

Addressing things

By MaroonSpartan2006

Ok so a few months ago, there were these guys who used to be my friends but not anymore, they cutted ties with me over some misunderstandings and minor mistakes i made that i didnt intend at all, they also tried to paint me as the villian, refuse to hear my side of the story and treating me like shit.

Note: please do not go out and attack anyone mention in this doc

So, real talk, recently i got into drama... in a smg4 fan server, so here's what happened
One time i was roleplaying with some people, a person asked where we were in a roleplay, i said ohio, i only meant it as a joke, i just said it out of the blue, all i did was simply mentioned it, i never said it maliciously, it was never directed to anyone, then one of the members named gart got upset and got pissed at me and so did everyone else, and i got a strike for it, and here was what the owner in one of the servers said to me

 **Chris** 10/26/2024 8:28 PM
Sorry twen, I couldn't help myself, maroon tends to be weird sometimes
Lots of crazy shit happens in my series

 **Twen T. Three** 10/26/2024 8:28 PM
But Gart is from Ohio

 **Chris** 10/26/2024 8:28 PM
I tend to make stupid jokes at times

 **Twen T. Three** 10/26/2024 8:28 PM
That joke triggers her very negatively

 **Chris** 10/26/2024 8:28 PM
I'm sorry I didn't know

 **Twen T. Three** 10/26/2024 8:28 PM
It's fine
But still

 **Chris** 10/26/2024 8:29 PM
I didn't mean to screw up

 **Twen T. Three** 10/26/2024 8:29 PM
Just remember for next time

 **Chris** 10/26/2024 8:29 PM
How many strikes will get me removed from your server

 **Twen T. Three** 10/26/2024 8:29 PM
You're on your first strike
Strike 1: Timeout for 1 hour
Strike 2: Timeout for 1 day
Strike 3: BANNED

 **Chris** 10/26/2024 8:30 PM
So it's the old baseball strike system

 **Twen T. Three** 10/26/2024 8:30 PM
Pretty much
Now when your timeout expires, I expect u to be more respectful, got it? (edited)

 **Chris** 10/26/2024 8:30 PM
I need to watch what I say, I tend to sometimes act like my characters in my series, they're all a bunch of stupid idiot who do stupid things
And yes I'll be more respectful

 **Twen T. Three** 10/26/2024 8:31 PM
Okay
And you'll have to give Gart a SINCERE apology
Don't pin the blame on just your characters
And unfortunately for the sake of the others, I'm gonna have to revoke your role play privileges

 **Chris** 10/26/2024 8:32 PM
For how long

 **Twen T. Three** 10/26/2024 8:34 PM
Until you apologize

  Twen T. Three Don't pin the blame on just your characters

 **Twen T. Three** 10/26/2024 8:34 PM
Again

 **Chris** 10/26/2024 8:35 PM
I already apologized
Why do I always screw up? Is that all I ever do? Screw things up? All info is make more mistakes than learn from them

