Bob is a fictional character. I've referred to him in vague terms along with his creator because I don't wanna get them involved but there's so many mentions of it in this whole spiel I don't know if I can exactly censor everything.

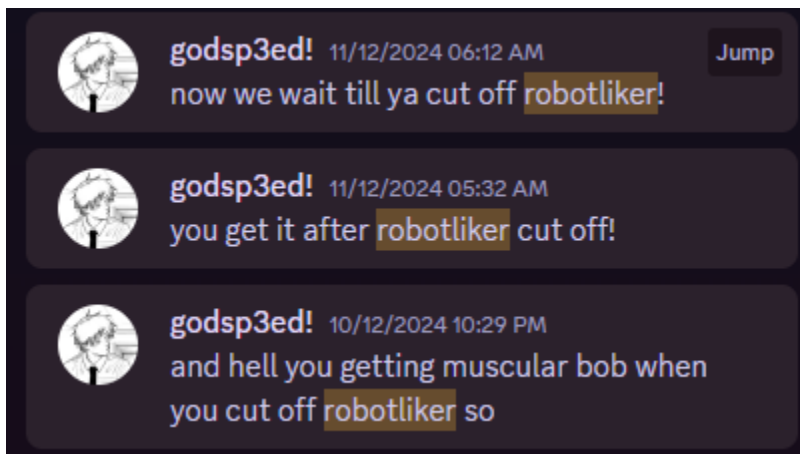

*I was possibly delusional for this period of time or for the periods where I was EXTREMELY hyperfixated. I felt like I was genuinely losing my mind. I was also ruining my sleep schedule over said thing, and just not taking care of myself properly. This also likely just stemmed from the fact that I had to put up with godspeed while also having to help robotliker (which wasn't a chore but it was tiring to see godspeed say false stuff about my best friend all the time.) and also to the fact that my entire year was shitty and I had to potentially cut off my best friend.

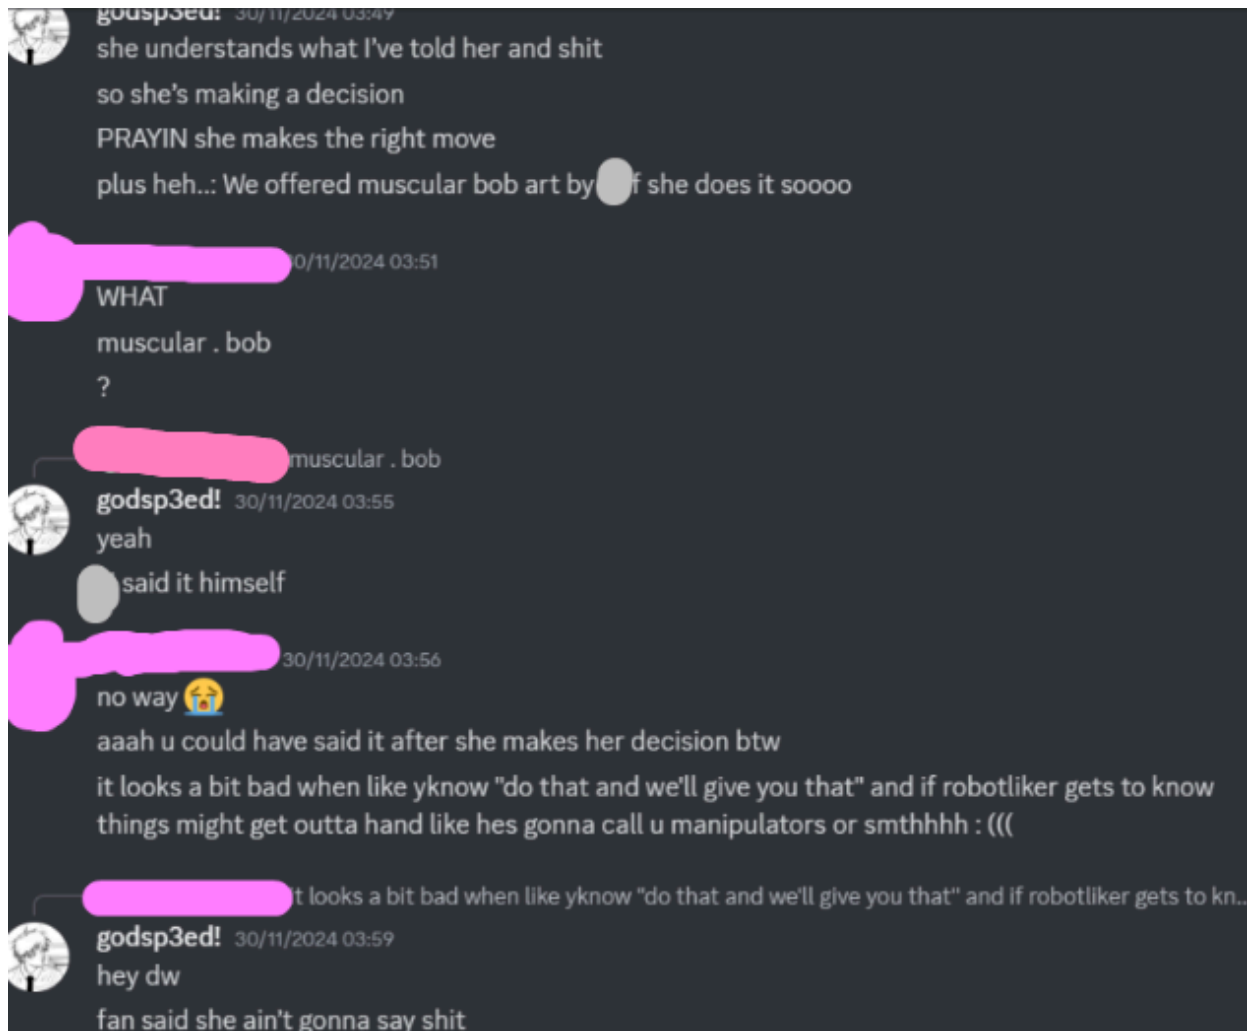

Green, Grey, Teal and Light Red are all Godspeed's friends. Grey is the creator of the thing I was hyperfixated on. Teal joined the friend group server on the 21st of September, but was extremely inactive. Although they are involved in most of what Godspeed did, I will give them the benefit of the doubt that Godspeed told them the twisted version of the events, making robotliker out to be a horrible person. I want to refrain from mentioning them as much as possible but, when they're so involved it's a bit difficult to. I'm sorry for the inconvenience. Grey and Green are the same people that were referred to in the diagram robotliker sent to his online parents.

He's like teasing me into cutting off robotliker because 'everyone seen it except you'.

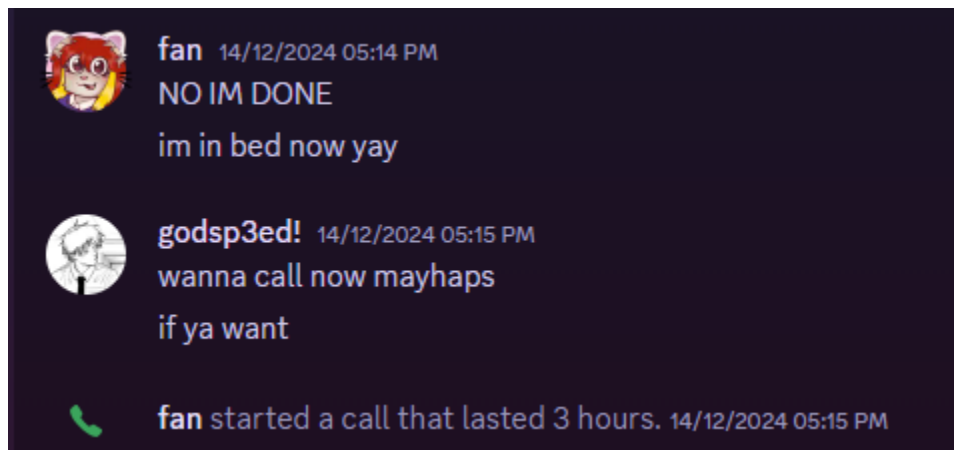

Again, Godspeed pushing me to cut off robotliker... These are from December 11th/10th.

Godspeed admitting to manipulating me.

Anyways, December 14th comes around.

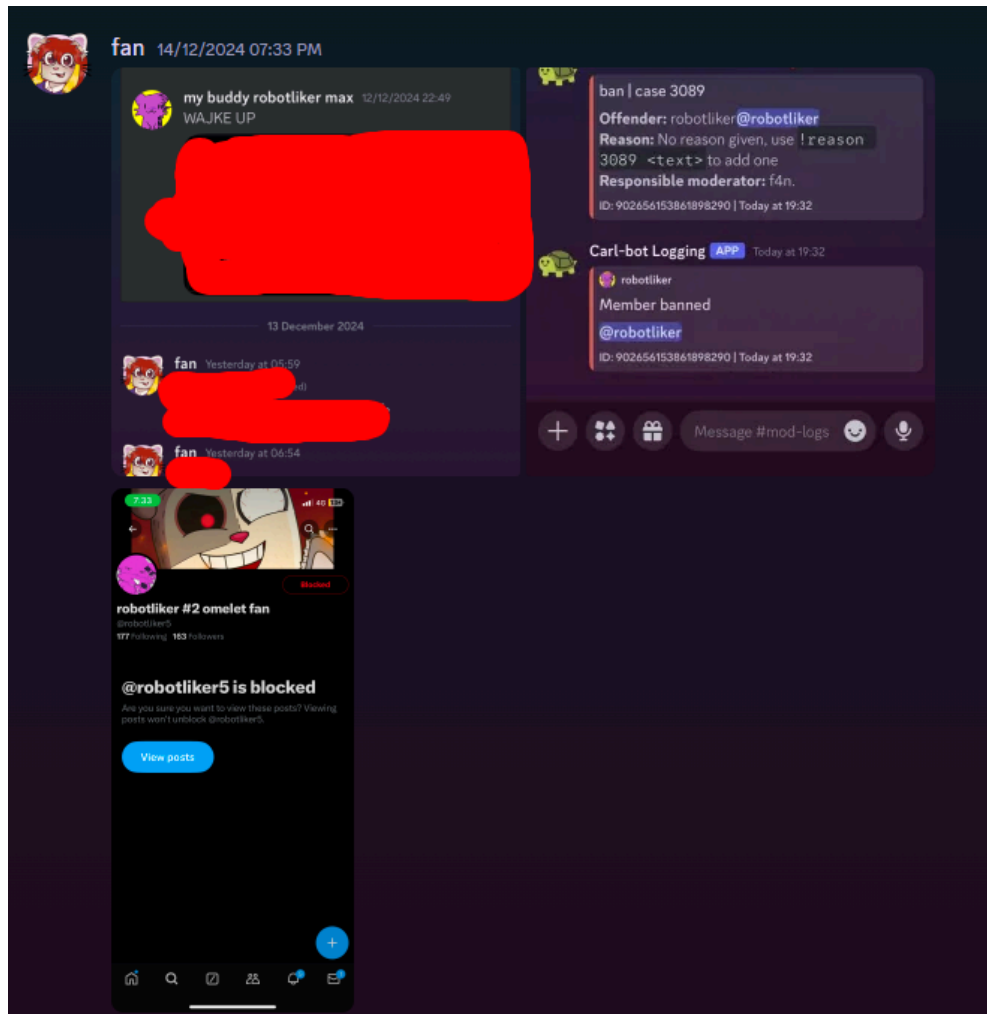

That day I ended up calling godspeed for a few hours.

During this call, I 'cut off' robotliker.

Screenshot of our dms at the time. The red is unrelated, I did not send any messages to them prior to me blocking them.

