

Collin LW Doc

Hello. My name is Sarah S. and I am making this doc to detail the actions of Collin Weiler, better known to the Doraemon fandom as "CLW Entertainment." He is not a good person. I and multiple others have been subject to his many meltdowns, temper tantrums, manipulation, guilt tripping, verbal and emotional abuse, and countless other incidents.

Recordings of calls have been made in a group chat that me, Elijah, Allen, and Collin share, by Allen where Collin has been at his absolute worst, screaming and yelling at us, and even suicide baiting for attention. He is a huge attention whore, although that much is obvious from the people who are close to him. He has belittled me as well, going as far as to make me cry during some meltdowns, and saying heinous things to me such as, "your family would celebrate if you died."

Also, he has shown disrespect towards deceased figures, making a tasteless joke "Doraementia" in reference to Nobuyo Oyama, Doraemon's seiyuu in the 1979 anime, having dementia in her lifetime. Even if this was before Oyama's passing in September 2024, this is still a horrible "joke" to make about her and about dementia in general. He told Elijah that he was planning on making an animated tribute for his fandub finale project, ONLY to win us back as friends, and not to actually tribute their legacies. In short, Collin is a selfish bastard who only cares about keeping his friends, who have all turned on him.

Now, here comes the real stinger. Collin groomed a 15 year old girl named Serena back in July 2023, while I was still dating him. He got to meet Serena through Thomas Blue, and Serena had a crush on Cavity Creep, who Collin voices in his Beanbunman fandub, and asked him multiple questions, which he complied with himself, and it led to him to discuss his princess dress fetish with a MINOR. Personal fetishes should NEVER be talked about with people who are underage. Collin admitted to this and grooming Megan from The Mark Side server, and Pinkiedroid in the past, in two audio recordings that were made in a call in the server, Club Hamha. I have these recordings courtesy of Allen who sent them to me. It's also worth noting that in the past, Collin had pedophilic thoughts about someone who prefers to stay anonymous, Blocker, and Elijah's little sister, Ari, who keep in mind was 8 AT THE TIME. One of his thoughts that comes to my mind is him wanting to lick Ari's pussy. I feel disgusted just typing that.

If you want the evidence of any of this, just contact me (sarahtheweirdo)

or you can contact Elijah (elijahdmgz), or Allen (._allen_dadud_.).

Collin's actions need to be known to anybody who was in contact with him, acquainted with him, or just anyone who looked up to him and his Doraemon fandub.

Thank you for taking the time to read this. Stay safe out there.

And, if there is anything else that needs to be added to this doc, I will keep you guys updated.