 **Twen T. Three** 10/26/2024 8:35 PM
Dude

 **Chris** 10/26/2024 8:35 PM
?

 **Twen T. Three** 10/26/2024 8:35 PM
You were using your characters as an excuse

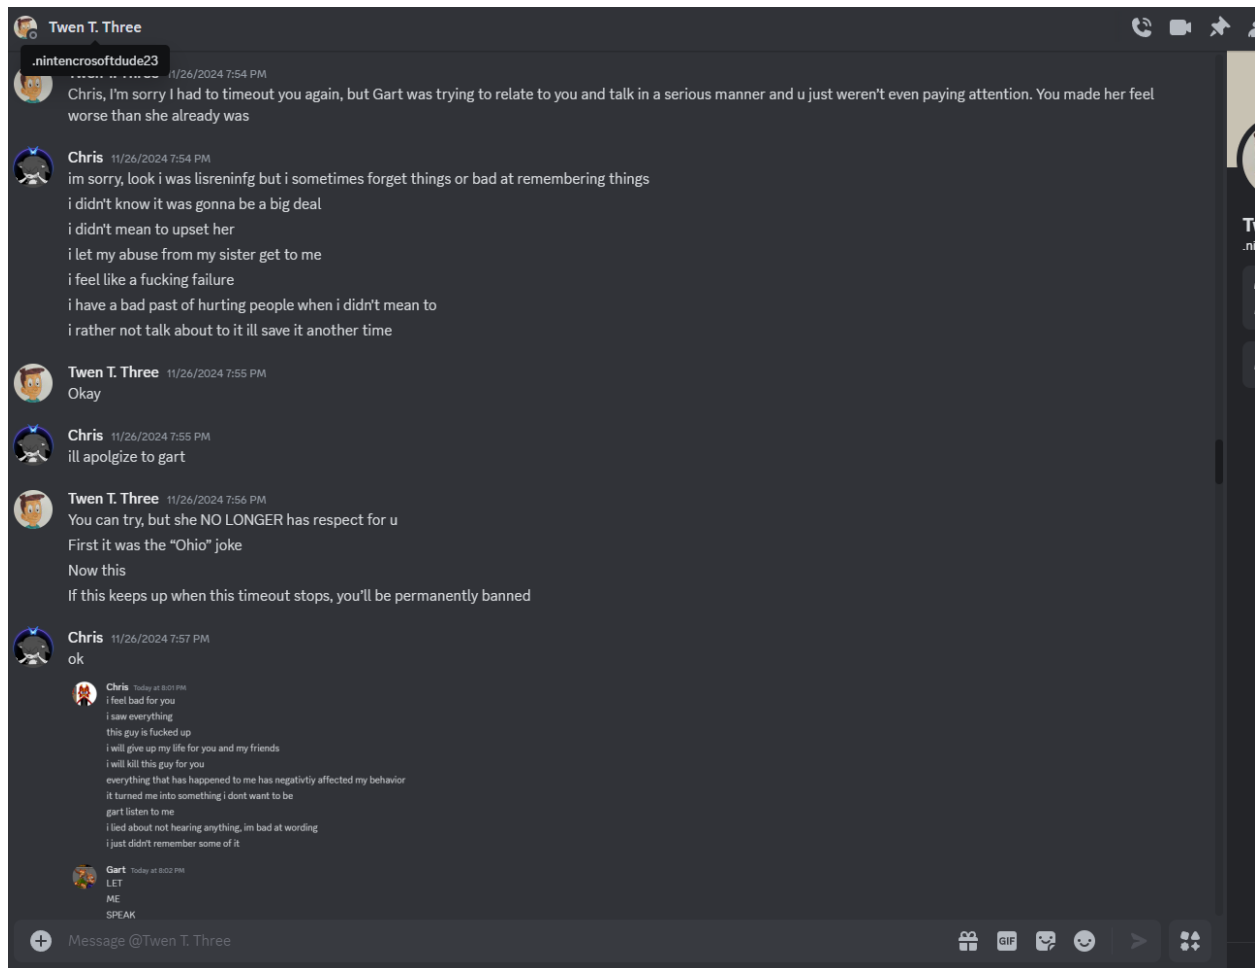

Yeah, i fucked up there, i shouldn't have made that joke when gart was around, i didn't know she was from ohio at the time, i didn't know it was gonna offend her, i didn't know it was gonna be a big deal, how the hell was i supposed to know gart was from Ohio and that it was gonna offend her, it's not like there expecting me to magically know where someone is from. i got a strike from twen's server for that, i never intended to offend gart as i was not aware she was from the state i made a joke out of at the time, the reason why i said ohio in the first place was because when me and other individuals were roleplaying in Twen's server and I believe

someone asked where we were in the roleplay and i made a joke out of the blue and said Ohio, it wasn't directed to anyone at the time, i unintentionally offended gart and i was unaware of where she was from and here is the discussion i had with her about it.

Yes I should be careful with what I said, sure I never meant to hurt Gart's feelings but i need to understand my actions have consequences, i did apologize but I needed to give her space. This was the first time something like this happened to gart, but it wasn't the last either, you see, when i was on a vc with twen's friends, i was venting about my personal issues like cyberbullying for a example, Gart wanted to relate to me so she pulled up a doc and was talking about it, i was paying attention at some point until i got distracted by going on youtube for something then came right back, when she was done talking i said i wasn't paying attention everyone was pissed at me and Twen asked me to leave the call and I did. And here is our

conversation about it:

Chris 11/26/2024 8:06 PM

please
give me another chance
im still trying to fix myself
we can speak this out
im begging you
i never intended this

Twen T. Three 11/26/2024 8:07 PM

I'm not gonna unfriend u
But...
...say bye bye to my server

Chris 11/26/2024 8:07 PM

no.....
this cant be
im still trying to fix my behavior
and redeem myself
everyone deserve another chance

Twen T. Three 11/26/2024 8:08 PM

I'm sorry but the deed has been done

Chris 11/26/2024 8:08 PM

.....
i will forever be a failure
i can't do this anymore, i just keep hurting people

