

# STEAM DAY 2021

## Here's what the students thought:

"I took ideas from the day and then did my own experiments at home over the weekend"..  
Denis, Year 5.

"I really liked it and learnt a lot of new things, especially in maths! Chris', Year 5.

'I was inspired to make my own water rocket at home. It didn't fly very high, but I learnt a lot by doing it". Daren, Year 5.

"I enjoyed making wheeled rockets in Art". Betka, Year 5.

"I really enjoyed the maths because the cipher codes were exciting". Nela, Year 5.

"I loved making the wheeled rockets." Ines, Year 5.

'My favourite part was programming the micro bits'. Filip, Year 5.

'All the sessions were enjoyable, but the maths was my favourite'. Sofie, Year 5.

'The wheeled rockets required precision when launching them and I really enjoyed that'.  
Tobi, Year 5.

"Making the rockets was especially fun because our rocket shot from the football pitch all the way up to the balcony. It was really exciting because I had never done anything like that before." Masha 6E

"I was really impressed that we managed to make a rocket that could travel so far. It was exciting to see everybody's rockets in action and to see how far they all went." Sam 6E

"We programmed microbyts. I had done something like it before but I enjoyed being able to do more, especially adding music to my program." Tobias 6E

"I was enjoyed programming the microbyts because it was the first time I had ever done something like that. I learned lots of news skills." Viktor 6E

"I enjoyed working as a team to crack the codes." Matylda 6E

"I enjoyed learning about the new codes, like the Caesar shift. Even though we sometimes found it hard to work as a team, we managed to crack most of the codes." Eliska 6E

"I was so impressed that Mrs Zajac had a message hidden on her belt." Maks 6E

"I found the Maths pretty hard but it was still really fun. When we managed to crack a code, I was proud and a little relieved." Rafael 6E

"I feel like it was my time to shine because I love Science." - Christian 6K

"Our favourite activity was launching rockets in the playground because it was fun and I was surprised we could make them fly. We learnt about aerodynamics, friction and pressure. It was learning and fun at the same time." - Maya and Sam A 6K;

"I really enjoyed the Maths activity, as we were like detectives. It was fun to crack codes with my team." - Tereza 6K
