Subject: We Deserve an Ethical, Transparent Supreme Court

Dear Senators, Legal Advocates, and Accountability Organizations,

I'm writing to you as someone who believes in democracy—not in name only, but in practice. Recent reports have raised serious concerns about Supreme Court Justices receiving undisclosed gifts and luxury trips, and about the role that individuals like Leonard Leo have played in shaping the court's makeup and decisions—outside the will of the people.

This is not about left or right. This is about right and wrong.

When judges are influenced by billionaires and special interest networks, democracy is compromised. When justices receive gifts or funding from undisclosed sources while ruling on cases involving those sources, the public loses faith in the court's integrity. I am asking you to take the following steps:

- Support legislation that enforces mandatory ethics standards for the Supreme Court.
- Demand full transparency for financial gifts, travel, and outside income related to Supreme Court justices.
- Investigate and limit dark money influence in judicial appointments and nonprofit political spending.
- Speak publicly in support of judicial reform and accountability.

We deserve a court that upholds the Constitution—not one quietly shaped by billionaires.

Please act. The future of justice in this country depends on it.

Yours in hope,
