## NEW A5519850 Luna | Siberian Husky

UHA5519850

#A5519850 Luna

🐾 Meet Luna – The Fearless Husky with a Heart of Gold 🌙✨

- Luna is a 5-year-old Siberian Husky who proves that resilience is beautiful.
- Spayed female
- Gray & white coat
- 48 lbs
- Friendly, social, and confident
- Classic husky charm (yes... she may sing 🎵)

Luna came to the shelter with severe eye disease causing pain. To give her relief and a better quality of life, both eyes were surgically removed. And guess what? She's doing great. ❤️ Blind dogs adapt incredibly well, and Luna already is. She navigates with confidence, responds to voices, and approaches people with a soft, trusting demeanor. Her world is built on scent, sound, and connection, and she's embracing it.

She will be adopted on a health waiver and her new family will need to follow up with their own veterinarian to continue her care. The shelter team can go over all details to ensure a smooth transition.

Luna doesn't need sight to love fully. She just needs someone willing to show her that home is safe. If you're ready for a brave, affectionate, and lovely companion, Luna is ready to meet you. 🌙🐾

## COURTESY POST **Baby** | Gray Tabby Medium Hair

**Baby** is a beautiful feline with a lovely plumed tail, who is homeless but would very much like to be in a warm and loving home. Although cautious at first, once a little trust is built, **Baby** is very affectionate and eager to come into the home, and is even vocal about doing so. Yes, **Baby** talks!

Although **Baby** has not been medically examined, one ear is clipped, so **Baby** most likely was part of a “catch, spay/neuter, and release” program, and therefore, should already be altered.

**Baby** is not feral. She clearly wants to have a special human of her own. Linda, **Baby**'s chosen benefactor, cannot bring **Baby** into her home due to allergies and other pets, but desperately wants **Baby** to have a deserving life as an indoor pet.

If you're that person or family, please contact Linda at (909) 730-0686, she is located off of Lone Hill and Cypress in San Dimas, CA