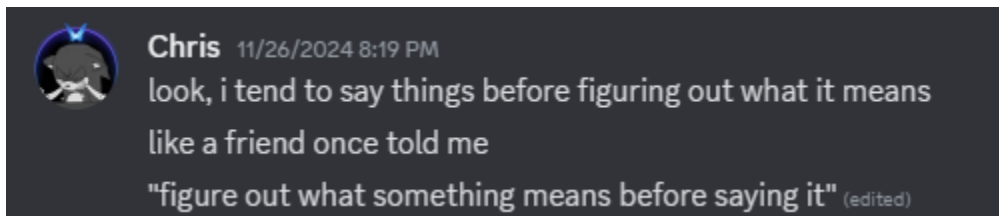

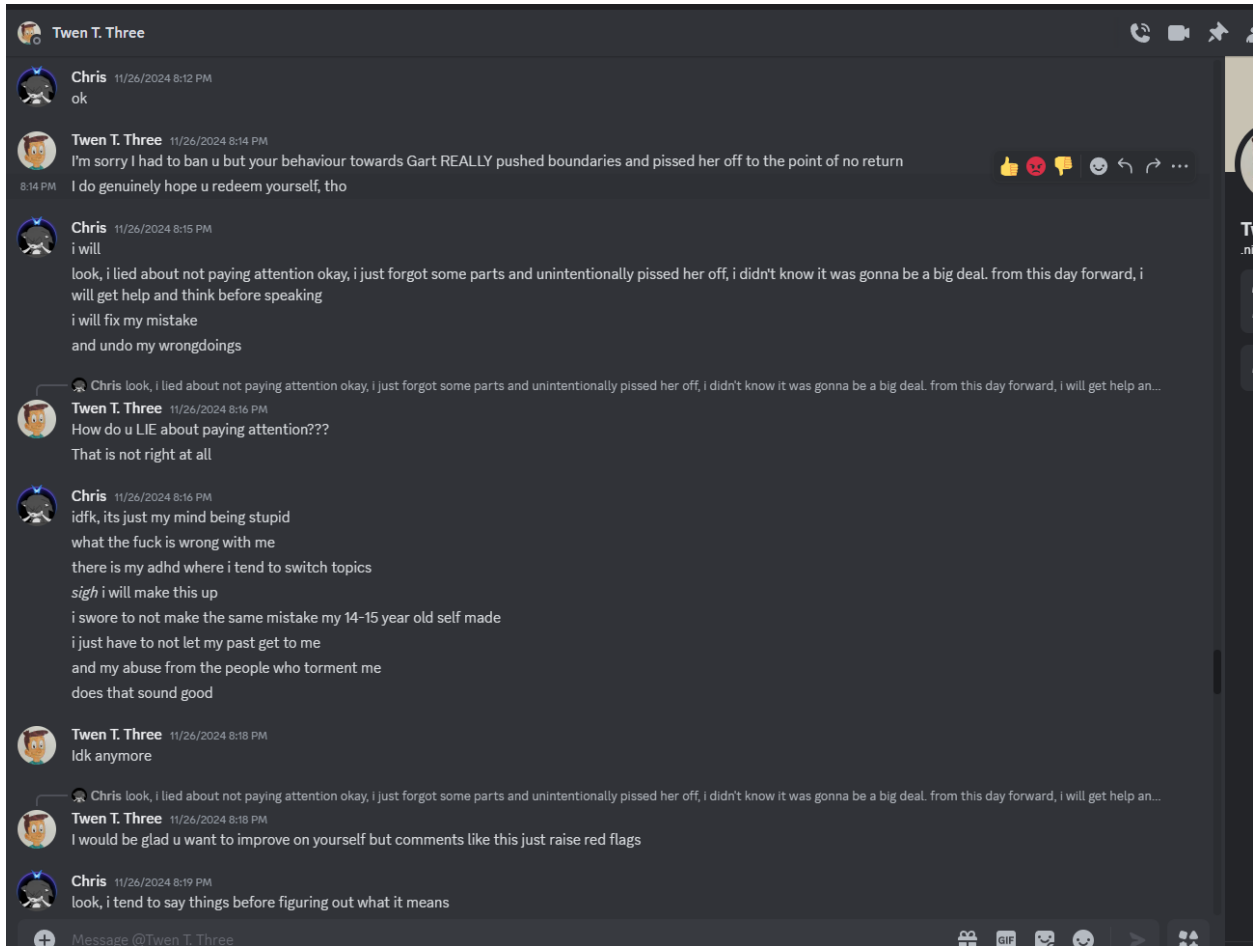

Message @Twen T. Three

Chris i will forever be a failure

And here is what gart said about this:

Gart

Chris 11/26/2024 7:56 PM

knocks on your door gart can we talk?
look i want to apolgizge

Gart 11/26/2024 7:56 PM

What

Chris 11/26/2024 7:57 PM

i was sorta listening but i sorta am bad at remembering things, i do remember part of it
i didn't mean to upset yoy

Gart 11/26/2024 7:57 PM

This is TWICE you did this to me

Chris 11/26/2024 7:57 PM

i fucked up
sorry its just that
i let my abuse from people get to me
it was never my intention to upset you
look, i screwed up
gart, listen, im sorry for upsetting you, i didn't mean to offend you

Gart 11/26/2024 7:58 PM

I am NO WAY am forgiving you

Chris 11/26/2024 7:58 PM

i am just bad at remembering certain things
ill make it up to you
it was just a mistake i didn't mean
sorry, i was focusing but i stupidly forgot some of it
please
i meant you no harm
im a fucking idiot
i kept letting my abuse from my sister and those trolls get to me and control my behavior

