Website Content:

If your child comes home from school with a **Lexile®** or **Quantile®** measure on an assessment report, you might wonder, “What is this and what do I do with it?”

Lexile and Quantile measures are actionable data points designed to help parents and educators support a child’s growth in reading and mathematics.

 Exciting news for **[School/District]**!

The Lexile Framework for Reading and Quantile Framework for Mathematics are available to help every learner grow. Students receive Lexile and Quantile measures through interim and/or state summative testing **[or add the specific name of the assessment(s) reporting Lexile and Quantile measures here]**. These measures give educators and families a clear view of each student's reading and math ability.

Explore the Lexile & Quantile Hub to find personalized reading and math resources that are “just right”, track growth, and connect classroom learning to life skills.

Start exploring at [Hub.Lexile.com](https://www.lexile.com/hub)

Posts on Implementing the Measures

Sample (leveling libraries):

[Insert School Name] has recently leveled our library using Lexile measures. Students are now able to easily find books aligned to their reading ability. Encourage your student(s) to stop by soon and choose a book that is "just right" for them.

Lexile® Find a Book:

You can help build confident readers with #FindABook in the Lexile & Quantile Hub.

Find texts that match every student's interests and ability, explore vocabulary by chapter, and make reading an engaging part of everyday life at [Hub.Lexile.com/Find-A-Book](https://www.lexile.com/hub/find-a-book).