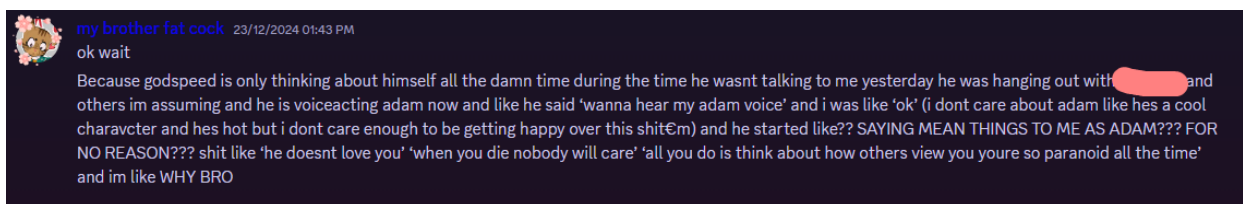

Me sending proof to godspeed that I cut them off.
In result, well, I got art of my favorite character like fucking shirtless made by the creator himself or something idk this is embarrassing to admit

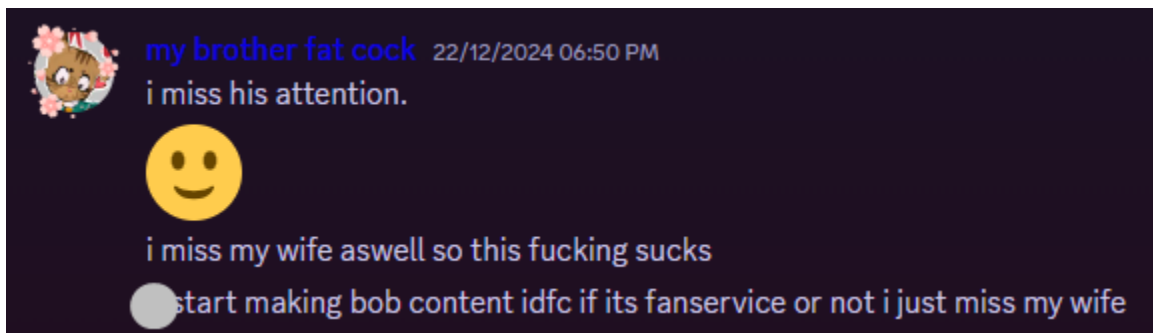

But did I really cut off robotliker? Obviously not!
We kept talking in the new friend group server with the other people in it and I continued living life as normal. Godspeed finally stopped nagging me about it but still questioned me and negatively talked about robotliker. I was always vague with my responses to him which made him suspicious, but I made up some excuse and we went past it.

This eventually wrapped up. From that time onward, not much happened. Godspeed and I stayed as friends and I pretty much played a double life. I was extremely alone though. If I did really cut off robotliker, I would be by myself as Godspeed had other friends to focus on, mostly Grey (Creator of my favorite thing), Light Red, Green and Pink and possibly others. When Godspeed started getting close (?) to Light Red, working on one of their popular projects, I started losing it as Godspeed is someone I'm still attached to.

Screenshots below are me but with a 'server profile'

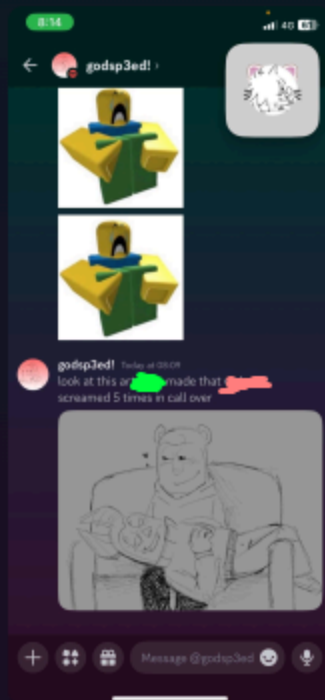

Me being upset about something godspeed did.

Me being upset over, well, Godspeed spending time with new people while he knows that I 'cut off' robotliker which would mean I have little to no friends. (At Least close ones that I can actively talk to)

Message @godsp3ed

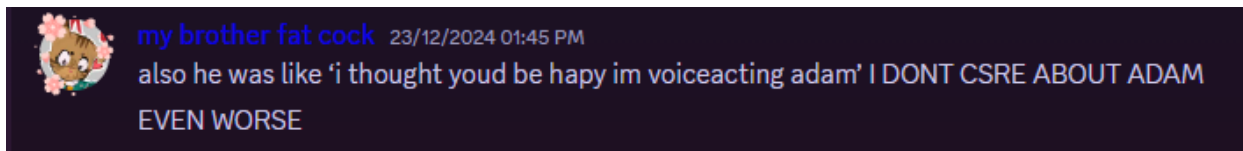

Me contemplating suicide or an overdose after figuring out that Godspeed potentially has someone new to hang around with. Dark red is dark red.

Godspeed well, lying. *I was on call with him during this.

Anyways at this point as mentioned, Godspeed has someone new that he actively talks to. I am extremely jealous, upset and hurt and because of what I had to endure my mental health just begins to plummet. I get mad whenever Light Red is mentioned, and when they're mentioned in the call I just say 'okay' or something of the sort.

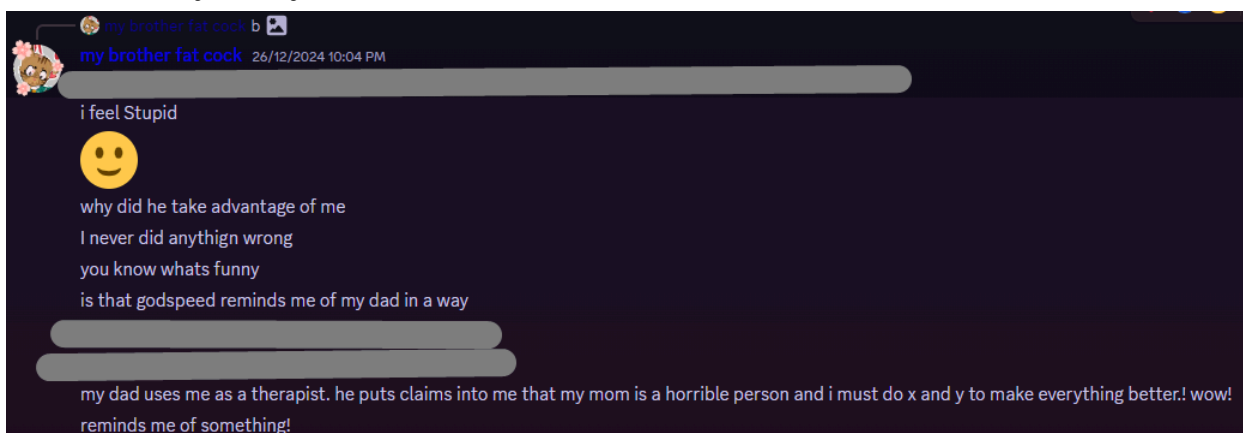

This is quite literally a repeat of what happened with Dark Red and robotliker. Godspeed gets someone new, flaunts them in front of the victim to make them jealous, and waits for a reaction. Even when you pull something neutral, he still manages to get pissed off.

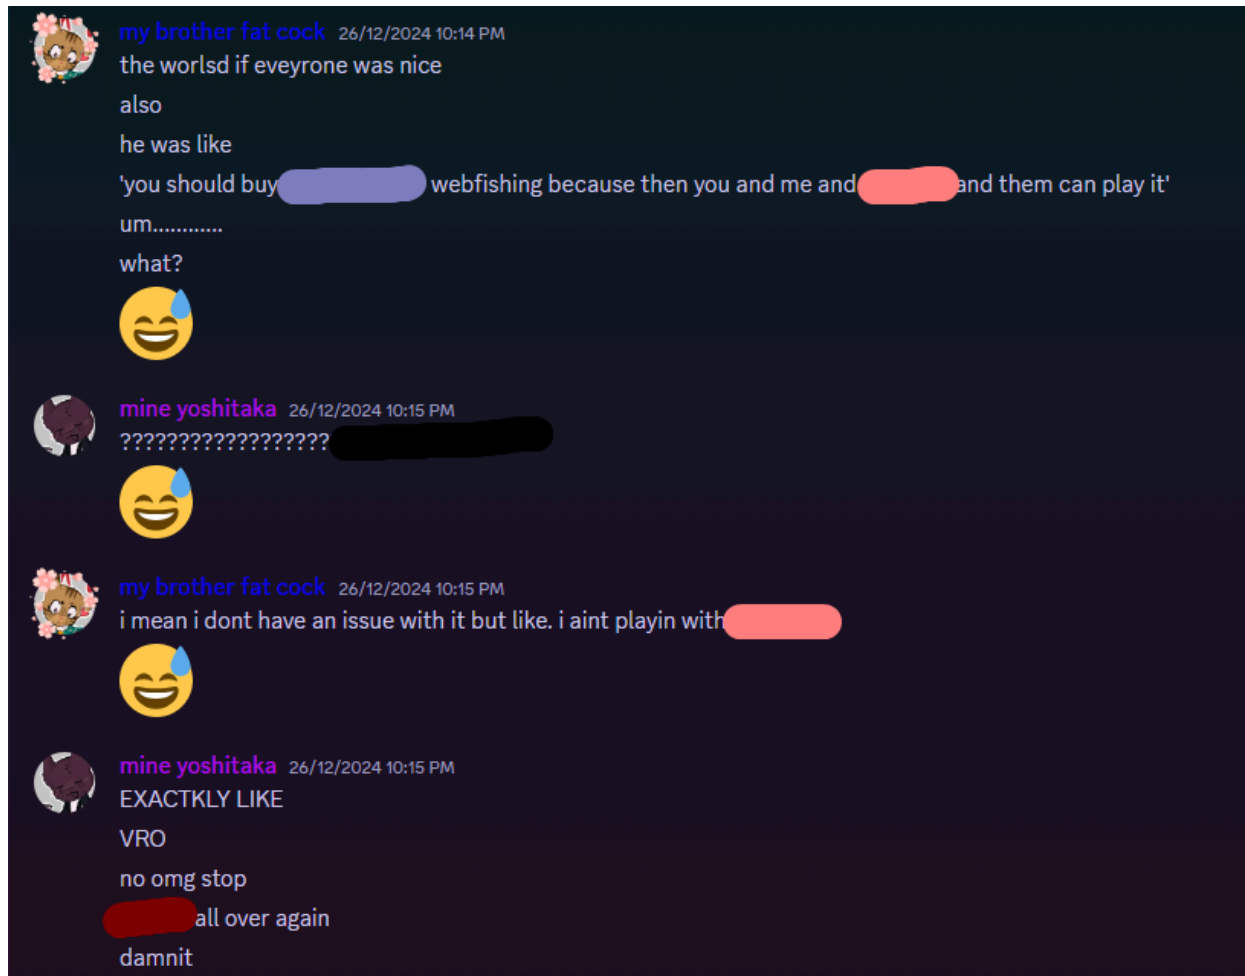

Adam is a fictional character. Lots of fictional characters are involved.

