## **What do I draw and restrictions:**

### **I usually draw:**

- Animals;
  - Anthropomorphic creatures (furrries are included);
  - Mythical/Supernatural creatures;
  - Landscapes;
  - Fanart;
  - Original characters (OCs);
  - Some NSFW content;
- *Feel free to ask about subjects not included in the list, I'll evaluate my capacity to work with it. Ex: mecha and human anatomy is not my specialty as I still need practice, though I can and will do my best at it.*

### **Hard limits:**

- Any art that incites hatred;
- Exact imitations of other artists' art, if it raises doubts about plagiarism I'm not willing to risk a headache. References and inspirations are ok, though;
- Some fetish art (discuss in private, I'll not pass judgement, this is about what I'm comfortable and capable of drawing);

**I'll refuse to requests that I consider beyond my capacity, even if they are not included in this list;**

- Payments through [Ko-fi](#) or [Paypal](#)
- Full payment on order acceptance, no refunds
- Communication via [Tumblr](#), [Ko-fi](#) or email [cyallateart@gmail.com](mailto:cyallateart@gmail.com), please specify your preference
- Communication can be in english or pt-br
- **English is not my first language, if there is any misunderstanding, please ask if I can explain it in a different way and I will do my best. This goes both ways.**
- I have the right to post the commission on my social media, but it will be discussed first

I will send up to 3 initial drafts for client approval, the chosen draft will then be continued.

During the course of the drawing I will send sketches and images (watermarked and lowered resolution) of the art progress. This varies with the complexity of the request.

If you'd like to request any changes, please indicate so as the initial sketches are sent for anatomy/positioning, as those can be taxing to change later on and will delay delivery. Likewise, colours should be corrected at basic colouring, please avoid asking for changes after shading is almost done.

The customer is entitled to one major alteration after the initial sketches during the order; Any request that exceeds minor corrections (ex: colour shade on basic colouring stage, minor anatomy teaks, etc.) to adapt the artwork to the client's taste is considered a major alteration, I'll indicate if I consider a request a major alteration. Additional major alterations will be charged for.

#### As for the completion time

This varies according to the complexity of the request (I have finished some paintings in days, others in months) and to my personal life (college, illness, etc.); **any delays will be promptly communicated. Estimates can vary from 1 week to 3 months.** The number of changes to the piece will also add up to the time taken to completion. **If you have any questions, contact me via [Tumblr](#), [Ko-fi](#) or email [cyallateart@gmail.com](mailto:cyallateart@gmail.com)**
