## **Light up like a supernova**

light up like a supernova by graveltotempo

Iron family: Nebula, Loki, Peter, Friday, Jarvis, Vision, Harley, The Infinity Stones, Pepper,  
Rhodney, Happy  
Carol, Stephen, Dum-e, U, Butterfingers,  
SI's Employees,  
Shuri, Darcy, Jane, Betty, Hope, Gamora, Quill

Love this baby.  
Love murder kids being protective of Tony &3

Reread time-

Thanos promises Tony that no harm will come to his family by his or his people's hands.  
Which if my memory serves me right, is a lie ;)

Aw. Pete.. no.. you be hurting my heart. Calling him dad like this is a dirty move. Because no  
matter what he'll do anything in the world to save you

Poor Pete.. he's raging at the guardians and yes it's understandable, but normally he  
wouldn't do this, it's the grief and guilty and everything about Tony that makes him this mean.

Thanos acts like Tony isn't kidnapped nor his prisoner, but he is because he can't leave, and  
he agreed to be kidnapped due to his psuedo son life being at risk.

Thanos 'Always' keep his word

Oh hm a thing I missed, IronStrange was a thing in the fic but like, before canon? So I  
assume before Afghanistan and when Stephen was a doctor. Anyways from what I see, it's  
supposed to be Pepperony at the end, yet I don't remember that.

Reality Stone used on Tony to make him think he has a flashback, he doesn't know that tho.

Ng! still hate the Rouges and it'll never change, even if I can let the hate cool down for some fics.<br />

So fuck Rogers, Maximoff

Fuck Thanos too, but separate group cus they're a personal grudge, while Thanos is a nemesis

Rip Vis :( for now only tho

Thanos broke his promise, as Vision <i>IS</i> Tony's kid. Just because he betrayed him (ehhh, not really in my eyes. He's a mix of a new born and adult, knowledgeable yet clueless, innocent and not malicious.) Doesn't make him any less one of Tony's.

Tony taking responsibility and punishment instead of Nebs.

Hmm. Tony can sense the Infinity Stones, hear them.

Honey, Tony, don't blame yourself. Thanos has been playing with your head for a while now, and with the Mind Stone he's going up an extra level.

Mental torture Tones.. that's.. mhm.. poor Tony. My heart is going out for you..

Fuck the community and fuck earth for not even being willing to try to save Tony. Yes Tony is the reason they're alive and you don't want to risk that- doesn't mean you leave him in a kidnapper hands. He's your fucking hero. The reason earth is even still there.

Of for fuck sakes Rogers shit the fuck up and fuck off, if it was Barnes instead of Tony we all know you'd fucking make the all world join you in rescuing him.<br />

Burn in a hole hypocrite bitch.<br />

I'm sorry Pete you gotta deal with this absolute buffoon.

Mhm Thanos is fucking with Tony's mind. But hey the Infinity Stones are finally clear enough for Tony to hear them and their warnings, even if it doesn't change a lot. I do love hearing them though. And yikes Tony's mind is getting confusing for him, truth and reality twists around. Which now causes issues for Tony and Nebula, especially as they don't know bout the Mind Stone.

Also yes I agree with author's notes, Fri's a loyal babie. She's so young :(<br />

Love you baby &lt;3 You is best

<br />

Wow.. 9 months... Shit..<br />

And Nebula pov, awesome!<br />

Rhodey, Pepper, Pete, Harl, Viz or Happy are sort of triggers that sometimes work to snap Tony out of the state he's in

Carol knows Rhodney and Tony here, which is alwayssss something I like and find precious

Heh I know Tony is manipulated, even if not controlled fully, but I fucking love his dark badass and feelings about his mistreatment being shown loud and clear. Puuuurfect

Not enough room for all of my notes, so here's a link for the full version (includes this cus yes)<br />

Mhnnm yes, definitely love Tony being aggressive about his mistreatment. Just a kink of mine I think Imao.<br />

<br />

Get Karma Thor. And while I do appreciate Thanos doin it as a gesture fir Tony, it's also just another way to manipulate Tony to think that Thanos cares (And maybe he does- in his own twisted way)

Feel regret. Feel guilt. Feel for what you've caused to Tony that you had to mistaken which event was even talked about.

Heh. Fuck you Rushman and Shield. Of fucking course Tony knew. Thanks Rhodney for backing up our boy &lt;3

Thor is.. maybe not that bad. Ignorant, hot headed and eager to rage? Yes. But.. he still believes in Tony, and somewhat regrets his acts.<br />

Banner? Fuck him, he sucks ass.