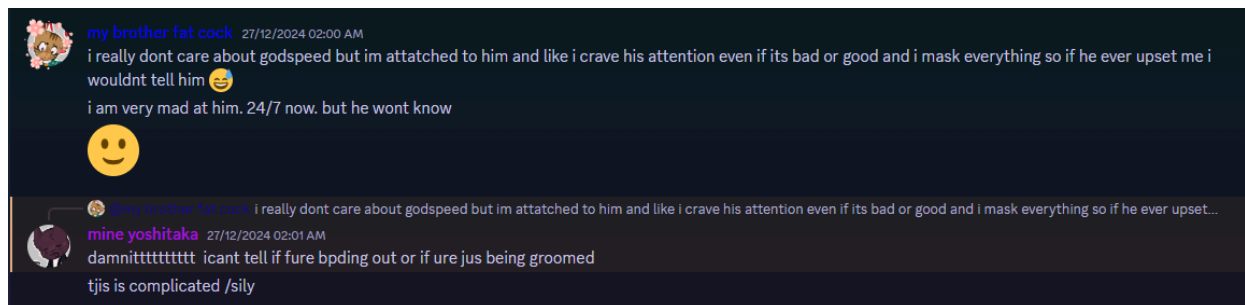

*Adam is made by light red

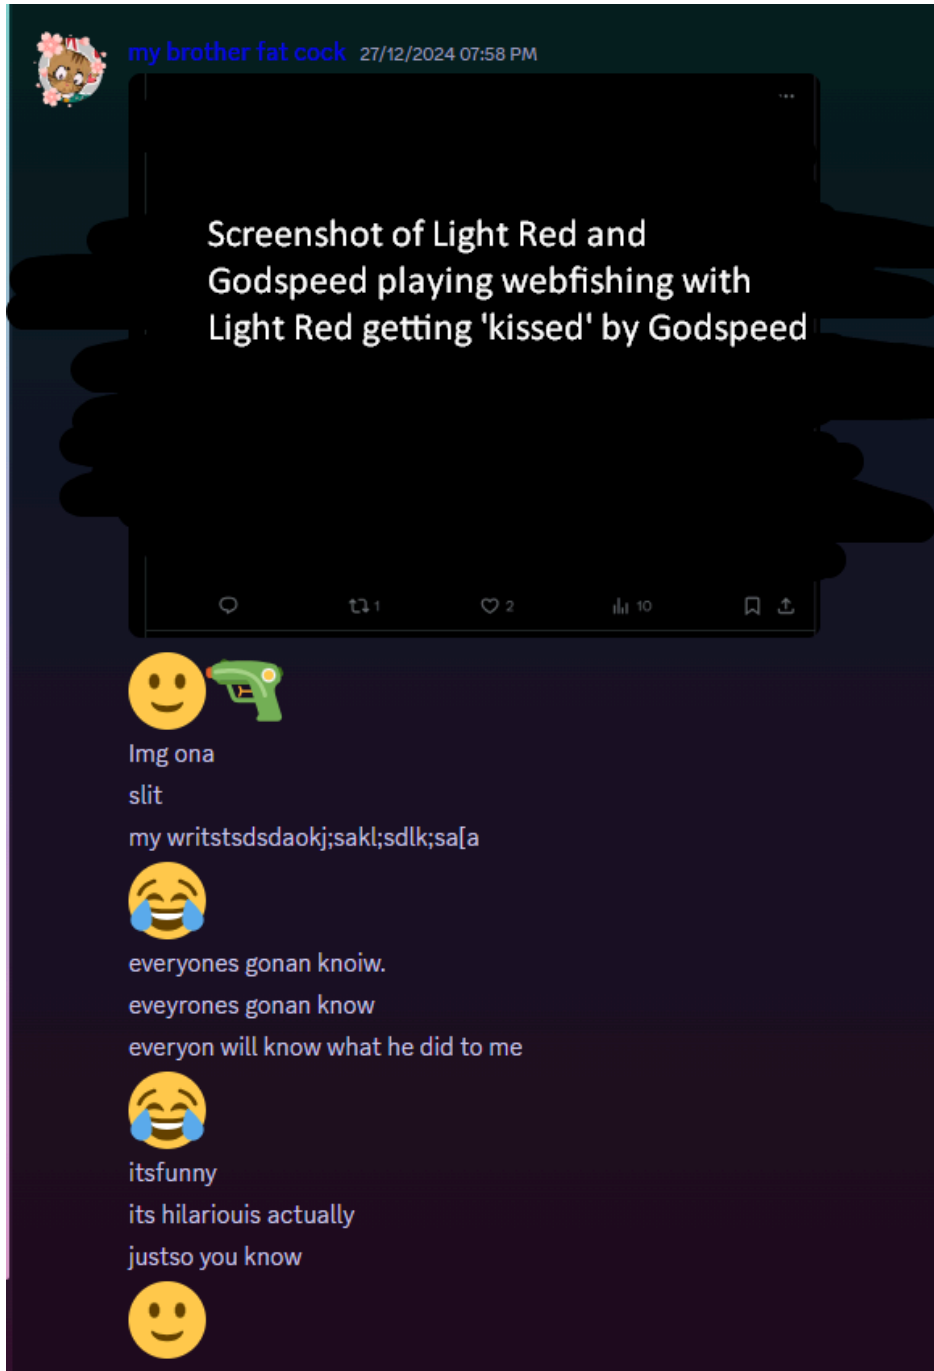

After this, not much happens. Me and Godspeed talk sometimes but he is clearly busy with his other friends.

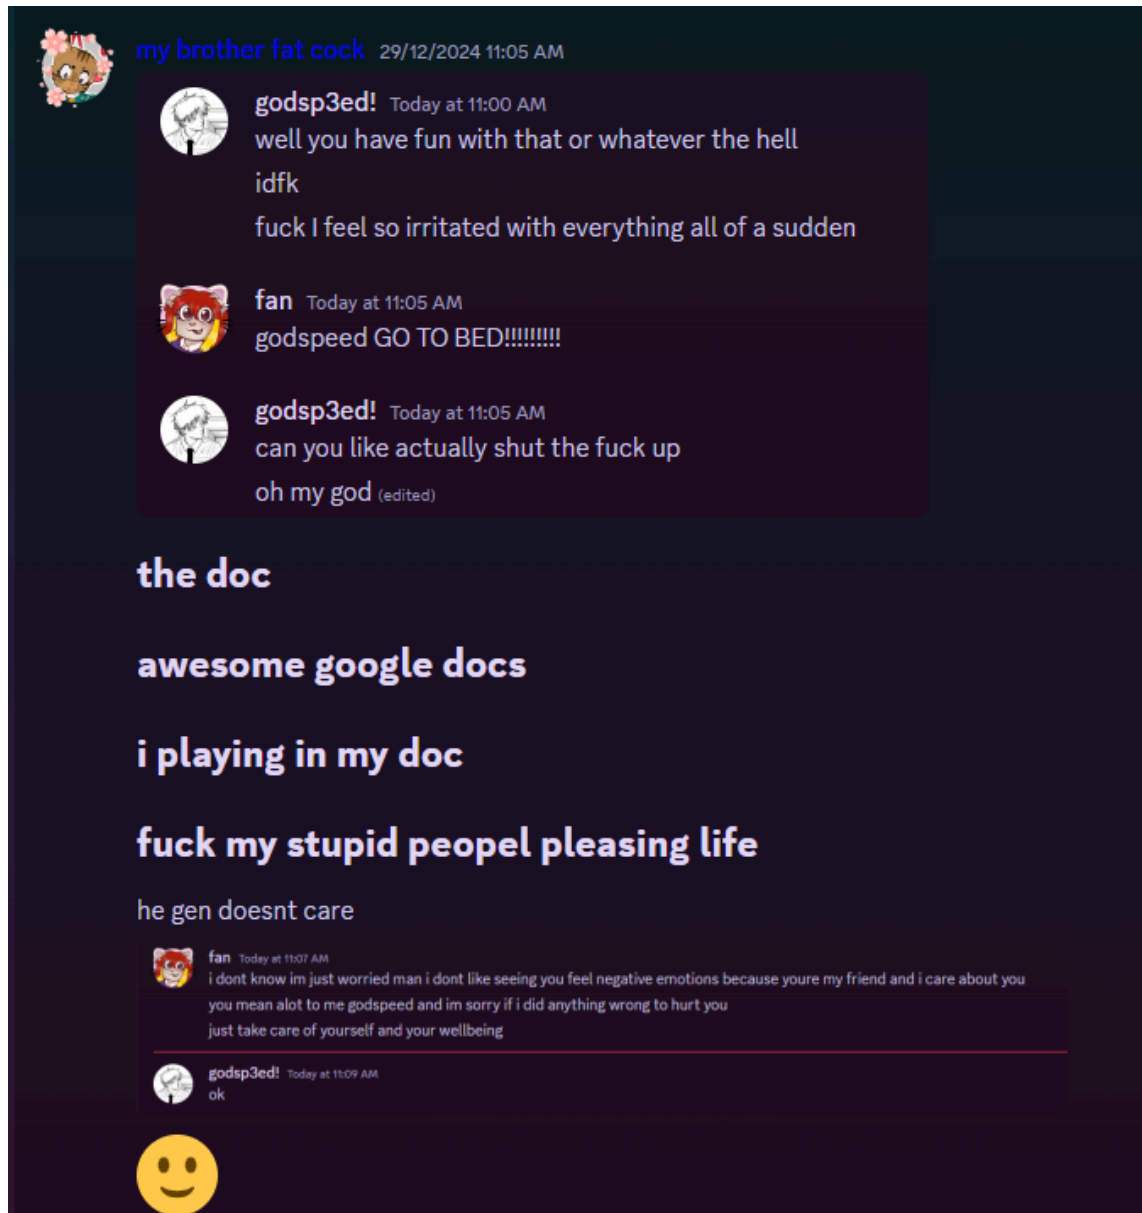

I said I wasn't playing with Light Red just because Godspeed moved onto them. Black is unrelated. Lavender is Sunny's creator. (Sunny as in the Max Design Pro parody oc)

