PRESS RELEASE: VETERANS DAY PROGRAM

DATE: 11.2.26

Piedmont Valley Elementary has a number of activities scheduled for Veterans Day as well as throughout the week that we celebrate Veterans Day.

Classroom teachers will have daily academic work for students that are consistent with Veterans Day themes. Our hope is that through activities that celebrate our Veterans, both in the classroom and campus wide, we will educate our students on the many sacrifices our Veterans made and will encourage civic pride throughout our school.

We do have two specific programs that we will have our entire student body participate in. These events are listed below:

Monday, Nov. 9:

We will have a flag etiquette program that will be put on by Greg Harrington of the Veterans of Foreign Wars. We will have two assemblies, one for Grades K-2 and another for Grades 3-4.

Wednesday, Nov. 11:

We will have one large assembly in which Captain (Ret) Ron McLaughlin, will speak to our students. In addition to Captain Mclaughlin's words of wisdom we will also have various musical selections, and honor a group of distinguished Veterans.

Each year our Veterans Day program is one of my favorite programs of the year. I am sure it WILL NOT disappoint this year and we will have a great opportunity to honor our Veterans.
