Psalm 23:3

What dark valleys have you been through?

How did you get through them?

Are you in one today?

How does [Psalm 23:3](#) help you through the valley?

The word translated “evil” can refer to everything from being unkind to terrorist activities.

What “evil” have you experienced?

What “evil” have you created?

What “evil” do you fear?

Have you ever thought that the more spiritual you were the more likely it would be that God would protect you from evil?

Think about that in light of [Hebrews 11:35-37](#).

If God doesn't protect people from experiencing evil, what does God do? What good is God?

How does Psalm 23:3 help us answer this?

Are you ok with the Presence of God in the evil, instead of Protection of God from the evil?