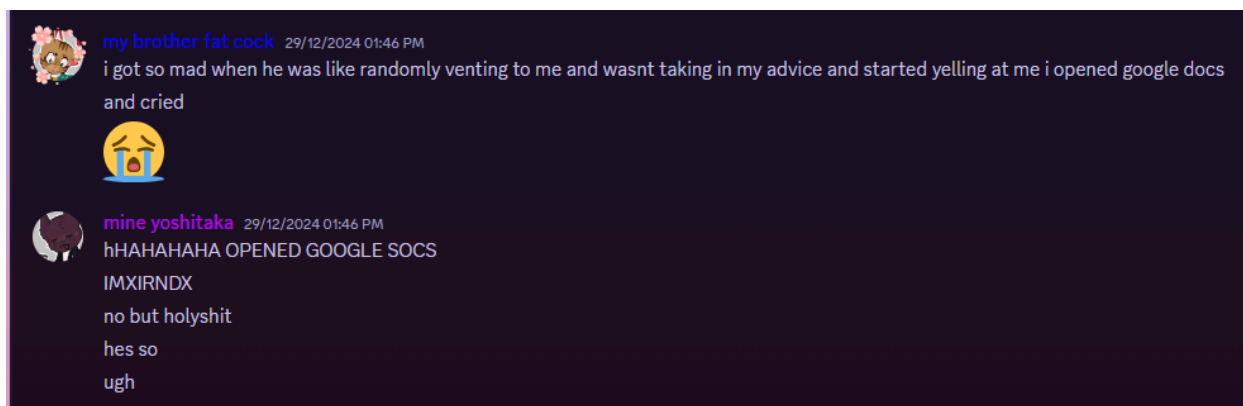

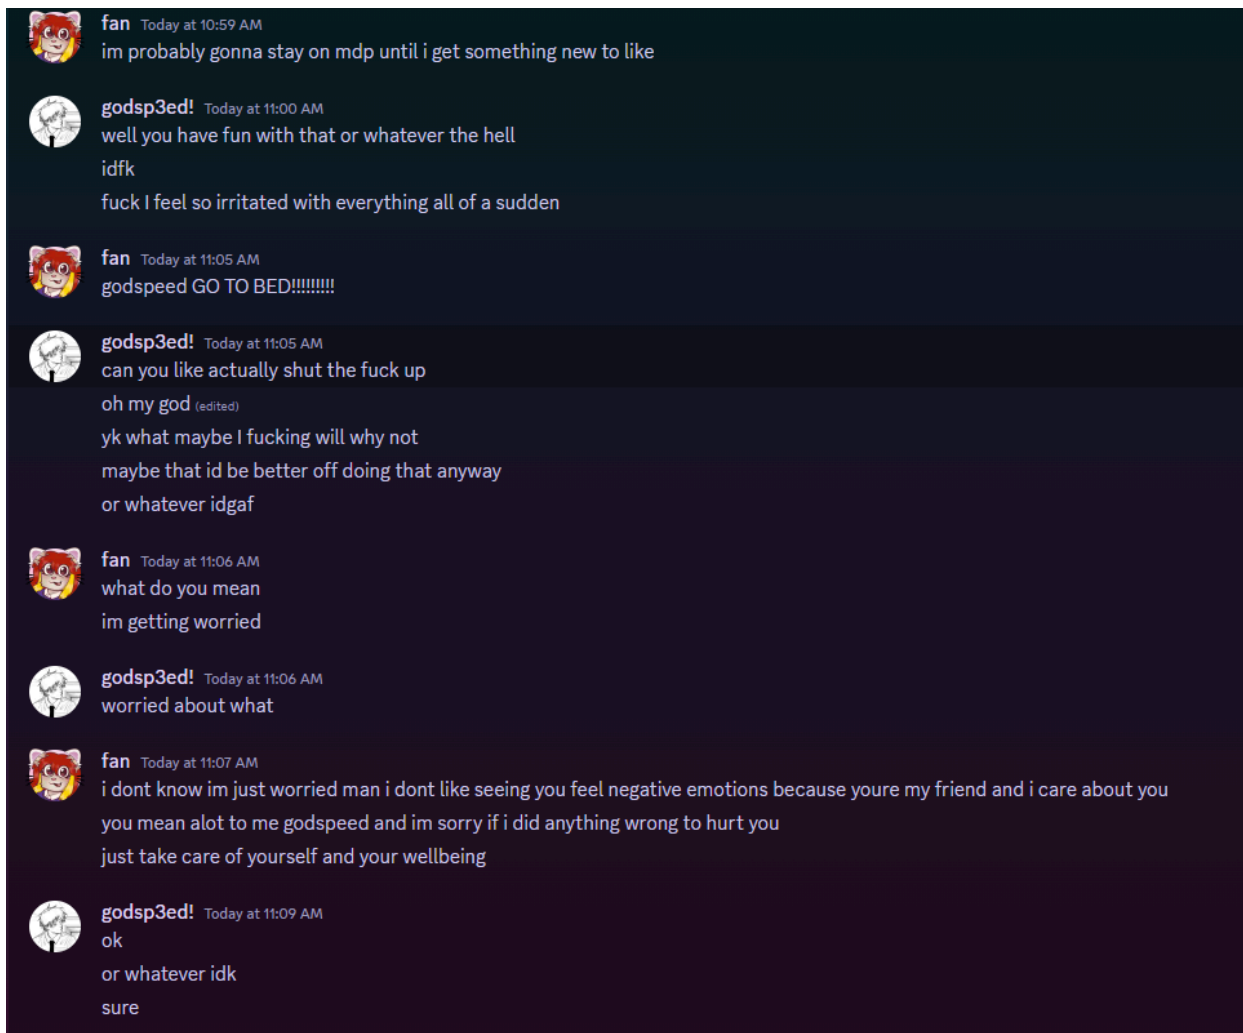

On the 29th of December, Godspeed went on a rant about how he wants to leave the MDP community after he finishes some projects. This was in my dms. Not much came out of it as he has been saying that he wants to leave the MDP community after (insert project here) FOR MONTHS!!!

He was really mean to me though, which I didn't get an apology for, which again caused me to spiral.

Anyways, after that argument, we started the doc. With the fact that Godspeed was potentially gonna take over my favorite thing, as the creator had poor mental health and wanted to abandon the thing, as well with the fact that Godspeed is voice-acting for a popular character

in the MDP fandom, we weren't gonna let that slide without people knowing his horrible history.

Now, I think this is the end of the Grooming part. We will now get onto the slurs. As mentioned millions of times, more screenshots will be shown at the end of the doc.

THE SLURS!!!

Throughout the time in the friend group server, we all used slurs we could reclaim in a lighthearted joking way. Or we used them in a way to describe ourselves. Either way, you get my point.

The issue is, Godspeed is a cishet man. (As far as I know) He has said the T slur three times in VC, The f slur over hundreds of times and also described robotliker as a 'Sch1z0'.

From no mic chat. Robotliker can reclaim these slurs but Godspeed can't. Hence the 'Godspeed don't say the T slur'

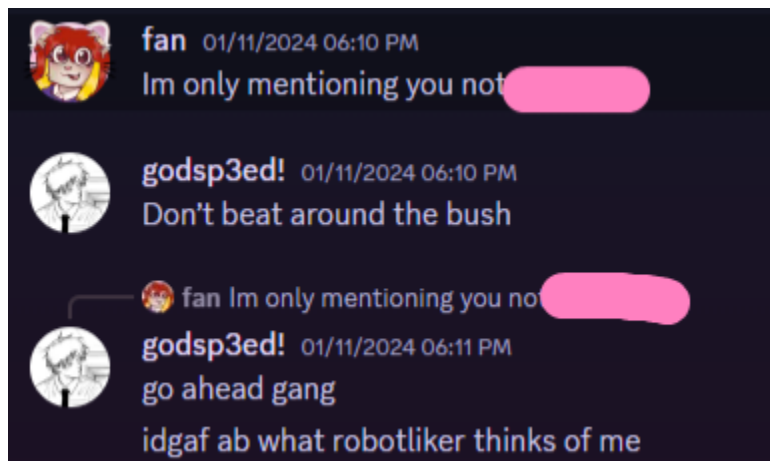

If Godspeed's sexuality changed, then alright, but he still said the T slur and S word/slur in a derogatory way to hurt robotlikers feelings! Which gets us onto the next point:

THE BULLYING!!!

Godspeed, among grooming us is a massive fucking dickhead. Joke or not, Godspeed has verbally abused and bullied the majority of the friend group for no reason. He mostly bullied robotliker under the guise that 'he didn't care about their feelings anymore' ???

There are so many more instances of him being an asshole. But honestly that isn't the biggest issue here.

Little vent section cuz yea

I use little vent ocs to express my trauma and i made up lore for em bla bla whatever. But while the grooming was occurring i made up Blue. The color blue represents my abusers etc.. Basically bad people in my life. Godspeed wanted to use that as proof against me for some reason? I think that i'm allowed to express my feelings by using made up characters. Anyways, i made a twitter priv acc where i vented about

mostly Godspeed but other things too. I still use it to this day but um yea. I made some vents about Godspeed there.

Here's a quick example. This was made a while back when he was grooming me. I do not remember the context.

I made a Bunch of vent animations. Here is one of them:

<https://youtu.be/iTfUDV6HtAw?si=Z5YoMO3A1MpLoY8F>

This one just. Explains itself i think lol

SUMMARY

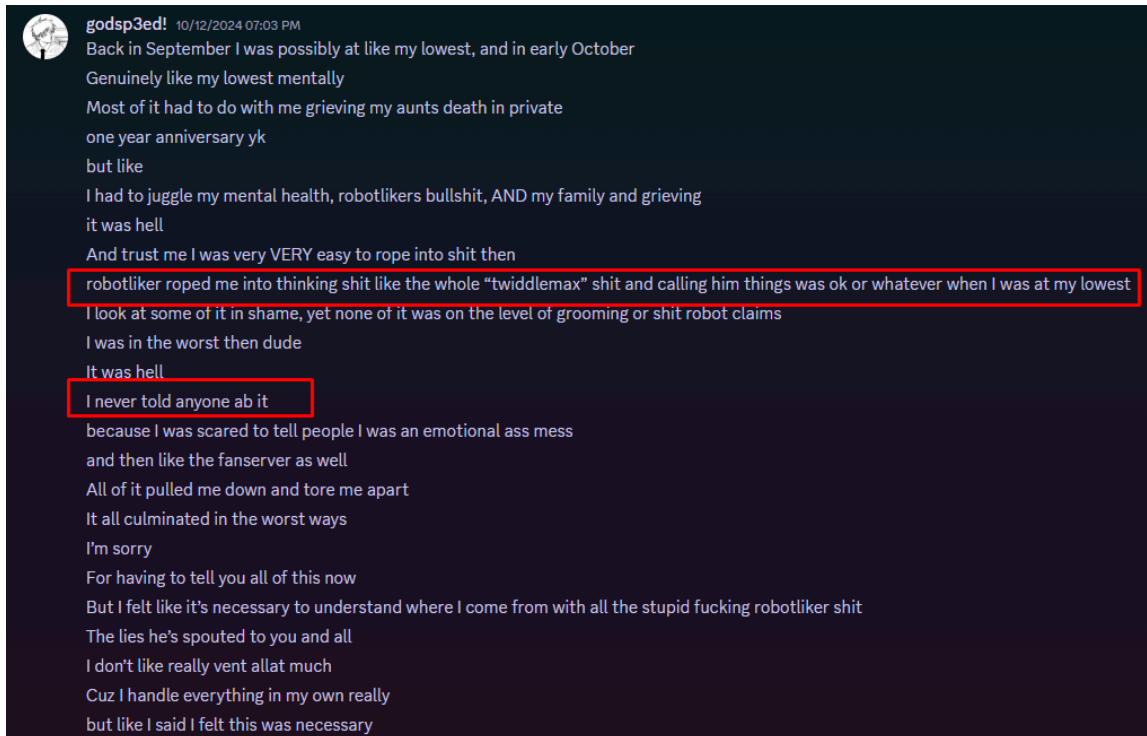

- Friend group chat / VN group chat created 24th of July.
- Friend group server created 23rd of August, members: Me (fan), Robotliker, Godspeed, Light Blue, Slurry, Grey (Inactive)

- Robotliker begins to get hyperfixated on Twiddlemax, Godspeed notices and makes up an attractive voice for robotliker to be 'happy', robotliker loves the attention and Godspeed does weird stuff on VC with robotliker, eventually being lovey-dovey with robotliker on his main account. Godspeed asks if they want to turn this romantic, Robotliker wants to keep it platonic. Robotlikers mental health is spiraling and Godspeeds intention was to make robotliker attached to him.
- **Dark red** and **Pink** join the server, Godspeed starts being lovey-dovey with Dark red, Robotliker notices and explains to Godspeed that they're hurt by this. Robotliker starts making vents about this situation. (Happening between late August to September)
- 5th of September, Godspeed confronts Robotliker about Robotliker telling Pink that he might be getting groomed. After an apology, godspeed resumes his behaviors 2 days after.
- 8th of September, Godspeed gets hired for my favorite thing. I get attached to him meanwhile Robotliker gets less attached. He makes new friends, **Green** and **Grey**. (Creator of my favorite thing, not the same Grey that joined the friend group server!!)
- Throughout September, Godspeed starts being a huge dick to robotliker. Accusing them of lying about stuff like mental disorders, abuse, and so on. Harassing them and calling them slurs etc.
- 21st and 28th of September, **Teal** and **Emi** join the friend group server. Teal is inactive, meanwhile Emi is active.
- During October not much happened, Godspeed is still a huge dick. He continuously rants about robotliker and how annoying they are. Pink and Robotliker fall out during October.
- November 1st, Godspeed starts doing the same stuff to me as he did to robotliker. He starts flirting with me while also spoiling

me with stuff of my favorite character and ranting about robotliker.

