

WELCOME BACK!!

Elementary School Students & Parents/Guardians,

Tomorrow, August 25th, is the start of a new school year for all 1st through 5th grade students and Kindergarten students start August 26th. We welcome all on their start date to bring their items to their locker and check out their classroom starting at 7:35 a.m. but then ask those that are not eating breakfast to go out to the playground where teachers and paras will be waiting. To access the playground, students will need to take the sidewalk in front of the high school, then walk down the sidewalk along N. Cedar and then enter the football field through the walk-in gate in the corner of the parking lot.

As school proceeds, the main drop-off/pick-up area, along the front of the elementary school, and in front of the high school on 2nd street will still be our drop-off locations and students will need to walk down the sidewalk along 2nd street then along N. Cedar where they enter the football field through the walk-in gate in the corner of the parking lot. If they are being dropped off and eating breakfast, they will enter the main doors of the elementary and go down the hall to breakfast. Students riding the bus will have an entrance at the rear of the building to access breakfast. Please DO NOT have students enter the building unless they are going to breakfast as there isn't any access to the playground through the building. Also, please do not use the elementary or high school parking lots for drop-off/pick-up unless the vehicle is parked in an appropriate parking spot. We appreciate your patience and cooperation as we move through this process with construction and be sure to watch for updates as things will change throughout the year.

Excited to see all those smiling faces!!!

Christina Hartmann
K-5 Principal
