

Boardgame Companion Privacy Policy

Last updated: 19/02/2026

This Privacy Policy describes how Boardgame Companion ("we," "us," or "our") handles your personal information and data when you use our mobile application (the "App").

We believe in complete privacy. We have designed the App to be **offline-first**, meaning we do not collect, store, or transmit your personal data to any external servers.

1. Data Collection and Storage

We do not collect any personal data.

- **Local Storage Only:** All data you enter into the App (including names, notes, contact details, tasks, and hashtags) is stored exclusively on your device's internal memory.
- **No Cloud Sync:** We do not have a backend server. We do not sync your data to the cloud, and we do not have access to the information you enter.

2. How We Use Your Data

Since all data remains locally on your device, we do not use, process, or analyze your data in any way. The data is used solely by the App to display your information to you.

3. Data Export and Backup

The App includes an "Export to csv" feature located in the Settings menu.

- **User Control:** This feature functions only when explicitly triggered by you.
- **Purpose:** This allows you to create a backup of your data or transfer it to another device.
- **Destination:** The exported file is saved to a location on your device chosen by you. You are responsible for the security of this file once it is exported.

4. App Permissions

The App may request specific permissions to function correctly. These permissions are used strictly for local functionality:

- **Storage / File Access:** Required only if you choose to export your data to a csv file or import a previous backup.

5. Third-Party Services

We do not use any third-party analytics (like Google Analytics or Firebase) or advertising networks. No data is shared with third parties.

6. Children's Privacy

The App is not directed at all ages. However, since we do not collect personal data, we also do not collect data from children.

7. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. We will notify you of any changes by posting the new Privacy Policy on this page.

8. Contact Us

If you have any questions or suggestions about our Privacy Policy, do not hesitate to contact us at:
