Community Discussion on Utilizing the Unclaimed Rewards from Old dApp Staking Wallet

General • Jan 14

Sending it to treasury is good if we don't have better places to utilize this fund, but right now, Soneium mainnet is alive, do we want to have some more campaign to promote Astar in Soneium? I feel that would be better than sending it back to treasury, just like the Yoki events, I think we should ha...

D [Proposal for dApp Staking Code of Conduct](#)
Community Council • Feb 6

Hi [@tksarah](#) , we don't have to include the "education" part in the code of conduct, the "education" may be one of the categories for dApp staking, or one part of the current dApp staking, like a DeFi project could share the tutorial of using their product when reporting their ongoing contribution.

D [Proposal for dApp Staking Code of Conduct](#)
Community Council • Feb 5

Thank you [@tksarah](#) ! I like this code of conduct that establishes a solid framework to ensure fairness, transparency, and long-term sustainability for projects within the Astar ecosystem, one minor suggestion is that we should also consider the user education part for the dApp staking, maybe a cate...

6 - Requested Compensation Amount & Justification:

The reward calculation followed the formula used by the Astar Foundation and considered the average of the last 11 months received (from January to November 2024). The base allocation is \$1,000 per Agent, with additional bonuses for achieving goals in activities such as CM, GOV, SM, CC, EM, BD. In particular strong on the content part and also the X space, event and campaign and BD with different astar/soneium projects to promote astar in Chinese community. This results in a base amount of \$1,250 per month.

The total amount requested for the 4-month period is: \$5,000.00

7. Future Plans

The mission to grow and empower the Chinese-speaking community within the Astar and Soneium ecosystems is essential for expanding global adoption. Through AIWeb3's platform, educational outreach, and active community leadership, I aim to enhance engagement, support builders, and promote long-term ecosystem value.

Community Expansion and Engagement

Initiative	Future Plans
Growth of the Chinese community	Expand reach via Chinese AIWeb3 Telegram, Discord, and WeChat channels; organize onboarding sessions for new users.
AIWeb3 community	Strengthen AIWeb3's presence as a content and community hub for Astar and Soneium in China.

SONEX Chinese Ambassador Program	Lead and grow the ambassador team to cover more educational content, AMA sessions, and regional outreach.
Daily/weekly engagement	Host discussions, answer questions, and keep the community informed with Astar and Soneium updates in native language.

Content Creation and Education

Initiative	Description
Official content hub	Leverage y.aiweb3.org to curate, publish, and reward high-quality Chinese-language content.
Reward mechanism	Integrate Astar token-based incentives for creators contributing to educational videos, articles, and tutorials.
Community spotlight	Feature valuable contributions and share across Twitter and Telegram to amplify community voices.
Translation support	Translate Astar/Soneium official updates, announcements, and technical guides into Chinese.

Events and Ecosystem Promotion

Initiative	Description
------------	-------------

Twitter/X Spaces	Host regular Chinese Twitter Spaces with project founders, developers, and ambassadors from Astar and Soneium.
Ecosystem showcase	Highlight innovative dApps and partners building on Soneium and Astar, encouraging user trials and feedback.
Cross-project collaboration	Support and co-host events with other projects in the Astar/Soneium ecosystem (e.g. NFTs, DeFi, infra tooling).
Local university/community outreach	Engage with students and local dev circles to introduce Astar and Web3 careers.
