

Dear Parents,

This letter is to inform you of our current discipline plan for 7th Grade OMS students. Our goal is to support students in making behavioral choices that will encourage productiveness, respect, and responsibility. An outline of our current discipline plan is shown below.

1st behavior issue

Student receives a verbal warning and may be written up on our discipline form.

2nd behavior issue

Student is written up on our discipline form and receives a copy to be signed by a parent and returned the next school day. It will be considered a third issue if a student does not return the signed form.

3rd behavior issue

Student is written up on our discipline form and sent to Mrs. Ellison for consequences.

*Severe behavior will warrant an automatic referral to Mrs. Ellison (ex. violence and foul-language).

*The write-ups may be all from one teacher, or from a combination.

* There will be a reset on these documented write-ups at the beginning of the semester in order to provide all students with a clean slate.

Please contact us with any questions. We appreciate your support from home. Thank you!

The Seventh Grade Team
