Ask the SL that meets with you to review these things with you:

- **facebook page** set up (using Business Meta verses normal fb app?!); post being shared & liked, clients posting to their page
- name/grade cards are filled out with kids grouped by grade on back
- show them your **e-goal card**; location on and know how to keep stats on it?
- work with you on your **approach** until it’s smooth! :)
- look at your pre approach/sales rabbit to help you be efficient in working turf;
Where will you work this week? **What’s the exact spot you’ll start on Monday?** (use sales rabbit to pin/write down streets/neighborhoods in the order you’ll work them)
- Share why you’re committed this week and why YOU believe in YOU. Ask SL why they believe in you and appreciate you, too. 😊