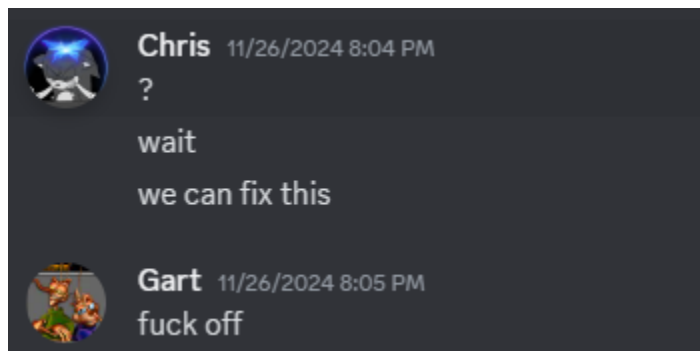

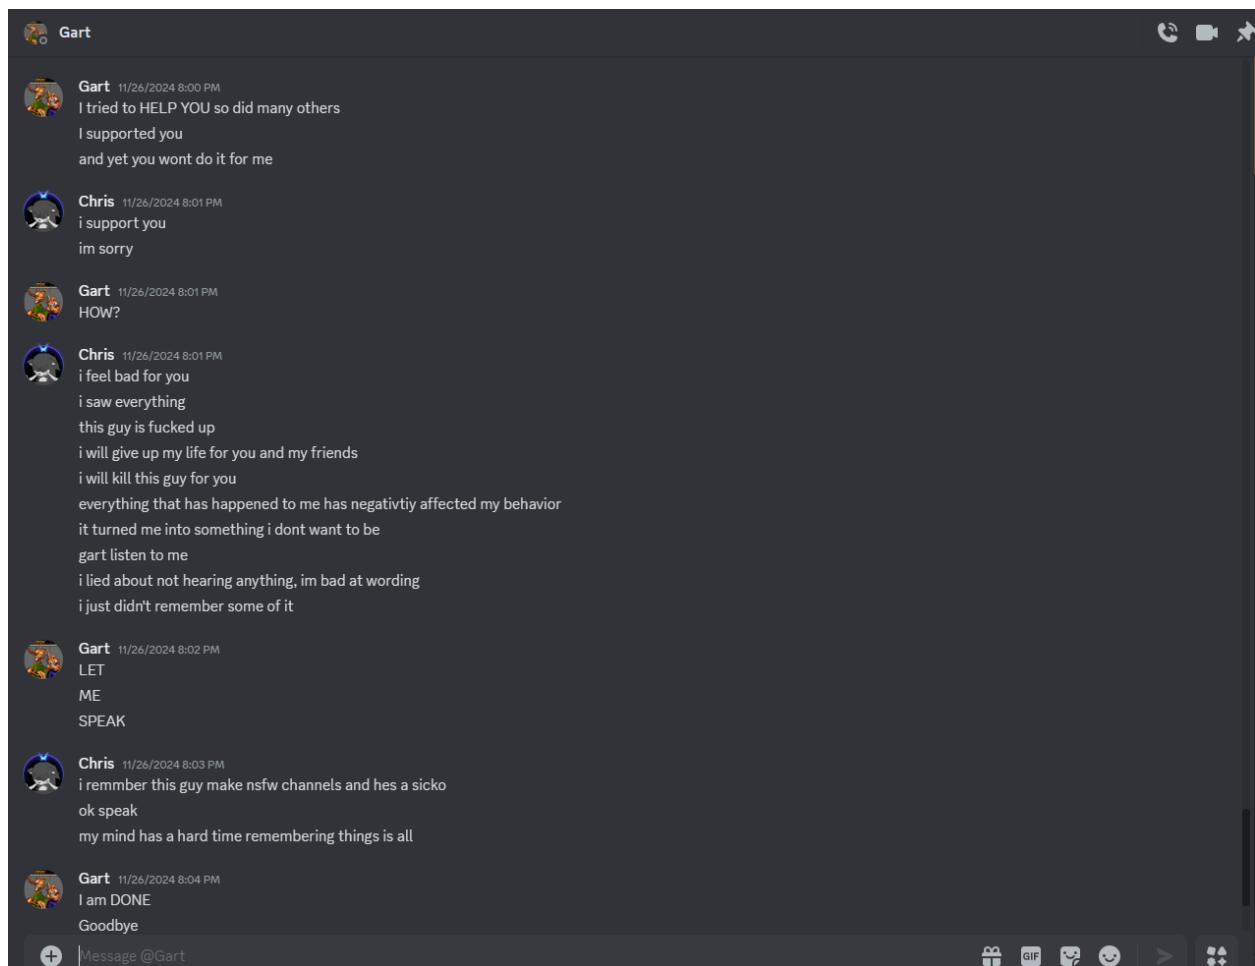

Gart 11/26/2024 8:00 PM

I tried to HELP YOU so did many others
I supported you

Message @Gart

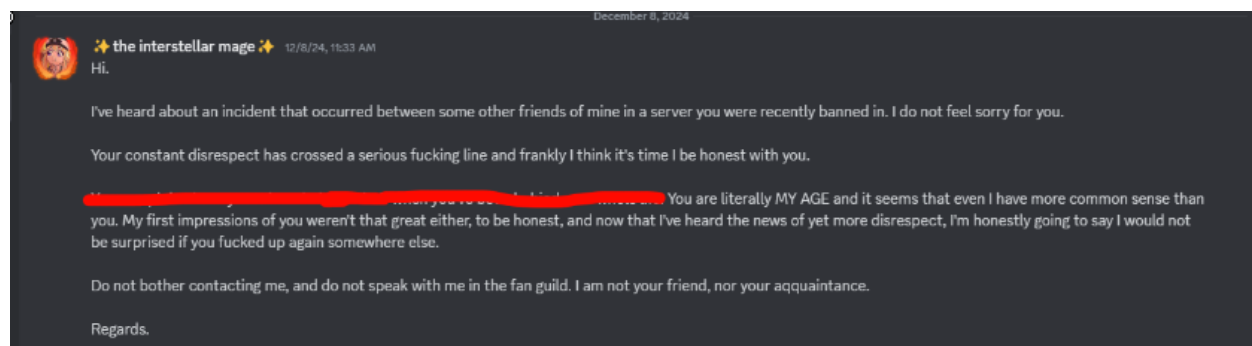

So my response is this, look i was paying attention to some parts of what she was explaining, but i kinda got distracted for a bit to watch some youtube, and after a while i kinda forgot i was in the discord call and went back to discord and she was done explaining, i kinda forgot some parts she was saying and i said i wasn't paying attention and everyone was pissed at me and i was forced to leave. Look, I have ADHD, which means i get easily distracted and i have a hard time paying attention and i'm not great at remembering things, and I have autism as well, she and the others didn't need to get pissed at me for the ohio joke and me not paying attention. Let's be honest here, i live in florida, i hear people make jokes out of my state all the time like the florida man jokes but you don't see me complaining, if someone where to make a joke about my state, i wouldn't really care, state jokes aren't that big a deal to me but they shouldn't have

overreacted, i tried reasoning with her but i needed to give her space, and twen gave me a strike, i feel like that was too harsh, but then twen gave me another and banned me from his server just because i didn't pay attention, look i only payed attention a little but i got distracted and watch youtube and did something else irl like chores and stuff, after a while i kinda forgot i was in the vc and when back and everyone got pissed for what i said, gart didn't need to act that way, she didn't give me a chance to hear my side of the story or explain myself. Twen gave me a chance to redeem myself in the fanguild. Also i have adhd which means its hard for me to focus on things and get distracted easily and bad at remembering things, wtf gart, i was trying to reason with you and fix things and take accountability and you told me to fuck off! Wow! Young lady, I don't think I like your attitude! You should be at least grateful i payed attention to some of the stuff you were explaining, it's not my fault I have adhd, it's not like i bailed out on purpose! Everyone gets distracted sometimes but it doesn't give you the right to lash out on someone! Also I have a friend who tends to tell jokes about me all time and yes I do get annoyed with it and asked him to stop but I don't act like a complete asshole about it. Twen thought I was trying to make gart feel worse when I was trying to do the exact opposite of that

The Interstellar Mage/Horizon/Hori

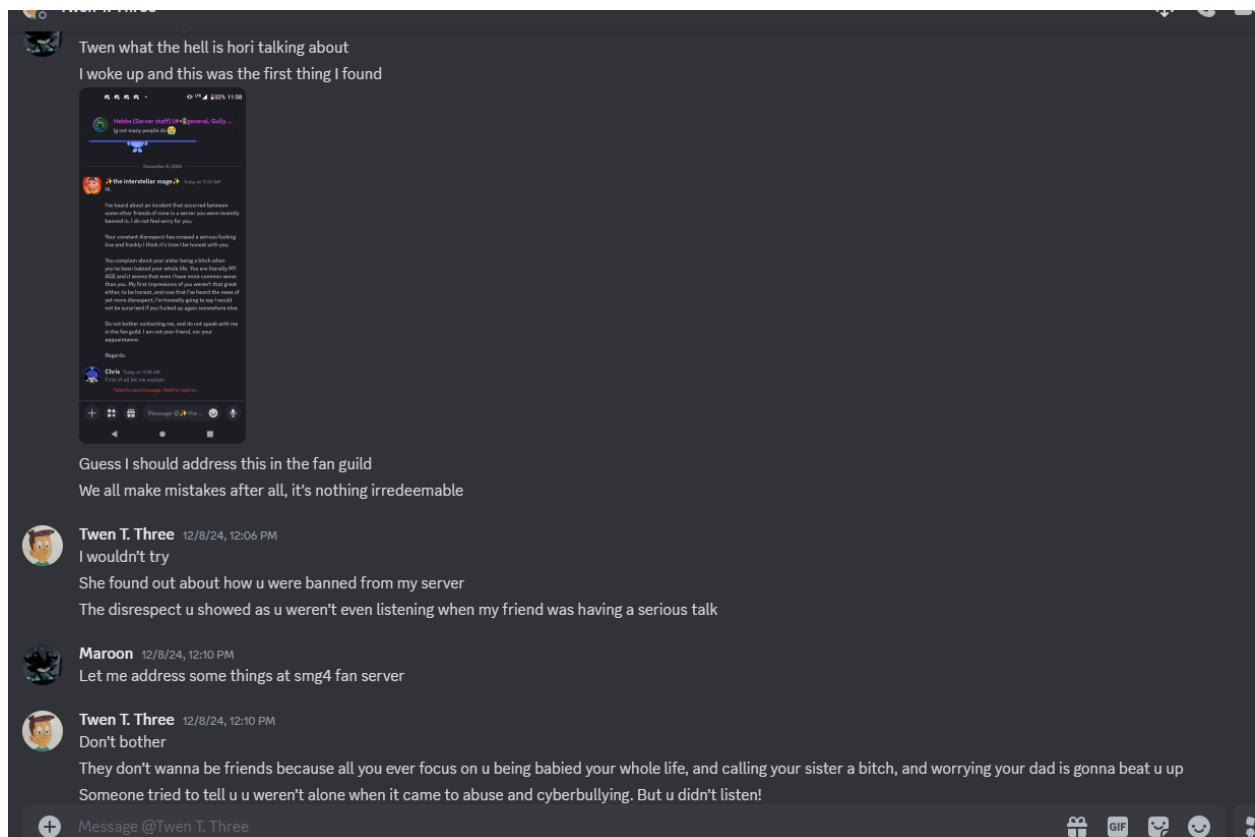

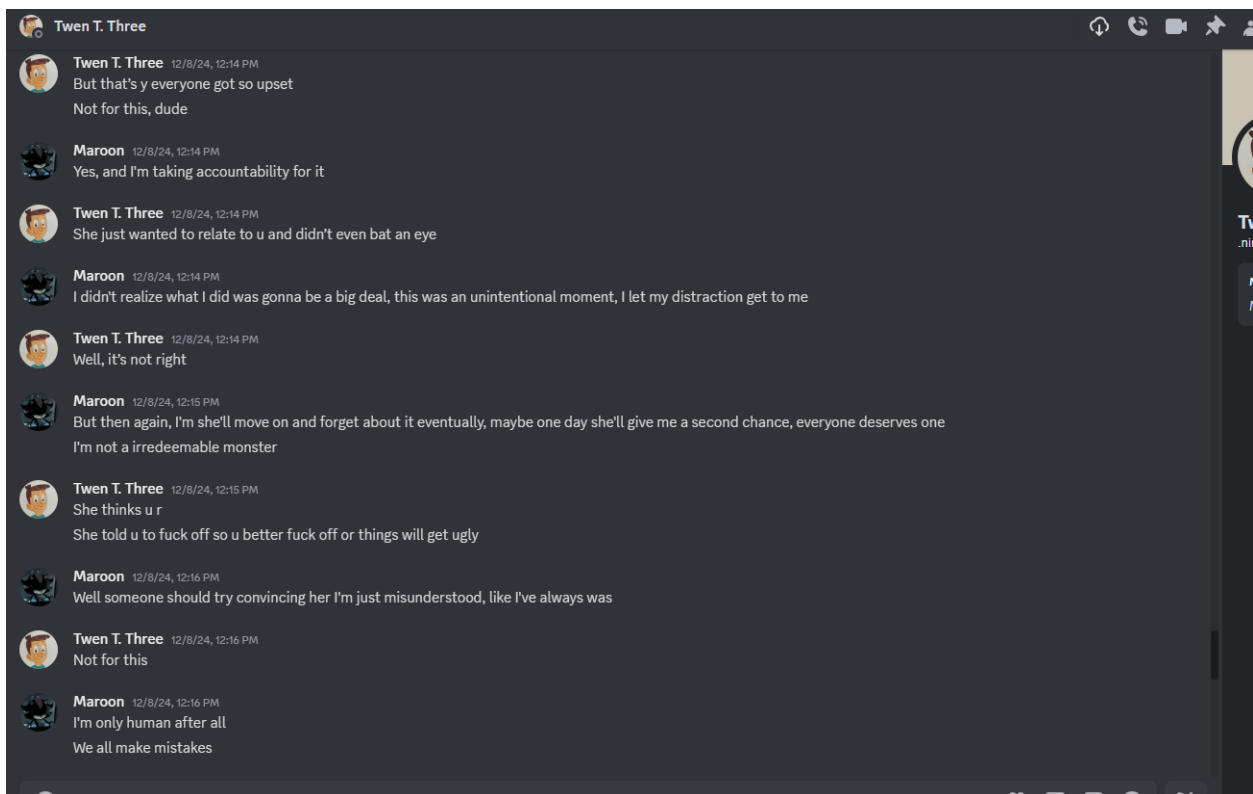

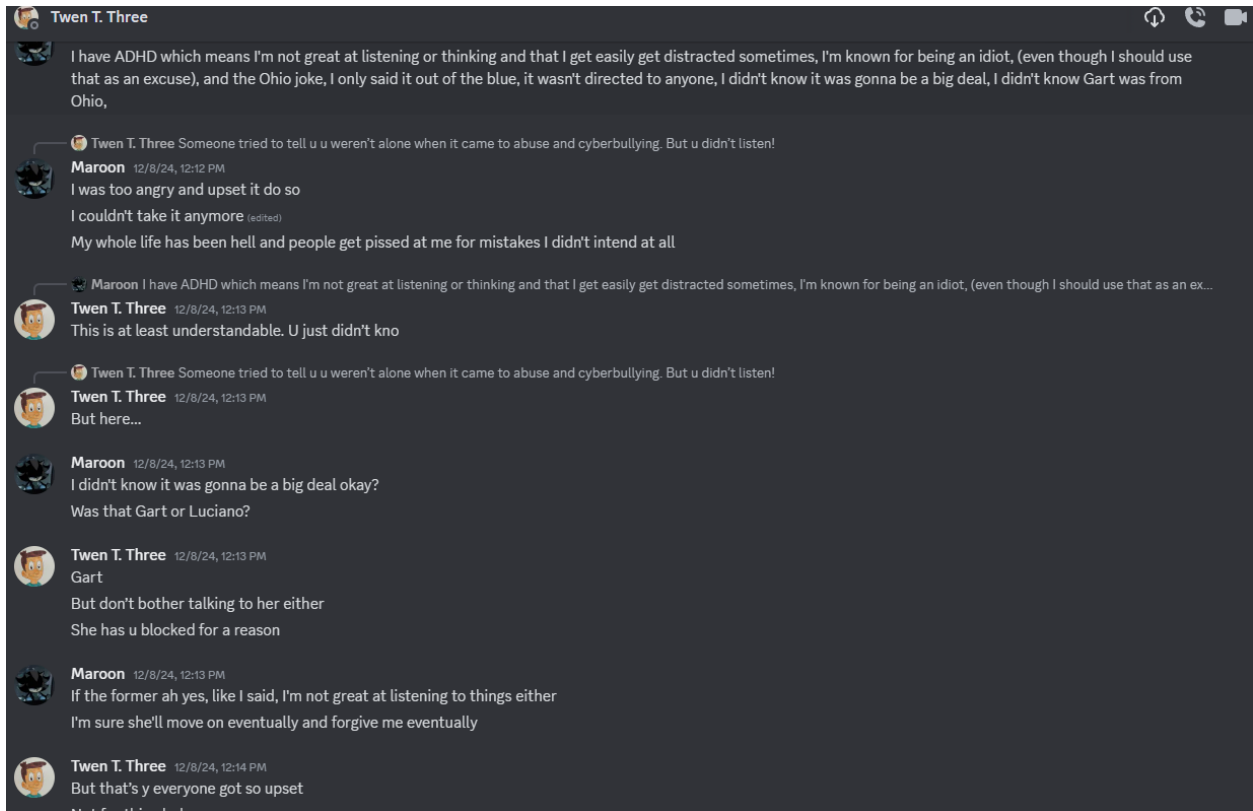

(censored stuff mentioning my personal life)

A couple weeks later I believe horizon messaged me saying on discord she is cutting ties with me because of what happened, first off, it wasnt my fault, i said ohio, so what? I didnt know gart was from ohio okay? It was never directed at anyone, matter fact, state jokes are common all the damn time! If someone made a joke of my state i wouldn't fucking care, and look what she said to me, she is fucking hypocrtical, she claims i'm "disrespectful" when she's the disrespectful one here, cutting ties with me over a minor mistake, refusing to talk things out, refuse to hear my side of the story. Also she claimed I wasn't her friend but she was on my friends list so technically she was a friend to me but not anymore since she acted toxic to me. Also Hori, the fact you pointed how you think you have common sense, sounds like your trying to brag about it, if you had really common sense, you wouldn't be bragging about it and acting like an asshole towards me. Sounds like you were trying to make me think you're more Superior than me. You can't do that man....

Twen T. Three:

After Hori blocked me, i went to twen and here what he said to me

Twen T. Three 12/8/24, 12:16 PM

Yes u r

Yes we do

But this mistake...

...was too far

Even when we feel bad, do u care?

NO U DONT

Maroon 12/8/24, 12:17 PM

Just a mistake, it's not way too bad, I feel like she overreacted a bit, sure I should've listened and payed attention more and not get distracted but I feel like she.... I do care

Twen T. Three 12/8/24, 12:17 PM

When?

Maroon 12/8/24, 12:17 PM

Always

Twen T. Three 12/8/24, 12:17 PM

When we've vented, when have u EVER stepped in and told us it's gonna be okay???

Maroon 12/8/24, 12:17 PM

I have the courage to stand up to those who cannot stand up for themselves

Form time to time I believe

Twen T. Three 12/8/24, 12:18 PM

Ykw, just forget it...

Maroon 12/8/24, 12:18 PM

I would lay down my life for people

Well I was busy IRL though so...

Twen T. Three 12/8/24, 12:18 PM

Ykw, just forget it...

Maroon 12/8/24, 12:18 PM

I would lay down my life for people

Well I was busy IRL though so...

Twen T. Three 12/8/24, 12:18 PM

Forget it...

Twen T. Three Ykw, just forget it...

Maroon 12/8/24, 12:18 PM

You're not gonna do what I think your gonna do... Are you?

Twen T. Three 12/8/24, 12:20 PM

I said forget it, okay?!

I don't wanna talk to u anymore...

All u ever care about is u, your stupid ass AU, [REDACTED]

I'm glad I banned u from my server because u are a piece of shit!

Don't talk to me again, got it?!?!

