I’d like another start of this round too, believe me.

This is how the current round is going like:

Yellow: *being the biggest threat for every faction in the game*

Normal people’s way of thinking: "Then we should get rid of Yellow first before Blue and Red go slaughtering each other!"

Purple: *not giving a fuck* (?)

Ratchet: "Red is the new Yellow!"

Red: *warning and convincing everyone not to go on a pointless Red-killing-spree*

Xlaw: "LEEROY JENKINS!!!"

Red: 🐱

Blue: 🐱

Purple: 🐱

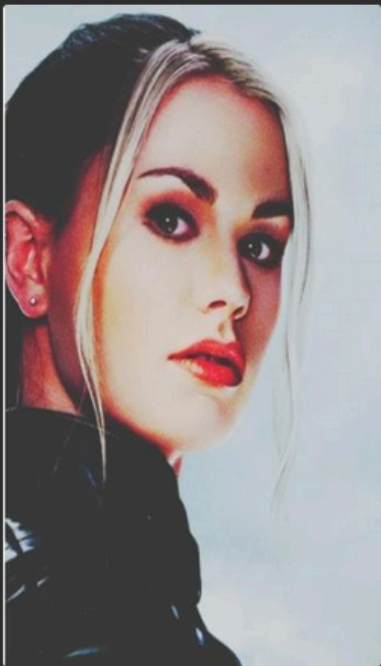

Yellow: 🐱
