

THE LEGEND OF ZELDA CHARACTER COLLAB

Link to this collab: bit.ly/ZeldaCharacterCollab

***Important: Please make sure you are drawing the character from the correct game. I would recommend looking for a screenshot of the character in that game as well as checking out the wiki. (So, for example, if you have to draw Twilight Princess Link, don't draw a Toon Link.) (And draw the whole character, not only the head for example)**

Guidelines:

1. You can use Photoshop, Hexels, Affinity Designer, Blender or any other medium
2. The background should be **white** or **transparent**.
3. Your submission should be **digitally drawn**, **colored**, in **.png format**, and a minimum of **640x640 (must be square)**
4. Your drawing should be new, made for this collab.
5. **Please do not trace or copy someone else's work in any way!**
6. **Don't forget to add your twitter handle at the bottom of your drawing** so people know who drew it. (Preferably right under the drawing)
7. **Email** your drawing to me (delacruz.alex@gmail.com) with "Zelda Character Collab" as the subject.
8. You can also Tweet it to me ([@Alex_dlc](https://twitter.com/Alex_dlc)) with [#ZeldaCharacterCollab](https://twitter.com/ZeldaCharacterCollab)
9. Don't forget the important note above in **red**!