Maroon 12/8/24, 12:20 PM

Oh shit

Wait, we can talk about this

Twen T. Three 12/8/24, 12:21 PM

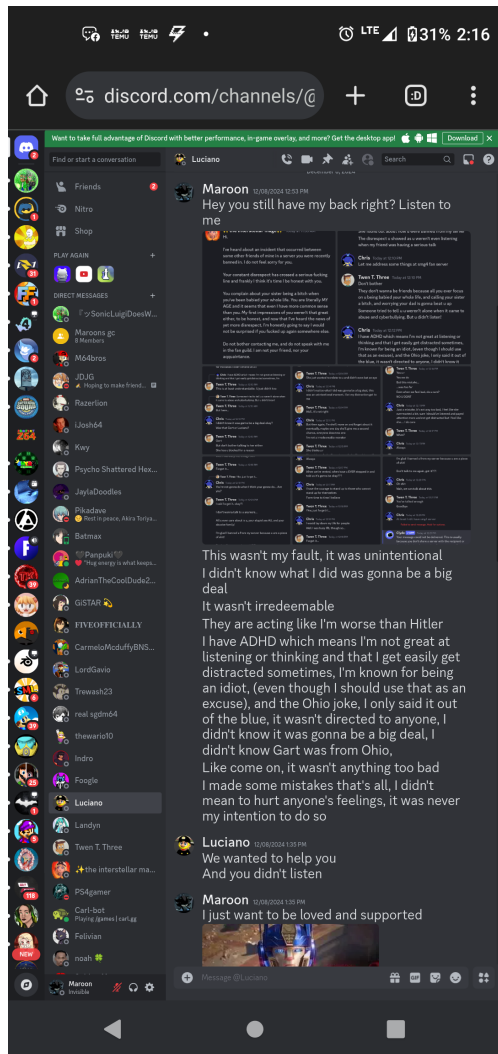

You've talked enough

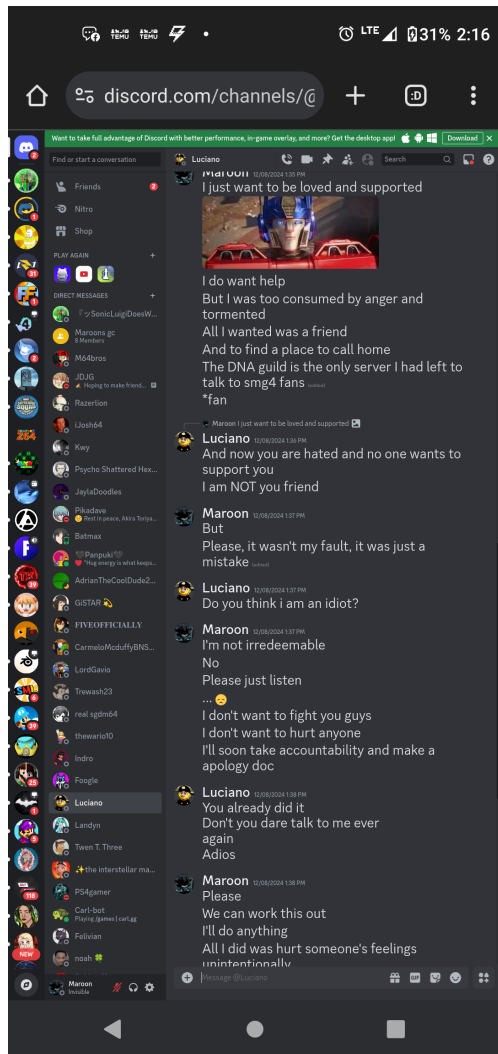

Goodbye

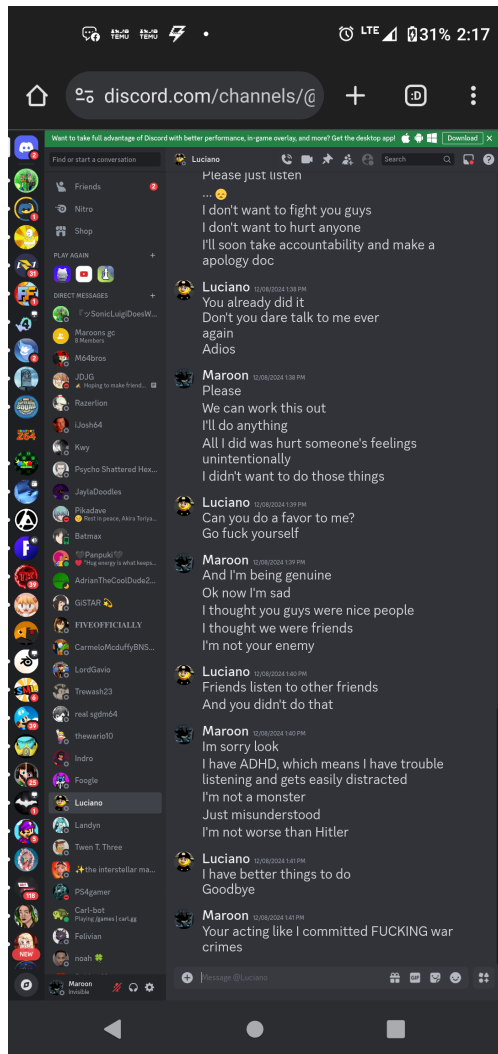

(Again, censoring anything involving irl stuff about me)

What the fuck Twen? I was trying to reason with you and you acted hostile towards me? It's not like I have to pay attention to literally everything! People can get distracted from time to time, you refused to hear me out, wtf is wrong with you man, and you cutted ties with me over a misunderstanding and me trying to talk things out and take accountability? Not cool man! This mistake wasn't too far at all. He also accused me of victimizing myself when he and his friends were the ones playing the victim card here, speaking of.... R's doc put out "victim" and the first letter of the people I am mentioning in this doc, which i will get into later, this proves they are the ones victimizing themselves, not me, and Twen claims he's a friendly person, but his actions show anything BUT that! I trusted Twen and this is how he treats me! He even had the balls to insult my upcoming series "Sonic Radical"! Wow, and it's ironic he and his friends claim I'm disrespectful when they are the real disrespectful ones here by insulting me and my work! Now I will go to other people of the smg4 fan guild. Also Twen, if someone makes a mistake even when they didn't mean, don't act like a dick towards them, if someone says something they didn't know was wrong or they didn't know it was gonna offend them, don't like automatically ban them, just give them a warning next time, your server never had rules like "don't make Ohio jokes" or "always pay attention to literally everything or be required to be at someone's venting" like not everyone's gonna be online man, I had other stuff to do IRL, the reason why I wasn't there to help you and your friends was because I had stuff to do IRL like school and chores and other stuff. Just because I wasn't there doesn't mean I care about you guys. Speaking of, if you guys actually cared about me, you would've at least hear my side of the story without automatically banning me. Also your server has 3 strikes, if you lose all 3 you are gone, but twen only banned me after 2, sounds like he didn't want to deal with me or was looking for an excuse to get rid of me. Like twen you can't do that man, everyone makes mistakes okay, no ones perfect, we're all humans, you can't just lash out at people because you either dislike them or they make a mistake, if they mess up in your server just give them a warning or a kick, only ban them if it's your last resort. Now on to the other smg4 fan guild members.

