

SL: Something You'll Like...

Hello (name),

While searching for passive income ideas on YouTube, I came across your channel and decided to check out your other videos.

I was impressed by your expertise in personal finance and accounting.

Your video “10 ways you should be saving in 2023” is full of helpful tips, especially since I visited your website and noticed that you are planning to launch a course.

I have created a series of emails for your email list that aims to build up demand and capture the maximum number of sales.

As a qualified accountant and personal finance expert, I believe that you have much to offer people looking to improve their financial literacy.

I'd like to offer you these emails as a complimentary gift, with no obligations whatsoever.

It would be my pleasure to send them over to you promptly. Let me know if you're interested.

Thanks for taking the time to read this, and I would like to hear back from you soon!

Best regards,

Carlos R.
