### Temporary Staffing Agencies

Hello / Bonjour / Hola ,

Language and interpersonal skills are essential to personal , career , and academic success. With this in mind , I continue with Duolingo studies to achieve continued fluency in English & French , along with basic conversational Spanish.

As an entrepreneur and Independent Student with the **Entrepreneurs Interdisciplinary Associate's Degree Equivalent** , I know the inherent value of discipline in the workplace , with the ability to multitask , and complete assignments , projects , and job responsibilities in a manner that is both professional and effective . I understand and work to further the employer's vision and outcomes for the organization .

My pay continues to be federally compliant with the use of a provincial Canadian incorporation number ( British Columbia ) , of which I am the owner , which I continue to use for my employment with Temporary Staffing Agencies . With employment I will provide my Incorporation number to your organization. E-mail and / or Google Drive are the best options to contact me .

J'ai commencé mes études pendant l'école secondaire Canadian. Si vous aimez parler en mon deuxième langues , c'est possible . Si vous préférez, avec votre réponse indiquez si la langue française est nécessaire à cette emploi.

Thank You / Gracias / Merci
