

# Brett Kavanaugh Joins the Supreme Court

The Senate confirmed Brett Kavanaugh, 53, to the Supreme Court on Saturday October 8th, where he could easily serve for more than two decades and change how the nation's laws are made. He replaces Anthony Kennedy, who retired this summer. He can be in the Supreme Court for the rest of his life if he wants to, and he can also not get fired from the Supreme Court. He was confronted of a sexual assault from when he was in high school and he did not believe this and they did not believe him even though no one really knows if he did it or not the senate believed him instead of the girl that confronted him. The reason I picked this topic is because Brent Kavanaugh is going to be making a lot of big decisions for the USA!
