

Call Governor McKee!

Thank you for taking time to contact Governor McKee and implore them to Save RIPTA!

INSTRUCTIONS

Call Governor McKee (401) 222-2080

SCRIPT

Hi I'm ____, I live in ____, I'm calling to plead with you to save RIPTA. This is important to me because _____ (personal story about your experience). RIPTA's proposed service cuts would severely impact my ability to get around, creating a painful future for the riders like me who rely on it. Rather than wasting millions of taxpayer dollars on round-the-clock, mostly empty tow trucks for the Washington Bridge or massive highway signs for TF Green Airport, you could help thousands of everyday Rhode Islanders by finding the funding to ensure these devastating cuts are avoided. Please do something, we should be expanding RIPTA, not shrinking it.
