

WALT: solve number problems

WILF: can share our working out and can explain it to my group

1. Sammy has 8 boxes. In each box he has 5 cars. How many cars are there altogether?

2. Charlotte has 9 bags of marbles. There are 3 marbles in each bag. How many marbles are there in total?

3. Jason collects trading cards. He buys 4 packets and in each pack there are 8 cards. How many trading cards does he have altogether?