Luciano:

I asked Luciano if he had my back and guess what? He also turned against me even though it wasn't my fault, I tried being genuine as possible also if your wondering why Hitler is mentioned I wasn't comparing myself to him, I was trying to point out how they were treating me like a monster, yeah I'm sorry I should use my words carefully next time but back to topic, I was trying to reason with him but he wouldn't listen, he even told me to fuck off! What a fucking asshole, he also called my friend JDJG my sidekick and me a fraud when he and his asshole friends are the real frauds here. I trust Luciano and the others and this is what they do to me.

Mysterious R:

Well I was never technically friends with her since I didn't see the point of adding her on discord, but that's beside the point of what I'm talking about. I like to point out how she was aware I used

her fanart of me as my pfp but I didn't credit her, ok that's my fault I should've credited her but I forgot to do so okay. And also she made a "expose doc" on me to get people to hate me for something that wasn't even my fault. I'm now gonna debunk her claims on me

Guilt tripping:

R's claim: she claimed I was guilt tripping and vented too much over people

My side: I didn't guilt trip, I was venting about my struggles. Sharing my feelings isn't the same as manipulating people, especially since i've been open about my mental health challenges like ADHD and past experiences with bullying.

Ignoring Gart's Venting:

R's Claim: R claimed I ignored Gart's venting completely.

My side: I admitted that I was paying attention at first but got distracted because of my ADHD. It wasn't intentional, and I apologized afterward. ADHD makes it harder to stay focused, and getting distracted isn't the same as deliberately ignoring someone. I was paying attention a little bit got distracted and did something else like IRL stuff like chores or something else, after a while I kinda forgot I was in the vc then went back then Gart was done then I said I didn't pay attention then Twen rudely told me to get out, Twen sounds like a dad telling his misbehaving child to go to his room. Damnit Twen you didn't need to be such an asshole about it. I tried apologizing, even did it in garts stream a few weeks ago but she refused to list and hear my side of the story.

Accusation of Doxxing

R's Claim: R accused me of trying to doxx Twen for calling me out.

My side: listen R! I didn't do shit you asshole! Why the fuck would you think I was doxxing someone, I don't even know how to dox someone or get their house address! Plus mentioning someone's age if they are public isn't doxxing you dumbass! You are technically using doxxing in the wrong context!

Comparing myself to Hitler:

R's Claim: R criticized me for referencing Hitler, saying it was inappropriate.

My side: first off! I wasn't comparing myself to Hitler, I was trying to express how you and your friends were treating me like a monster! That isn't the same as comparing myself to a historical figure! I was pointing out how you guys treated me badly!

Banning from Servers

R's Claim: R mentioned I was banned from Twen's server and the smg4 fan guild for being "disrespectful."

My side: first off! How the fuck was I being disrespectful? I was literally trying to de-escalate the situation and fix it by apologizing to Gart and the others but you guys acted hostile towards me and refused to hear my side of the story! When I was trying to vent in the smg4 fan guild, you guys got rid of me without giving me a chance to explain myself! Twen and others, I thought you guys were nice people but your actions towards me say otherwise! I was actually trying to fix the situation and apologize for what happened, not make it worse! And Twen accused me of "victimizing myself" when you guys are the ones who are playing the victim card here!

What happened after I was banned from smg4 fan guild:

So after I was banned, I went to my friends who still actually support me, and I went to my friends Jdjg for help, and he agreed to help me, he went to the server but he suffered the same fate, he was caught in the crossfire, twen called me a rude man child yet he and his friends were the ones acting immature around here and Luciano called me a fraud when he and his friends are the frauds here and he called my friend jdjg my sidekick when he was trying to help me defuse the situation. So afterwards I said I would take a hiatus to help reflect and I did, it started sooner than I thought, but now I'm back and want to start anew so now I'm here writing this doc.

Conclusion:

These guys are messed up, shutting me down and acting hostile towards me and refusing to hear my side of the story without giving me a chance to explain myself, I said it multiple times I didn't mean to offend Gart or her friends but they wouldn't listen, I literally tried to apologize and be as genuine as possible, I told them I wasn't their enemy and that I don't want to fight them but they didn't listen, I thought they were better than this, I trusted them and this is how they treated me! I demand justice! I would appreciate an apology from them. I apologize to them for what I did so it's fair they apologize to me as well for acting hostile towards me. I tried to make things right by admitting what I did wrong! I have ADHD, so it's difficult for me to focus on things, it's not like I bailed out on purpose, at least I paid attention to some of what Gart was saying,

and for the Ohio joke, how the fuck was I supposed to know gart was from Ohio and it was gonna offend her, I just simply mentioned it when some guy asked where we were in the roleplay! Come on it's not like I said a racial slur or something. These guys have gone too far and someone has to end this conflict once and for all, also please do not go out and attack anyone mentioned in this doc, this doc was from criticism purposes only. And gart, twen, horizon, Luciano and mysterious r if your reading this, I'm not gonna force everyone to cut ties with you or anything I just want to peacefully end this conflict for good, I'm not the type of guy to start fights with folks, okay? Please learn from this guys. Thank you. Well I think that's all I want to say, if I'm missing anything let me know, this is Maroon the hedgehog signing off
