Concert Choir	Concert Choir
Algebra 3	Algebra 3
Government	Economics
Online Health	Online Health
FREE	FREE

Activities Senior Year

Vagabonds Select Women NHS

Scheduling Advice:

How will I fulfill my credits for gym and health if I'm in a language (or other elective) and a music?

I am taking online health, to allow me to have a free hour for my senior year.

How many AP classes should I take?

It depends on how well you can handle stress. If you aren't good under pressure and get overwhelmed easily, I would not suggest AP classes. They move relatively fast and can have a lot of studying or hard concepts to grasp depending on the class. If you have a good work ethic, and like it when classes are faster paced, then AP could definitely be a good option.

Why I choose to do music throughout High School

It is something that is very important to me and I am very passionate about it. It has helped me find a lot of friends, especially when I moved to Minnesota. There is something very special about a large group of people creating music together, and Stillwater is very blessed to have such an amazing music program to allow kids to experience this.

After high school my current plan is to: (highlight your choice(s))

☐ attend a highly select 4 year university

☒ attend a private 4 year university

☐ attend a state college/university

☐ attend community college

☐ attend vocational school/training

☐ take a gap year

☐ join the military service

☐ undecided at this time