Ah angsty dad torture time for Lokes. Don't worry bud, Tones will come for you!<br />  
Here he is. Feels bad for Lo tho

Aw. Tony's already somewhat parenting(or becoming a parenteral figure) Loki. Sweet.<br />  
Ohhh.. Loki reminded Tony of.. Peter I think? Unsure. But anyways that's why he starts caring for him (and evolved into caring for him regardless further on)<br />

Yup. Loki reminded him of Peter. Nebs confirmed

.. Tones.. ah.. I feel so.. mhm.. my heart.. Tony's slowly losing himself due to Thanos..

Big pile of sadness

Time for the reveal bout Viz!<br />

<br />

But first.. mental torture to Tony, and also Loki and Nebula as hearing Tony being tortured well, that's torture too.<br />

Loki now fully cares for Tony too..<br />

I'm crying.<br />

The way both Loki and Nebula came to care for Tony- mhm. Yeah. My heart. Is. Givingup. And. Both of them. Seeing tony. As a parental figure. Just. Breaking into pieces

And.. here it is.. Loki finally (altho he didn't know they didn't know) revealing that Vision was killed by Thanos.<br />

Tony's coming back to us, to Nebula and Loki.. realizing his boy is dead. It takes time.. but Tony is finally remembering his loved ones on earth.<br />

Fri's code is purple, while J's was orange. The infinity stones are trying to get Tony to listen-until they succeed. And Tony breaks out of his cage.

I fucking adore the communication between Tony and the Stones.<br />

Tony's vengeance is burning hot and Thanos will pay. Tony will hold his rage and grief and use it when it's the best option.

Prrrrrrawer. Memory. Soul Stone and Tony. Prrr. All in different memories where Tony should have died.<br />

The Soul Stone and Tony are one, The Soul Stone I'd within Tony himself. They are one and the same.<br />

Tony is special and always has been. Precious Tony, good Tony, our Tony ~

Tony's control over electronics and technology from a young age, from his birth? Yeeesss. Prrr.

Ooooo. Maria kneww!!! :333 awesome-io!!!<br />

Well. Not about the Soul Stone of course, but about his special connection to Tech

The Ancient One, after being requested by Maria and Jarvis has.. Suppress Tony's powers and memories, made them dormant<br />

Oh noes<br />

Lokes is in danger<br />

Fucking Thanos<br />

Time for you to die bitch. Don't you dare harm any more of Tony's.

Tony is a Stone. Tony is the Soul Stone, just like the Soul Stone is Tony. Tony is one of the Stones (prr prr)<br />

Happiness<br />

Yes<br />

Iron Man: yes. Merchant of Death: yes. Tony Stark: yes.<br />

Blue as in Tony's own powers, Orange as in Soul that is in Tony and is Tony. Brown are his usual eyes.

Poor Power, being used when all he wants to do is sleep. Don't worry hon, your sibling is coming to save you and the one you're hurting<br />

Say good bye to your souls and your lives Corvus and Proxima~<br />

Ooohhh Thanossss you're in for a treeaat~ you try to take Loki from Tony too? Ohhh dear be ready to die burning from the insides~

Thanos finally realizing who Tony is, <i>what he is</i>, is precious ~ especially him thinking he stands a chance<br />

Eeeeeeeeee Tony calling the other Infinity Stones his bothers and sisters??? Yesss queeenn!!! Or well King but who cares

Love you Tony you're the fucking best I wanna hug you and adore you endlessly you're so fucking amazing and precious and fucking awesome and just ahhhh

Hehe The Stones gets their revenge on Thanos ;333 Love you Tony's siblings!! (Haha I'm giggling just calling them that~)<br />

Nebs getting the final strike on Thanks :))<br />

I fucking loveee vicious Tony, you are the besssstt<br />

Ahhhhh yesss finally!! Nebula claimed Tony as her own family too! Yesss! And go Tony, save Loki, another one of your family! I'm so fucking happy<br />

Mhm you got this Tones, you can convince Loki to come back to you guys ❤️<br />

Hehehe adoption papers!<br />

And while yes technically they're older than Tony.. Tony is also the Soul Stone.. Who's been there since the start of the universe.. Therefore Tony is older! Ha!<br />

Love you my protective, badass, dark, vindictive, precious Tony

Awww Tony, your relationship with your siblings is precious 💕<br />

Ah Tony being self conscious of himself regarding Nebs and Lo.<br />

Don't worry bud, they're here to stay with you &lt;3<br />

Tony contacting Friday? Fucking just awejshskagsnajha<br />

Hehe <i>daddy</i><br />

Smh Lokes. They sure are precious and so very much fit as Tony's kids

Aw. Tony taking care of his grown up kids, they very much do need a supportive, helpful and kind father. And Nebula calls him that seriously :3

