- ExtraSolar said on page 10: "I'd like to write a review for stolenFeathers. All I have to say is wow! Though my breeding project took months (and quite a few nests) to get the perfect dragon, they were with me every step of the way. They were always cheerful and prompt, and there wasn't a single problem throughout the whole process. A definite recommendation to anyone looking for babies with Plague eyes :)"
- carrott said on page 11: "5/5 Would rent again! heartsung was very prompt in replying to my PM, accepting CRs, updating me on how many eggs were produced, and reminding me the day before the nest was supposed to be hatched that everyone would be sent home ASAP. And, of course, when I woke up after rollover, there they were. :) Definitely recommended for any Shadow nest rentals."
- aerora said on page 11: "I've been renting nests from Elsewhere for a while, and they've always been great! Super quick to get back to me on every front and very polite. :> I would definitely recommend them!"
- Snafflewurm said on page 11: "I rented a wind nest from ryonbrink, and they were very friendly, very fast, and all round awesome. Definately recommended :)"
- Clifftop said on page 11: "I want to leave 2 reviews. I used Zenniel for light eyes and Nicolas for shadow eyes. Both were amazing to work with. Send me the dragons back as soon as I hatched and Nicolas was so kind to hold 1 of the hatchlings for me because I also had some dragons staying over in my nests so I didn't have the space. Would recommend them both. :)"
- Devildove said on page 11: "Just wanted to post a review after I rented @Snaphance 's Earth nest. I had a great experience. He was always very quick in their replies and in accepting CR and was very communicative throughout the whole process. He was also very friendly and kind. 10/10 would recommend and will be renting from him again! :D"
- Caellum said on page 12: "I have borrowed nests from Pandatao, Lychee, Shaidin, and Seleya, and all have been wonderful to work with! I'd recommend all of them!"
- DragonGirl1031 said on page 12: "I have a review for TimeLadySerenity of Plague Flight. They accepted my dragons right away when I contacted as the pair was rtb. They were willing to change the collateral toimps when I forgot to mention the pair wasimps. Sent me a message the day before hatching, and promptly sent me CRs for all the dragons. Very pleased and would recommend them."
- tigercule said on page 12: "Rented an Earth nest from Snaphance. They were quick to reply, courteous, and accepted my pair despite slightly short notice. Next time I need brown-eyed babies, I'll certainly know who to contact. c:"
- Dare said on page 12: "I just recently used @Tugalsan 's nest for icy eyes and the experience went off without a hitch! Tugalsan is a very nice user and was super easy to work with, no hassle at all - would definitely recommend for anyone needing some pretty ice eyes! 10/10 would use (and probably will) again. "
- aphreal said on page 12: "I rented an Earth nest from @Elsewhere three times because my pair was being stubborn about giving me the hatchling I wanted. Elsewhere was prompt, efficient, polite, friendly, and incredibly helpful. They reserved a nest again for when my cooldown was up each of the first times as soon as I said I hadn't gotten what I was after and wanted to try again. With efficient and transparent record keeping on the clan profile and prompt, open communication, I never felt any concern about my dragons being in good hands. I got the hatchling I needed out of this third nest, so I'm done for now. But if I ever need Earth eyes in the future, I will definitely be contacting Elsewhere again. Highly recommended and very trustworthy."

- puppehgal said on page 12: "I recently rented a fire nest from @Puffeh as they had space free, and sent them a boon to use. I received my pair and all four babies the very next day with an apology that it had taken a little while since Puffeh had work, which is 100% reasonable. I would certainly use Puffeh's nest again and would recommend them to other users"
- Temerity said on page 12: "A review for Empyreal. Very trustworthy user: I PM'ed them while water dom push was still ongoing and they were polite and honest with me about it being a busy time and happy to let me rent a nest for the days after. They had no problem taking food as payment and were quick to offer collateral. Even though I didn't accept collateral I got my dragons back first thing after the hatchlings hatched (a pleasant surprise, especially with FR's log-in problems during the time). I'd definitely turn to them if I needed a water nest again!"