- November 7th, He confessed to me and I rejected him. He guilt-trips me into trying to accept it? I stand my ground.
- November 13th, Godspeed wants to give ownership to me and leave the friendgroup server.
- November 14th, Robotliker gets kicked and friend group server v2 is created, featuring: **Fan**, **Robotliker**, **Emi**, **Slurry** and **Yellow**.
- November 22nd, Yellow tells Dark Red about stuff godspeed has done. Yellow accidentally miswords it, causing Godspeed to lash out on me. Godspeed admits to whimpering/supposedly jerking off on vc with Robotliker.
- November 24th, I have a mental breakdown in godspeeds DMS, Godspeed was on vc with Grey during the time so Grey witnesses godspeed being worried about me.
- November 27th, Godspeed gets me to report my stalker who caused me a mental breakdown to cybertip. In return, I get a 'reward', which is calling with a character from 'my favorite thing'.
- November 28th, Godspeed now wants me to cut off robotliker in return for stuff related to my favorite thing. (Manipulation, he's encouraging me to do something I don't want to, but I should do it 'for my own good' and the fact that I get a 'reward' out of it.)
- December 14th, I 'cut off' robotliker.
- From then on, I realize Godspeed is moving onto someone new, **Light Red**. From then on, my mental health plummets as he doesn't talk to me as often because I've been attached to him for months.

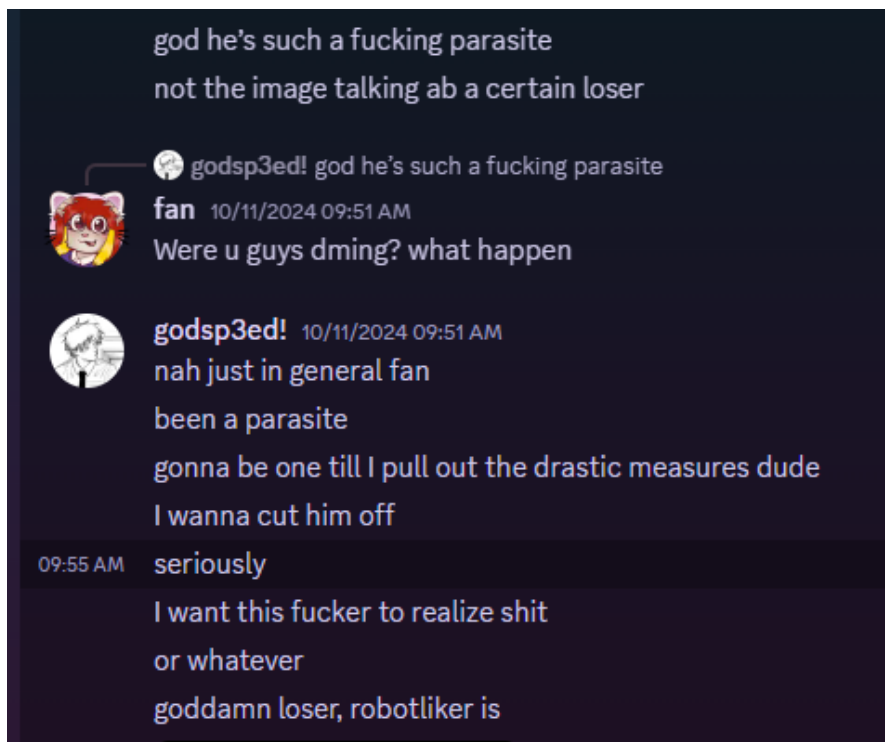

ADDITIONAL SCREENSHOTS

Godspeed saying 'robotliker roped me into this' ? Even if true, this is extremely unfair as robotliker never knew godspeed was struggling. Robotliker never made him think it was okay either, and after the incident with Pink, godspeed should've realized that.

Robotliker also never ASKED for the twiddlemax stuff to happen. When robotliker said 'oh the voice you did is hot' godspeed made the conscious decision to keep going. Robotliker enjoying a character didn't mean that godspeed had to come in and just start using them like that. Please take this information in as Godspeed has used the argument of him being 'unstable' multiple times. Even if in a bad mental state, this doesn't excuse

anything.

he's a parasite
Hell if you went with the qpp shit you said a long ass time ago (thank god you didn't) it would've been worse
because sunshine has like shared DMs of him calling you wife and shit in the past
It don't really matter now
but like I've said before this piece of shit was attached to you more than a damn leech

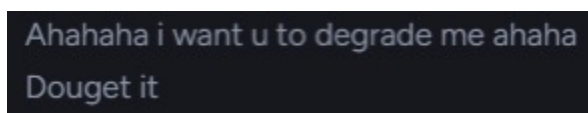

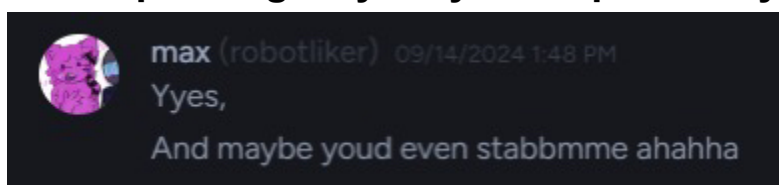

Calling robotliker a parasite when he didn't??? Do anything?

Godspeed deleting messages because 'I already have shit on them' ?

The 'shit' in question was just out of context screenshots.

Here are the screenshots in question and short explanations to each one explaining why they don't prove anything:

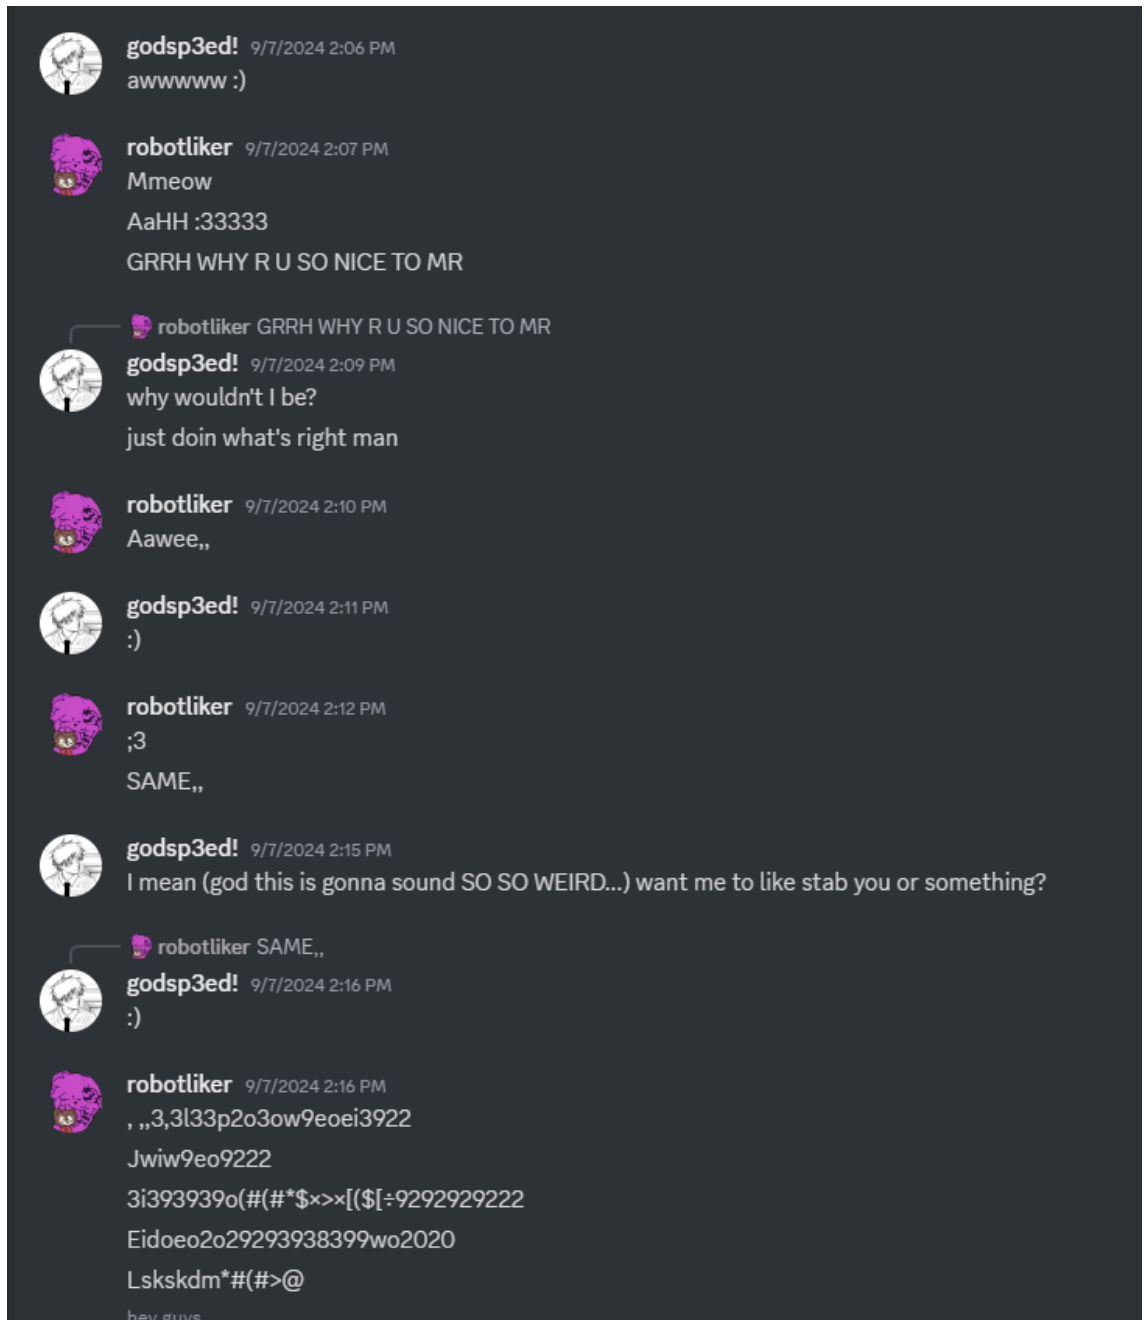

max (robotliker) 09/02/2024 12:12 AM

Yknow km a masochist rite ahahahah
imsorr

They're out of context. Godspeed played into robotlikers stuff instead of telling them that this isn't healthy. And, as mentioned before, robotliker was GROOMED into masochism! They thought that the idea of enjoying pain is good, when it's horrible.

Screenshots may look like nonsense at times as godspeed deleted MOST if not ALL of the messages including 'I love you', 'Kiss' etc.

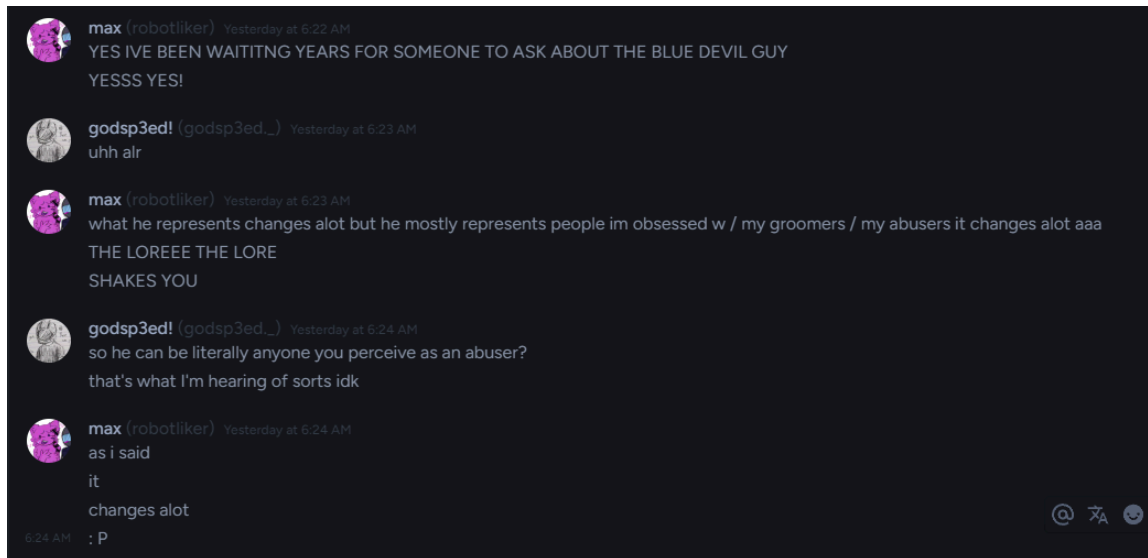

Robotliker just being upset over the fact godspeed is spending time with Dark red. This is exactly how I feel with Light Red right now. This doesn't prove anything.

