

## **Application for Assistant**

**Full Name:** Grayson Stoudt **Preferred Name:** Grayson Stoudt

**Address:** 1350 King College Rd, Bristol, TN 37620

**City & State:** Bristol, Tennessee **Zip:** 37620

**Cell Phone:** 9542266063 **Date of Birth:** 10/22/2001

**Email :** [graysonstoudt@gmail.com](mailto:graysonstoudt@gmail.com)

**Name of College or year of High School graduation:** King University/ South Broward High School 2020

**Intended major:** Psychology

**Currently (circle):** Freshman    Sophomore    **Junior**    Senior    Graduate

**1. Describe your experiences with children or teens with disabilities:**

Worked with some kids with disabilities ages 6-12 for volleyball coaching at the YWCA for a season.

**2. What activities or clubs do you participate in?**

I play on the King University Men's volleyball team and have been playing high level collegiate volleyball for four years now, having spent three years playing volleyball at my last school Limestone University.

**3. What leadership roles have you held at your school or in your community?**

I worked as a resident assistant for two years at my last school and would help provide students with a safe and comfortable campus, along with guiding new students along the right path of success in college.

**4. Give examples of times you have had to work as a team member. Was it a successful experience? If not, why?**

While working as a resident assistant, I would have to lead the group of RA's in how to run a duty shift and make sure all of our safety rounds were done on time

every shift. It would be a successful experience since I'm a natural leader and always give 100% into everything I do.

**5. When and how would you handle a conflict with a co-worker? With your team leader?**

As an RA I would simply speak to my coworkers if there was a disagreement but I never had any disagreements with any of my coworkers there. As a volleyball player I have disagreements with my teammates all the time, and solve them by having a simple conversation about the way we both feel and how we can both work on what we need to fix. With my team leader/coach I won't have disagreements often, but when I do I make sure to clearly communicate my feelings and how any issues could be solved.

**6. Explain how your hobbies, activities, or interests might be useful at Camp:**

Firstly I'm a sports psychology student and love learning about what it takes for athletes/students to be successful both in the classroom and on the field/court. As a good listener and empathetic person I can always see someone else's point of view and consider one's feelings and how to overcome negative thoughts through positive reinforcement.

Secondly, I'm an athlete who holds myself at a high standard and can empathize with people who do the same, whether it be in everyday tasks or in sports. Outside of loving the experience of coaching, as I get to teach the sport I love to a younger generation, I also love being a mentor and role model and have experience with past co-workers and younger teammates.

**7. Define what being a good role model means to you.**

A good role model is someone who takes care of themselves and possesses traits such as integrity, self-awareness, accountability, and empathy.

**8. Have you ever been a Camp Counselor at Camp Imagine? No  Yes**   
**How many Years \_\_\_\_\_**

**9. Is there anything else you'd like to share that we should consider when reviewing your application?**

Along with being a dedicated and hard worker, I also just like to have fun and bring a good attitude into whatever work I'm doing. Working with kids with disabilities is an opportunity I've been looking for for a long time and it's an experience I'd always be grateful for.

**10. List two references, their position, and their contact information:**

---

- 1.) Jessica Goins, Resident director at Limestone University, (864) 488-4590
- 2.) Laura Ong, Professor of Biology, (423)652-4805