- TheHeroQueen said on page 13: "I rented an Ice nest from Seleya, and I am very pleased with the service. I sent a message asking to rent and they responded quickly and provided collateral in the form of two of their own dragons. This morning, my pair and their three hatchlings were returned without any trouble and the collateral given back, and I also received a message about the CRs. Thank you, @Seleya! :) "
- DragonGirl1031 said on page 14: "I have a review for Skelizard from Plague. They were very friendly and provided collateral way above the dragons that I was sending. I got my dragons and their babies back promptly today. Very happy with them, and would recommend. "
- DragonGirl1031 said on page 14: "Another review, this time for Zenniel of light. They were polite and able to take my dragons quickly. I got them back promptly. Very happy and would recommend. "
- Lapillus said on page 15: "I just had a lovely experience with @Seleya and her icy nest. Communication was clear and prompt and my three new triple ice hatchlings have gorgeous eyes to match. I will definitely be asking her again when my other set of triple ices are ready to breed."
- Biohazardia said on page 15: "Here is my review for Seleya! I rented an Ice nest from Seleya and they were nothing but pleasant and polite! The transaction was smooth and I was promptly notified when my dragons were ready to be picked up. I would definitely recommend for anyone looking for those lovely Ice eyes on their hatchlings :)"
- RoyalSorceress said on page 16: "I would like to leave a review for Elsewhere. I'm pretty big on matching eye color to the colors of my dragons; so when I required an Earth nest, I was a bit worried since there aren't many Earth nests to choose from. Luckily I came across this fabulous thread and I wasn't let down at all. Elsewhere responded the same day as my PM and was quick to accept the Crossroads after set up. I got my offspring early in the morning not too long after rollover. The service was excellent; the user was prompt and very polite. I'd definitely recommend Elsewhere to anyone requiring brown eyed beauties any day!
- cervas said on page 16: "Hello! I'm here to leave a review for 2 users. c: @Ryder actually hosted 2 nests of mine within the same time period. They were very friendly and polite, responded quickly to my PM and send the crossroads back with my dragons even before I was logged into FR that day. Excellent service, and I'd totally recommend them to anyone needing a light nest! I went to @Lisandre for an Earth nest and had an equally pleasant experience. The user got back at me quickly with availability and how many eggs my pair had gotten the following day after sending them, all the while being very cordial themselves. The transaction was smooth as butter as well. c: Definitely recommend!"
- Fishcake said on page 16: "Im leaving a review for Machidieles :3 (wind nest) Thanks to them, Malva now has some beautiful windy babies to match their smoke. They were very polite and I got my pair & babies back on the day they hatched, even though they were busy with other RL things. c:"

- AboveClouds said on page 16: "I rented fire nests from @DragonGirl1031 and @gimeurcookie. Both of them were great to work with, provided collateral when asked, and returned the dragons promptly. I would recommend either of them to people looking for fire nests!"
- Lapillus said on page 16: "Just had a lovely experience with @JigglyCookie. Everything went smoothly despite my occasional incoherence. Would definitely recommend."
- Ljoonika said on page 17: "Ooof, I'm sorry I'm so late with my review @Signless but here it is! So yeah, I needed Lighting nest for my Coatl nest and chose Signless to message about it. They answered promptly and had a nest free on the day that my dragons were RTB. I sent my dragons to them that day, got confirmation for the number of eggs and got the dragons back without any problems when the eggs had hatched. Definitely recommending :)"
- Lapillus said on page 17: "I've been on a nest rental spree and I have to say that my experiences have been uniformly excellent. @axiom, @phantomlegions, @starmie and @jigglycookie have all been clear, helpful and prompt and are all delights to work with."