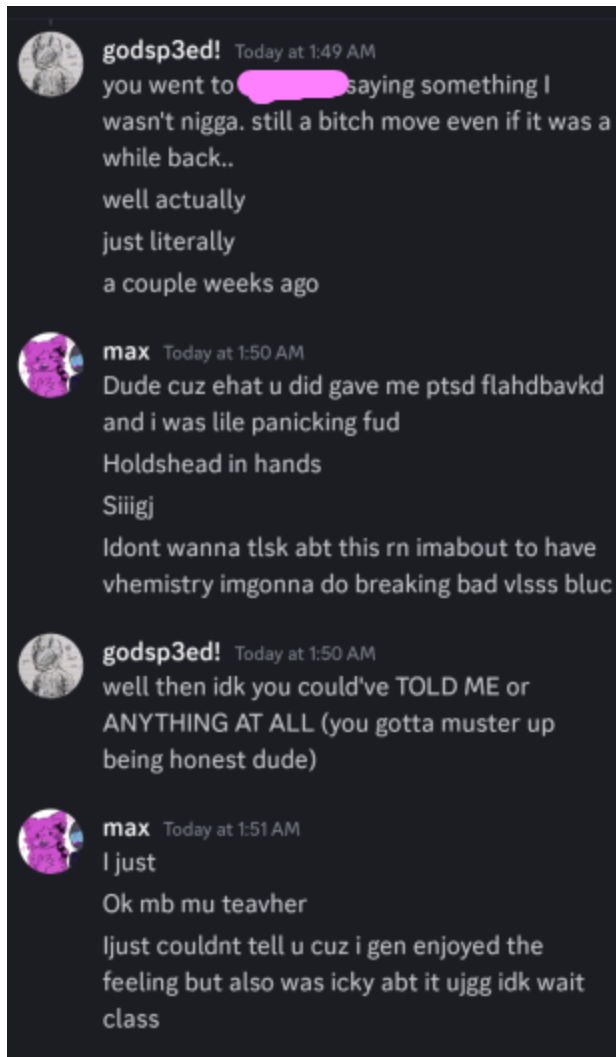

This is 'proof' aswell according to godspeed. I don't know what this proves besides the fact that robotliker is attached to godspeed.

'Proof'? I don't know again what this proves, it's just robotliker being upset yet again and saying something out of line. Plus it was a joke.

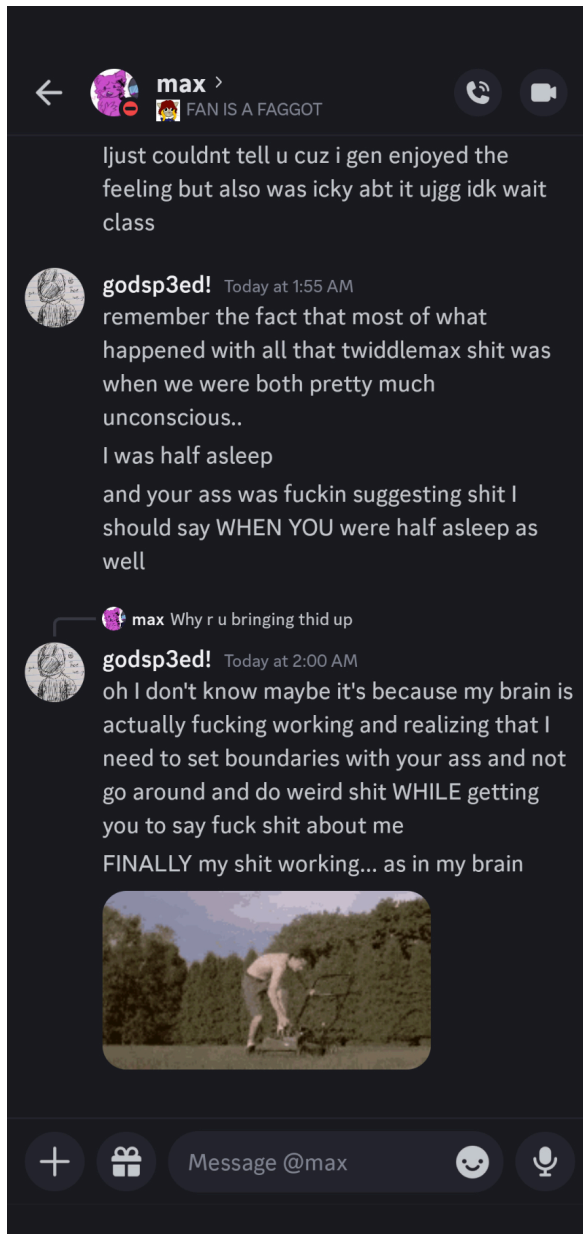

More 'proof' according to godspeed. It's just robotliker talking about his vent characters. Why was this brought up? Because robotliker was making vents about godspeed on his private account, using blue to represent him. Robotliker lied here as he still valued his relationship with godspeed but was indirectly telling him that what he's doing is ruining robotliker mentally.

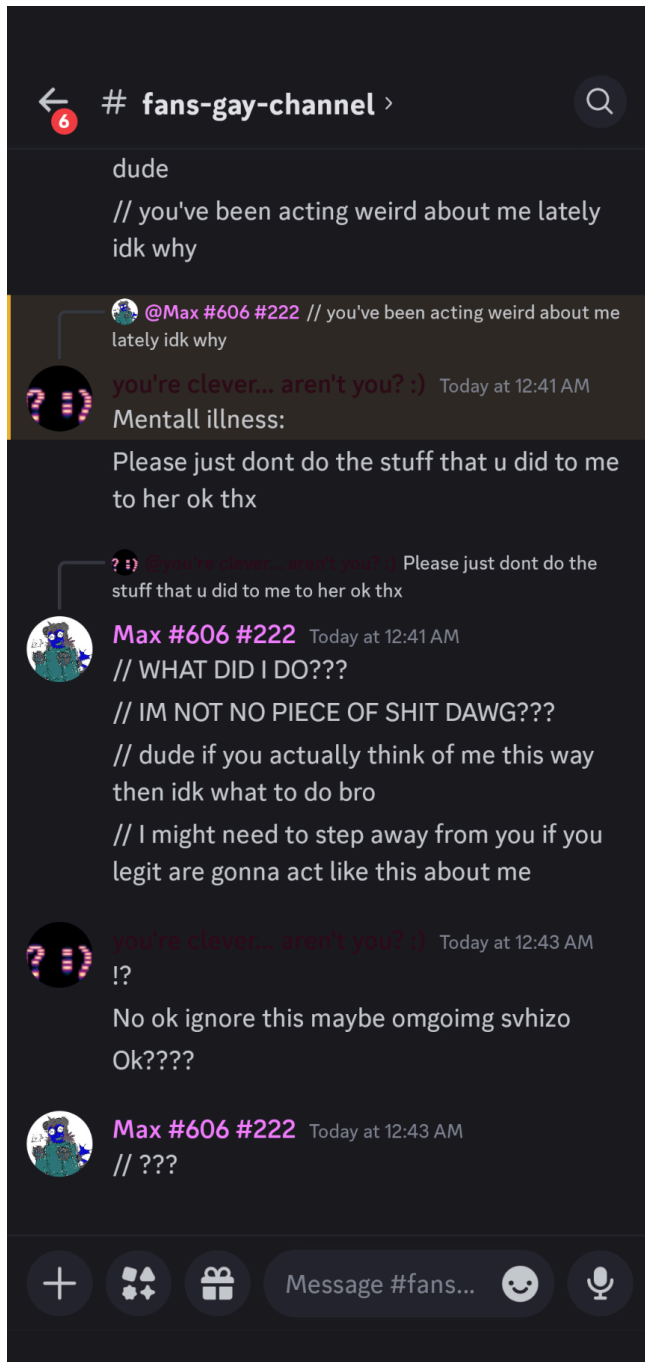

Godspeed complaining that robotliker told pink. Robotliker felt the same things as me. I told my friendgroup that I liked the feeling that I got from godspeed but it made me sick due to, well, trauma. Godspeed quite literally did the same thing twice. He ruined robotliker and got mad when they tried seeking help. He ruined me and got mad/hurt when I tried seeking help. For dark red, I'm unsure what happened. But for light red, none of this might be happening yet.

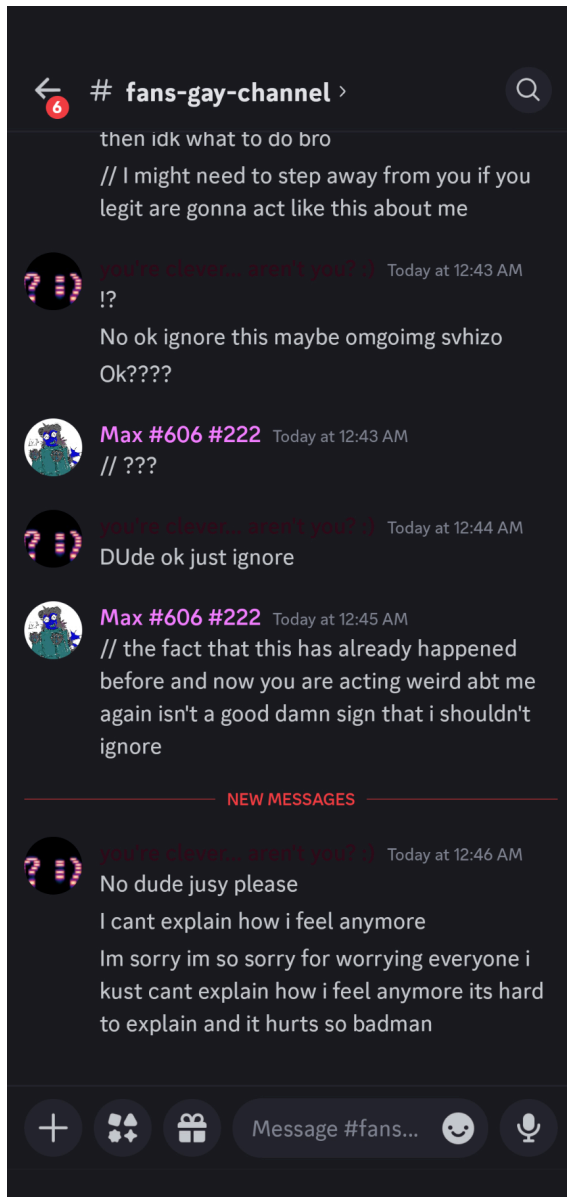

Godspeed getting mad at robotliker for confiding in Pink yet again. Robotliker was in school during this which is like... what is wrong with you? Why are you stressing out a poor kid during school hours? Also for context, robotliker jokingly drew godspeed's character on a cross. Godspeed got really mad at this, rightfully but even though robotliker apologized, not knowing it would hurt him that much, godspeed kept on going making robotliker look even worse?

