

***Please do not add money to a student's Cafeteria MEAL Account to pay for a debt. Those are two different My School Bucks accounts. We CANNOT use cafeteria funds for School Store invoices.**

All students in SMCPs have been issued classroom and technology resources.*
These resources may include:

- ❖ Textbooks and Novels
- ❖ School Library Books
- ❖ Laptops
- ❖ Chargers
- ❖ Consumables
- ❖ Content/Class specific resources not mentioned above

When an SMCPs resource is lost, the student is charged the replacement cost specific to that item. When a laptop is damaged (either partially or completely), the repair or replacement cost is as shown in the [SMCPs Student Device and Resource Accountability](#) document. If a student is charged for any reason, payments can now be made through [MySchoolBucks](#). As soon as a fee is assessed in Destiny, a REAL TIME FEE will show in the parent/guardian My School Bucks account. If your family does not already have an account with MySchoolBucks, it is not difficult to create one. Simply go to the [MySchoolBucks Help page](#) and click on the "How do I get started" option. Answers to many of your other questions can also be found there. ***Please note, you can also still pay with cash or check at your school.**
