

Where do the parties (generally) stand on the issues? Name_____

Instructions: Use your *resources* (first your own knowledge, and then the internet if you need it), to establish a basic understanding of where the political parties fall on the issues. Fill in the blank rows with some additional issues of your choosing.

Realize that most sources you will find on this on the internet will have a bias. For example, [this one](#) has a somewhat conservative slant.