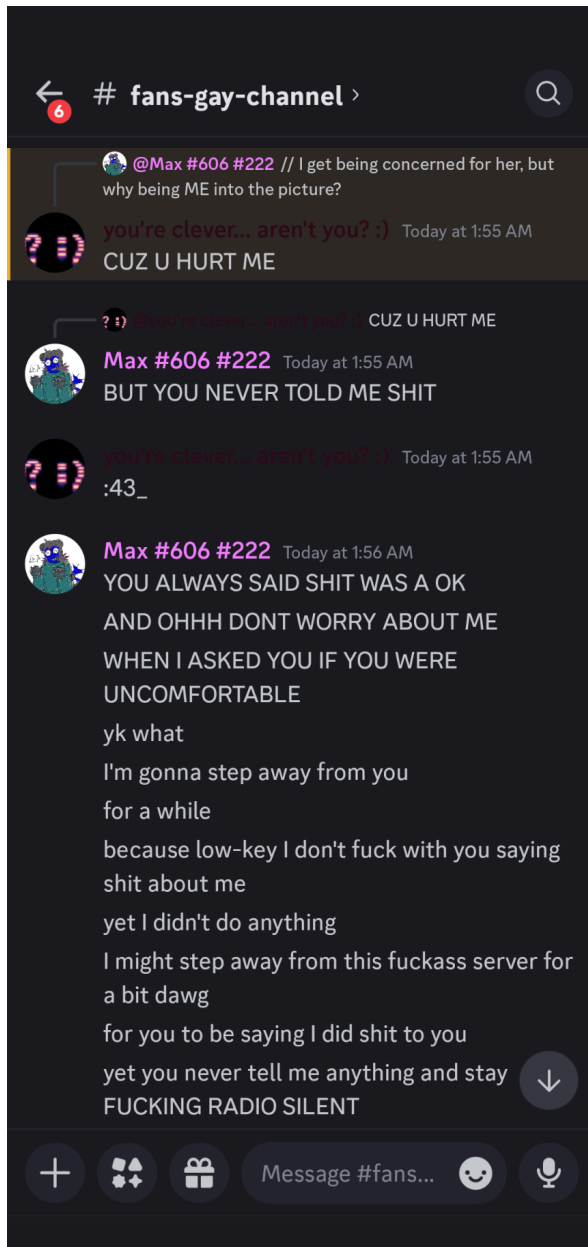

Context to this: He was trying to argue with me again while I was at school. I have no idea what this meant. It was just him trying to guilt trip me.

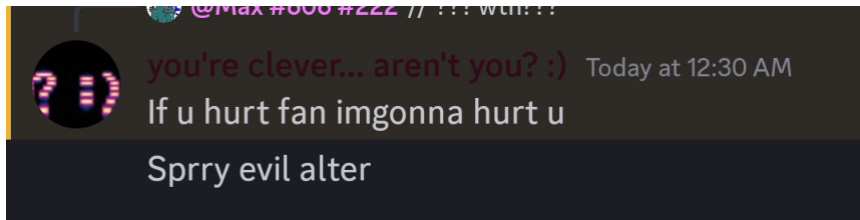

More proof that proves nothing. Robotliker was just worried for me after godspeed started saying suggestive shit to me while playing a character.

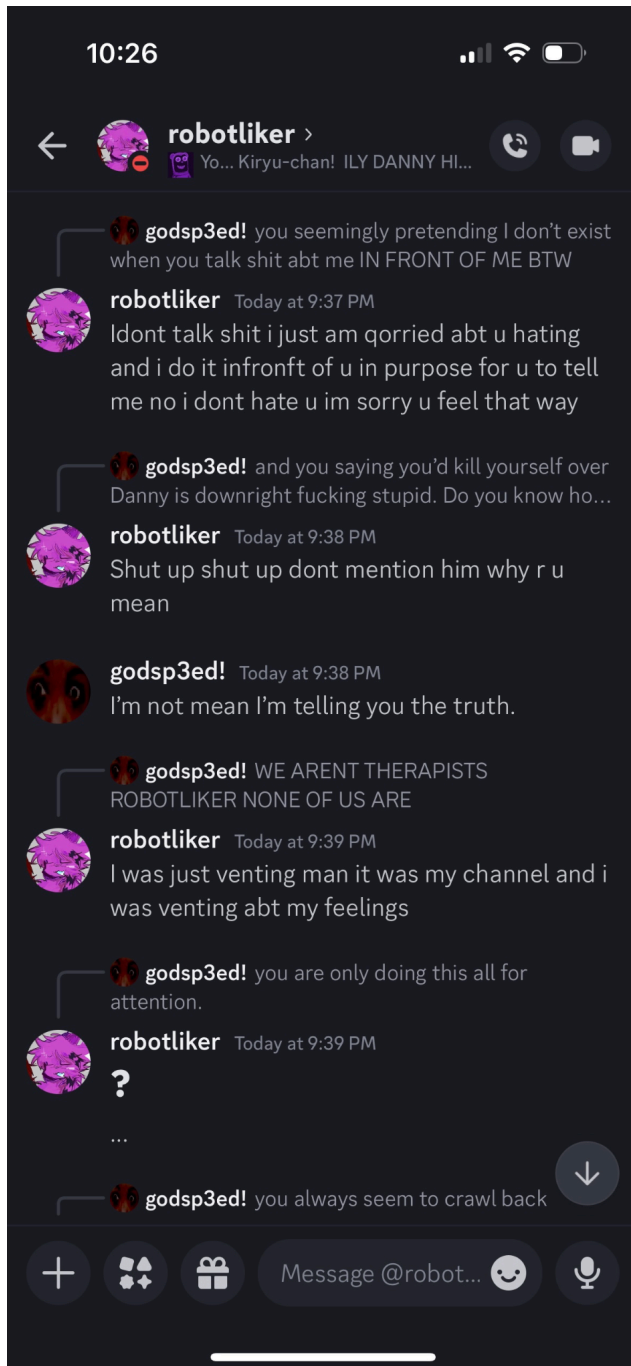

Threatening robotliker with leaving because robotliker was scared that I was gonna go through the same he did.

Godspeed quite literally confirms that he hurt robotliker. Robotliker tells Godspeed that he hurt him, and instead of Godspeed saying no he says 'BUT YOU NEVER TOLD ME!!' and blames robotliker for not telling, when it was quite literally impossible to tell him.

Me having an alter moment. I MIGHT be plural!

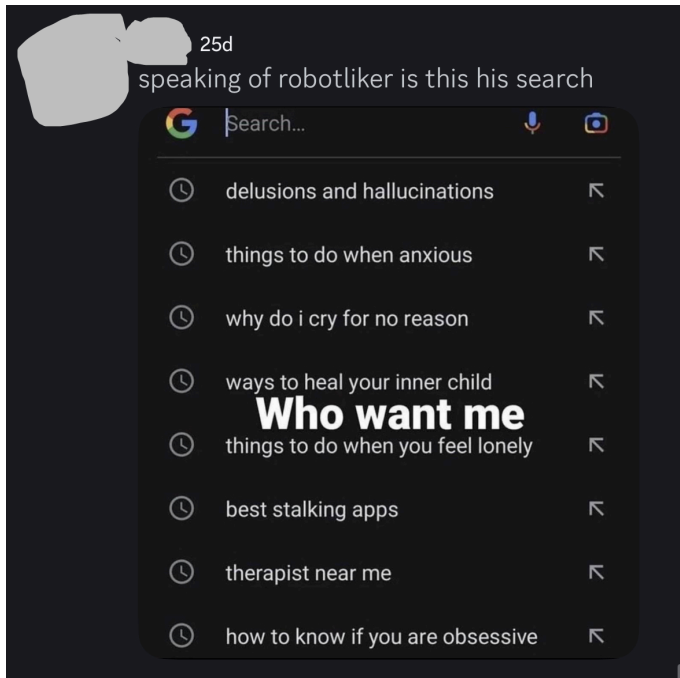

Godspeed saying that he's only doing this for attention. What? This is genuinely INSANE?

Godspeed blaming robotliker for getting groomed.

CLOSING NOTE

After reading this (or the summary), you might be confused.

What does any of this mean? Well:

It shows that Godspeed is transphobic and homophobic, using slurs that he cannot reclaim. Godspeed groomed robotliker and then did a 180, hating him and verbally abusing him any chance he got. Claiming that he's doing stuff for attention and that he's a horrible person for being mentally ill. Godspeed knew robotliker at his lowest and took advantage of that. He groomed me as well, and also wanted to try pressuring me into accepting his confession. He forced me to cut off my best friend because he was essentially mentally ill in return for a reward. After I did what he asked, he talked to me less and less before moving on to someone new. If you want to talk to Godspeed, be friends with him, or even follow him I hope this doc changes your mind on doing so.

To [Godspeed](#) (from fan): If you're reading this, you are a horrible, horrible person. The shit you did was absolutely inexcusable. You are a groomer. Someone who should never be trusted. Using something I like to manipulate me is sick. You never cared about anyone involved and all you said were empty lies. I want you gone from the internet and just know when you're dealing with someone like me, this shit won't be swept under the rug. Go to hell. Robotliker was always innocent and maybe instead of him getting help, you should be the one getting it.

My message to Godspeed (from Robotliker) if he's reading this I tried to talk to you man, we could've talked it out! But naah. I didn't have to tell anyone about this bud but no you just had to be an asshole to me (for a lack of a better term) I hope you stop

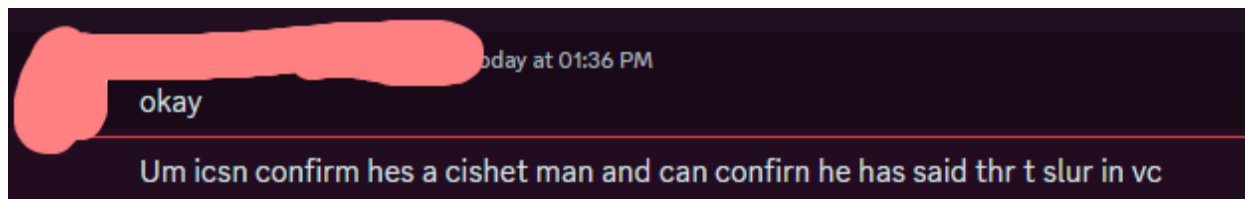

grooming minors and move on from me like genuinely leave me alone YOU STALKED MY TOYHOUSE WITH PINK AND KEPT SHITTALKING ME, srsly leave me alone.

Also to Gray, Pink, Green, Light red or anyone else that hates me. I hope this clears things up and we can be friends again. You guys are seriously so cool and it makes me so sad seeing you guys hate me. Also especially Pink. Pink, I'm so sorry i'm seriously so sorry. I miss you, bro D: Hopefully we can talk things out. It still hurts me deeply seeing you be so mad at me hh

Also one last thing if you can send me and fan some positive comments! We really need those right now sniffle . . . OKAY THAT'S ALL FROM US! YAKUZA ON!
Do you get it?.. Sparkle on?? Yakuza on? Lol?

WHAT [REDACTED]
YOU HAVE ME PLAY A GAY MAN IN DENIAL THEN
THIS IS WHAT I DO MAN
WHAT THE HECK!
/silly

Godspeed leaking personal shit about me.

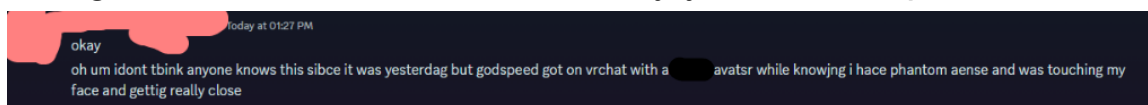

Bundle of sticks is **Teal***

Godspeed making fun of robotlikers eating disorder.

Black is Light Red's F/O aka character they yume/selfship with.

All screenshots below are from LIGHT RED

Light Red: Hey guys, um. i am light red and uh

I've been groomed by godspeed, he would use my F/O to fluster me and excite me, and it was really weird!

