

**Recommendation #NEW Reporting Requirements**

Please note that the staff support team has reviewed all the input received and has applied changes as follows:

- Change applied as proposed
- Change applied but with modification
- Change not applied – rationale provided
- Need further guidance from EPDP Team to decide if / what change should be applied
- Response to question posed
- Request for further input from group that provided comment

Instructions: EPDP Team members are expected to review the last column ('how addressed') and indicate if any of the changes that have been applied or have not been applied have resulted in a 'cannot live' with items. Please indicate your rationale for flagging an item and provide a proposal for how your concern can be addressed factoring in previous discussions.
