ToS

- Art will include a watermark; do not remove it.
- I have the right to deny your commission should it press my boundaries.
- Payment will come through PayPal invoice or Ko-fi before the piece is started, this is negotiable.
- Do not request anything NSFW or offensive to minority communities. I am not comfortable drawing such things, and asking me to do so will result in a denied commission.
- Attempting to profit off my art without prior discussion is absolutely not okay, and entirely against my ToS.
- Do not make my art into NFTs.

Process:

1. After your commission is approved, I'll start on the sketch within 1 - 3 days.
2. Revisions are encouraged during the sketch phase
3. After lineart, 2 revisions are allowed.
4. Color correction will be offered if no proper color references are provided.
5. Payment is required before the piece is started, or after the first sketch