He would tell me things like "(CHARACTER) takes you out to a nice dinner and lovebombs you ASMR" and "(CHARACTER) making out and cuddling (ME) ASMR"

He would constantly tell me scenarios of (CHARACTER) and I and I would obviously get very flustered and he would laugh about it and say "(ME) crashed out" and "(ME) did you die??" He would do this on Voice Chats and Messages

It was really weird, and it got to the point where he made a VRChat avatar of (CHARACTER) and KNOWING that I have phantom sense he touched my face and got really close multiple times while giggling. I

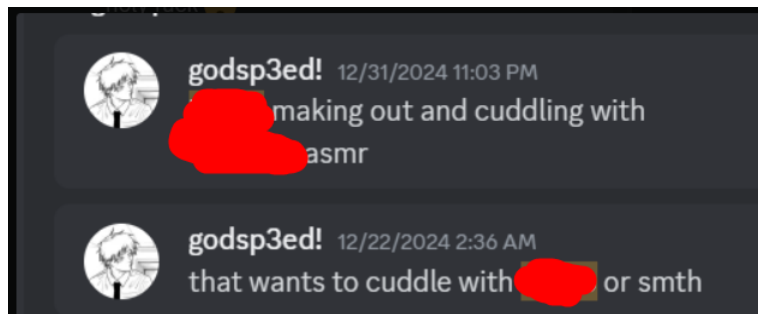

was sort of uncomfortable but mostly flustered, and i left the game abruptly because i got a bit overstimulated. He has done this on vrchat before, but he was on pc those times. Godspeed has sent me fat fetish art to desensitize me. Godspeed showered on VC multiple times, the VC had two 13 year olds, one of which were me. In some VCS, he has also roleplayed hitting me with a belt, which I thought was a bit weird.

He would also send me long paragraphs about other peoples traumas and things that I shouldn't know since it was all so personal. He dragged on the Robotliker situation in my Dms and manipulated me into stalking them.

Godspeed bought me Webfishing, he played as my F/O and kissed me a lot.

Godspeed has also told Fan and I that he would rub peanut butter on Martha's boobs and suck her nipples, and asked us if the milk would be flavored.

Hi, I'm lavender. I used to work with Godspeed and have had a few experiences with him as well. He has, however, also been acting strangely toward me. Take this as you will; I'm not sure if I should refer to it as grooming.

I yume with Adam, and Godspeed is Adam's voice actor. As recently as yesterday (January 3rd at the time I'm writing this), he's attempted to utilize this to get closer to me. He would constantly call me pet names as Adam on vc, would pretend to kiss me, and flirt with me on dms.

I know he has done this to other people as well as adam.

I'm going to be honest: I should have realized something was wrong and stopped it long ago. I don't know why I allowed this to go on for so long. Fortunately, he didn't do anything sexual, but it seemed like he was attempting to use Adam to get romantically involved with me.

It's a recurrent and repulsive practice of his to take advantage of people's comforts to influence them.

But as time went on, I stopped playing into it as much since I was beginning to feel a little uneasy about how often he did

this. using someone else to feed my fantasies seemed horrible, even though it wasn't that way at all and, unfortunately, it was the other way around.

Godspeed, if you're seeing this—which I'm sure you are—I'd hope you'll grow and learn from it, but given that it's *still* been happening up to this point, I doubt you'll change much more. There is no hope for you. None of this is teaching you anything, and I have no reason to believe that you won't repeat this with someone else. I hope you have to live and be known as the person who did repulsive, perverted things to so many minors, you are horrible for doing this to so many people. You took pride in what you accomplished. Live with your actions. Don't try to come back, there is nothing left for you here; your perverse behavior is all that will be remembered of you, Godspeed.

Light Green: Hi i'm light green. Adam has been my main f/o, and since godspeed heard about it he decided to go into my dms and act as him. It would make me flustered, and also uncomfortable. I didn't know him very well too, and it's so disgusting that he's used a character like him to do this shit. TWICE.

I pretended it wasn't weird at first, but he continued to message me. Like what lavender said, Godspeed I hope you learn from this and keep to yourself.

teal/brite: hey, teal here, but you can also call me by my real name, brite. i was one of the main people that godspeed used to come to when he felt the urge to rant about fan and or robotliker, and oh boy do i have a lot of stuff to share with you guys!

first of all, i was unaware that he was doing all of this to them, and im sorry to both fan and robotliker for not coming to you guys sooner to ask for you guys side of the story, and im sorry to

myself for being so naive. to godspeed, yes, you godspeed, i know youre reading this; please actually go seek help and reflect on your actions. you have no reason to be acting this way while you are presumably "16".

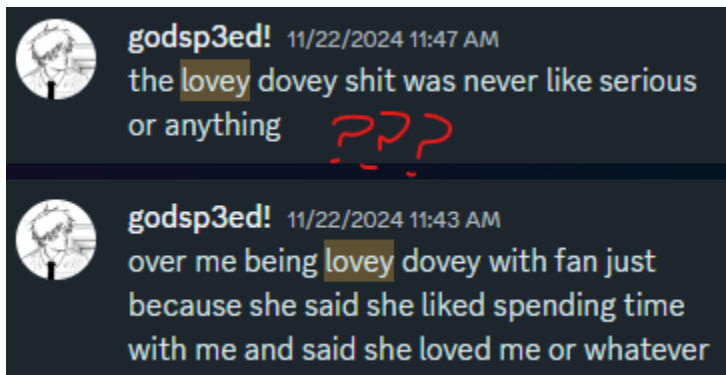

me and godspeed both shared a work gc, with him adding me on september 23rd. said gc was related to fans favorite thing. godspeed would constantly (hyperbole) talk about the fan and robotliker situation behind their backs in the group chat, convincing others that HIS side of the story was right and that they shouldnt go to robot nor fan since they were made out to be these aggressive and sensitive individuals that you couldnt reach out to unless you had a death wish. this led the other people in the gc to start ridiculing them both along with godspeed, which i will admit i am guilty of, and im sorry for that. i am aware of the whole situation now, since godspeed was just chopping off little bits and pieces for me, how ironic!

with the grooming, he did not tell me the full story either, instead just saying that all of the flirty messages between him and fan were just "jokes" and were never meant to be taken seriously. also ironic, considering the fact that the contents of the messages say otherwise!

i apologize if any of these screenshots have been shared already, im just sharing what i have and what godspeed has said in our dms.

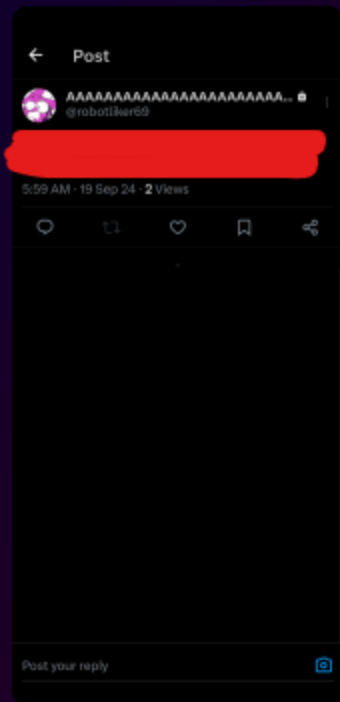

(godspeed flirting with fan)

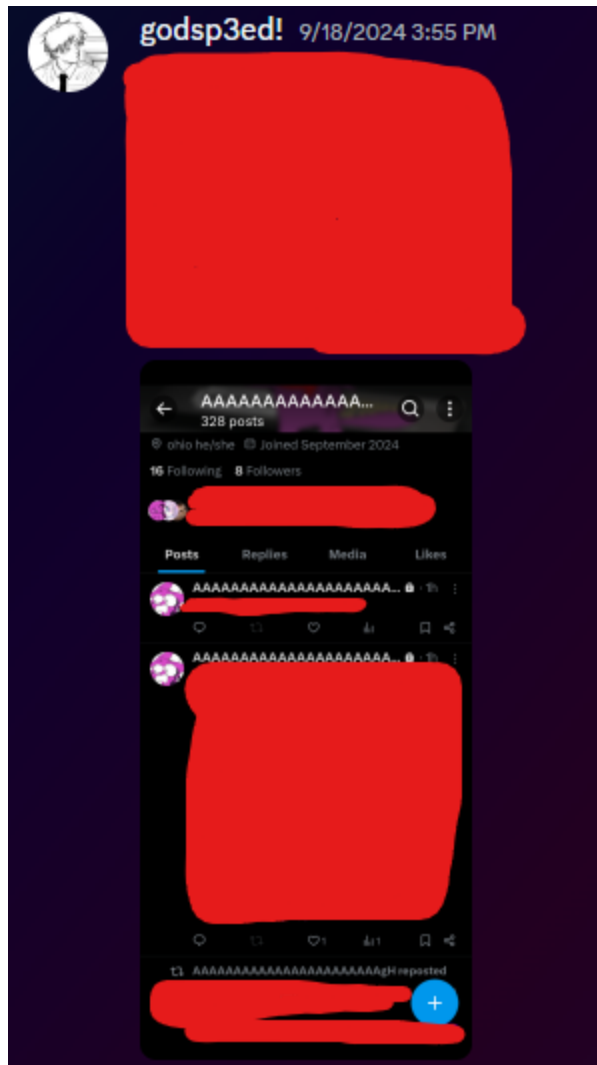

(godspeed saying that the "lovey dovey shit" was never serious)

i feel that it is also relevant to add that before i even got added to the bob gc, godspeed proceeded to leak robots private twitter account in our dms, making fun of it, and even digging up his old vents to make him look worse, most likely so that i would be more driven away from contacting him

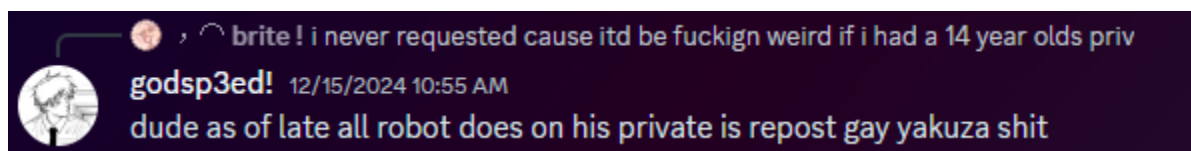

oh my fucking GODDDDDD

(private btw)

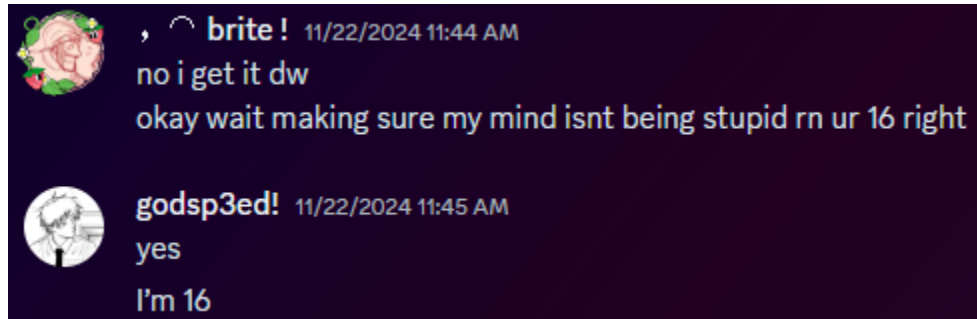

(godsp3ed showing me screenshots of robotlikers private, said screenshots being posts of his vents. blurred out in respect for robotliker)

(proof that he had a hold of robots private)

he ALSO cant make any excuses about the grooming shit, since he was indeed aware that fan was 14 while he was 16! i had scolded him on this and he still dismissed all of the grooming allegations

and wanking on call! he did apologize, which i am thankful for, but it was unfortunately just a quick "im sorry", which in my opinion, isnt enough to make me forgive a groomer.

(him confirming that he was infact 16 years old during november)

my opinion on this? godspeed is a terrible person, case closed!

with love,

teal !
