Create a new Dreamweaver Page with:

1. Logo for your company.
2. Navigation Bar with 3 Rollover Buttons (2 Images for each button).
3. Your image linked to your Blog.

    - Keep the principles of design in mind for your design. (Make it aesthetically pleasing.)
    - Your Logo should be for your company. (Example: Joe's Smartphones, Tom's Tablets, Mary's MACS)
    - Use Cooltext.com, ComicLife, Keynote or other graphic program to create the logo and buttons.
    - Use Photoshop, or Pixlr.com to make the background transparent. (Save as .png)

4. Add Logo and Navigation Bar to a new Dreamweaver Page.
5. Add your Image to the Page. Make it link to your blog.
6. Save as Final Exam in Dreamweaver.

Turn it in Engrade

HTML – Performance Task	Points	Yes	No
