

Tadpole Tank (Pitch your Project)

Plan a 3 minute (or less) auditory presentation of your project.

Your presentation should include the following:

- overview
- what students will be doing
- assessment
- where it is on the SAMR ladder and where it would be moving to

After your presentation the Tadpole Panel will provide you with feedback. The audience will also give feedback in this document in the Project Feedback section below.

1. Make your own version of this document

- Make a copy of this document. (File > Make a copy...)
- You will be prompted to name your document. Name it **LastName_TadpoleTank Assessment**
- Click the folder icon in the menu bar above and choose your personal course folder

2. Your Project Pitch

- Write a description of your project

3. Project Feedback - Audience will contribute feedback here.

- Comments about Structure

- Comments about Content

4. Revised Project Description (for Wednesday)

- Use feedback from the Tadpole Tank and audience feedback to revise your project.
