

Motion RE: Ratification of [Alice's Mandate](#)

Whereas, all Members-at-Large of the Board of Governors are required to undertake a mandate pertaining to the improvement of some aspect of the EUS;

Whereas, the EUS is working toward a long-term vision of becoming a more equitable student society, but is lacking variety in opportunities for students to expand topics of Engineering to other fields;

Whereas, the Engineering faculty has the E-IDEA Fund for projects revolving around Inclusivity, Diversity and Equity Advancement and is scarcely used;

Whereas, the EUS VP Communications in collaboration with the Plumber's Student Design have started a project in which a projector is to be installed in the Frank Dawson Adams hallway near the McGill Engine and display student artwork revolving around topics of inclusivity, diversity and equity in Engineering;

Whereas, the EUS VP Communications no longer has the time to pursue this project;

Whereas, there is great value in this project to contribute to the long term vision of the EUS and equity;

Whereas, the equipment is to be funded by the E-IDEA fund and a report will be drafted with regards to how it works based on its implication with the projector project.

Be it resolved the Board of Governors ratify Alice's mandate as the ProjectOr.

Moved by: Alice Lemay, BoG Member-at-Large

Seconded by: Alex Scheffel, EUS BoG Chair

Results: [For Secretary of Council only]
