

Sealy, Kyle - Bio

Kyle Sealy - Regional CAP Director

As a former collegiate player at the University of West Florida, I achieved three conference championships as a player and two more as an assistant coach with the men's program.

Since the inception of Coastal Rush in 2021, I have served as a coach and Director, dedicated to player development and creating opportunities for athletes. In this new role, I am excited to connect and collaborate with clubs across the South, continuing to grow the CAP program and its impact on players.