I love to death all of Tony's kids, they're just so amazing, precious, sweet,  
bsjsajidhlauahLzhsbLhsbbak JCJEKABksj cute aggression sorry

dead son, for daring to examine and test and experiment on his dead son's body~

Prrrr. Watching the avengers (good and bad) trying to figure out everything when we know  
about it from Tony's side and his pureness, prrr I happy

Prrawerr Yas, Tony is fully accepting his being the Soul Stone, and his mortal body is Tony  
Stark~

Regretful Viz, don't worry you can be forgiven baby boy, you're young, you made a mistake,  
and your first few years alive weren't the best<br />

Aw Nebs and Lo are precious<br />

Don't worry Tony, you can be there now for Vision

Nervous, shy Vision is so cute. You'll now get to grow with your papa's support, and with  
siblings :3

Hehehe be confused Fury, be scared Shield, go ahead and burn to the fucking ground. I'm  
furious alongside Tony for what they've done to Vision.<br />

It's time to go bitches<br />

Spill their dirt, spill their inhumane acts towards so many people to the all world to watch

Barnes is correct - Tony is what he was created to be. Mostly his treatment by earth, and  
then as extra toppings Thanos and him being the Soul Stone

Oh yeah nah Tony ain't no villain, he's dark for sure, and has gray morals, but he's not evil. He's got his own morals and goals, and as long as they will be kept in tact, and no one of his is hurt, everything will be fine and no one needs to burn :)

Aw.. Pep.. I feel for you honey. Love you <3  
Pete.. Baby, you're so fucking precious  
Rhodney bud, you're the best big bother out there  
Hahahah I love how people react to Tony claiming Loki and Nebula as his kids to the all wide world  
Harls! And of course you're an observant smart boy. Tony is going to be so proud of you and your suit honey

Aww. Tony. You're like. The bestest of dads.<br />  
Also yayy Nebula learning that her sister is alive

DC!! Yasss, AC and DC are a thing 💜<br />  
Aw of course Tones, you're a great dad and are not like Thanos or Odin, you might be scared they'll leave you but you'll never prevent them from doing so and having free will, and you'll always accept them back

Aw cute teasing from the kids.<br />  
D-aww. Protective sweet Jarvis and Friday. Sweet babies.

Raging protective Tony is the best.<br />  
Ooo hey awesome, three original trio iron Fam!<br />  
Love them so much

:)<br />  
Pete and Harls and the rest of his family are indeed his anchors.

Vision's code is red

Prrawerr yes, Maximoff getting what she deserves! Prrrawr thank you badass, vindictful  
Tony~<br />  
Ah. Thanks for proving Tony right you shitty ass avengers.<br />  
Awww awesome protective Stones siblings time &lt;3<br />  
Reality protecting Tony from Maximoff's powers, while Mind gladly accepted the twisted parts  
of itself which Tony has taken from Maximoff. The powers were not hers to have- She has  
stolen them from Mind.

Fluffy iron family time :3 The family is fully together at last<br />  
Mind, Power and Soul (Tony) are he,<br />  
While Reality, Time and Space are she

The others are of course surprised Tony can communicate with em

Aww. Tony's their protector, defender &lt;3<br />  
Eeeee protective iron family some more~<br />  
Also ngl they do be kinda dark. Not as much as Tony, but still dark

Heh. Get fucked Government. Ellie you're not in charged- Tony is.<br />  
Snort. Tony threatening to move everything and everyone to another country is awesome.

I do appreciate Bruce apologizing. But.. I doubt he'll ever reach the spot he had to be before  
on Tony's side. Too little, too late.

Love the new superhero group, Protectors :)

Aw haha. Stamping his surname on both Vision and Nebula is fucking adorable. Precious.  
Protective Loki time!! Tony I'm with you at cooing :3  
Awww sweet murder daughter Nebs

I fucking love papa bear Tony, acting so much like a good awesome parent

Lol. Fuck lunatic Rogers. And Lokes? Once again precious.  
Vindictive Tony is the best, especially against the avengers ~  
Fear Romanoff, fear!

And yup. Time for you shitty avengers to reao what you sow, to get Tony exactly how you made him to be

Time is back with Stephanie, Soul is of course with him, is him, Mind is hidden inside a wormhole in Xandar's galaxy, Reality is placed with an old race somewhere in a deserted planet near Vormir, Power is hidden within the core of Muspelheim, and Space is hiding somewhere in the Void.
