You see whilst all of these businesses want to get a presence on social media sites such as Facebook and Twitter they don't have the time, ability or knowledge to do it themselves. They are far too busy with the day to day running of their business and they don't want to hire someone full time to do it because in most circumstances it only takes 1 – 2 hours per day to manage.

So what do you think they are doing about it?

They are hiring people just like you to do it for them! They are paying people just like you great money to work from home doing simple tasks such as:
