Abstract: contains the issue and focus of community service, subject of devotion, the purpose of community service, methods/approaches/strategies of community service research, and the results of community service (maximum 150 words).
(Cambria, size 12font Italic)

Keywords: 3-6 words

INTRODUCTION (Cambria, size 12)

Contains the description of the situation analysis or objective conditions of the community service subject (assisted community), issues and focus of service, reasons for choosing community service subjects, and expected social changes or community service goals supported by qualitative and quantitative data, and supported by relevant literature reviews. Reference should apply Turabian Style.¹ (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

METHOD (Cambria, size 12)

Contains the description of the joint community action planning process (community organizing). Explain the subject, place and location of community service, involvement of assisted subjects in the process of community planning and organizing, and research methods or strategies used in achieving the expected goals and stages of community service activities. The planning process and strategy/method are explained through flow charts or diagrams. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

¹ Each reference must be given a footnote using the Turabian 8th style.

Figure Example:

Figure 1. Diagram Examples

(Figure must be numbered, for example: *Figure 1. Diagram examples.* Image captions (number and title of images) placed in the bottom center)

RESULT (Cambria, size 12)

This section contains the description of the community service process results, namely the explanation of the dynamics of assistance process (a variety of carried out activities, forms of technical or program action to solve community problems). It also explains the emergence of expected social changes, for example the emergence of new institutions, changes in behavior, the emergence of local leaders (local leaders), the creation of new awareness towards social transformation, and so on. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

Table Example:

(The table must be numbered, for example: *Table 1. Descriptive Statistics.* The table description (table number and title) is placed on the top center)

Tabel. 1 Descriptive Statistics

N	Minimum	Maximum	Mean	Std. Deviation

DISCUSSION (Cambria, size 12)

Contains the discussion resulted from the description of community service and theoretical discussion that is relevant to the findings of community service. This section also discusses the theoretical findings of the service process from the beginning until the social changes occur. The discussion is supported by references and theoretical perspectives provided by relevant literature reviews. The reference must apply Turabian Style. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

CONCLUSION (Cambria, size 12)

This section contains the description of result conclusion toward community service in the form of theoretical reflections and recommendations. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

ACKNOWLEDGEMENTS (Cambria, size 12)

Contains the descriptions of acknowledgments or acknowledgments to parties (individuals or institutions) who are directly or indirectly involved in the success of community service program activities. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)

REFERENCES (Cambria, size 12)

(References writing should follow Turabian Style rules. (Cambria, size 12, Spacing: before 0 pt; after 0 pt, Line spacing: 1)
