In this document, we present guidelines for the preparation of abstracts for the QTech BP 2025, to be held in Budapest, Hungary, on 22-25 September 2025.

The maximum length of the abstract is one page, including tables, figures and references. The abstract should be in A4 format, typeset in 12pt Times New Roman font. Margins of 25 mm must be left blank around the text (the text area, including title, references, graphics etc., is 160 mm by 247 mm. Please do not apply any changes to the margins.).

Please follow the templates (available on the conference web page) for the structure of the abstract, formatting its elements (including capitalizing the title), spacing between them etc. Use superscripts for relating authors to multiple affiliations.

Figures may be included in the abstract. Please do not increase the resolution beyond the reasonable level. Format the references [1,2] as shown below.

Please convert your abstract to PDF format before submission. The resulting file size should not exceed 5 MB. Only the PDF file is acceptable for submission, other formats are not acceptable.