- Lapillus said on page 17: "Just had a lovely experience with @Shaidin. Shaidin was prompt and clear at communicating, even given me a heads up the day before in order to give me time to make sure I had room for the parents and five hatchlings headed my way. I'd recommend Shaidin for anyone looking for a light nest."
- xoxorainyday said on page 18: "Hello, hello! I'm here to leave a review for @oxArtemis! I was in search for a reliable user who would not mind assisting me in a project to obtain my ideal dragon, as the pair will take awhile. oxArtemis kindly came forward and offered. I have rented 2 nests so far, and the 2nd nest was hosted on a really short notice. To sum up, I had a lovely experience- communication was smooth and they're very pleasant. I will definitely recommend them and will not hesitate to approach them for subsequent renting! Super grateful for all the help so far!! :D
- vulcanchicks said on page 18: "I'd like to offer a review for the wonderful @Lisandre of Earth. I've done several nests with them, and they're always kind, cheerful, friendly, and prompt in responses and accepting PMs, no matter how many times the same two dragons have shown up looking for a nest. I've never once seen all of their nests full, so it's very easy to rent one whenever you may need it. They were also very good about keeping me updated on the nest (number of eggs, etc.). 10/10 would definitely go there again."
- driedroses said on page 18: "I have rented nests from the following people: phantomlegions, Caellum, stolenFeathers, and Elsewhere. All were wonderful and prompt at replying to inquiries and returning my dragons. Some were rented a while back, but due to the old thread not being updated, reviews were not being added, so I decided to leave a quick note here about them so there is more of a chance it will be useful to other users."
- MotherBear said on page 19: "Just wanting to leave a review for two people: @Snaphance for an Earth nest, and @traceace for a Lightning nest Both of them took perfect care of the dragons I left with them, contacted me to let me know how many eggs they had, and returned them as soon as possible [which, in Snaphance's case, was only 15 minutes or so after rollover on the morning that the nest hatched -- very very quick return!] They've both offered to let me rent from them again, and I certainly will. 10/10 renters, I'd recommend them to everyone~"
- CyberInfection said on page 19: "I'd like to give a review for @MajinK since I just rented a fire nest from them. Fast and nice communication and dragons are happy and full of food! Also gave beautiful hatchlings~ "
- Ghostil said on page 19: " I'd like to leave a review for Phale~ They responded to me very quickly, doubled checked to make sure I still wished to use a boon when my dragons only had a two-egg nest, and offered to hold my dragons for the incubation period if I didn't want to use the boon. Very happy in general! "

- **Rilla** said on page 19: "I rented two nests and with about a week's notice I got in fine. :) They responded quickly and told me immediately how many eggs I got in each nest. As an added bonus, the nests were super lucky! :P I got a double (which is exactly what I was aiming for) with each nest!"
- **AboveClouds** said on page 20: "I'd like to leave a positive review for **@Lisandre**. We traded nests (she needed Ice eyes for one of her pairs) and it worked out wonderfully. We both had the same number of eggs, so it was an easy 1:1 trade with the hatchlings and the parents. Would definitely recommend her to anyone looking for Earth eyes. "
- **Skelizard** said on page 21: "I'd like to leave a review for Shamelesscooper of the Light flight! They were super kind and took awesome care of my dragons! They contacted me to tell me how many eggs my pair had, and let me know a day before when they were due to hatch so I could make sure I had room in my lair when they returned them. I received my dragons right after rollover; promptly messaged me along with them. Very happy with their service and I would recommend them highly! Definitely will be keeping them on my list. :)"
- **Lisandre** said on page 21: "I'd like to leave a positive review for **@vulcanchicks** in Plague! I've rented their nests twice now, and they are always friendly and professional, making sure to breed and return my dragons on time, and always lets me know how many eggs I get! The pair I breed also has some lore related things that make me inclined to exalt any unpurchased offspring to the Plaguebringer, and they were happy to do that as well (not necessarily relevant for this thread, but worth noting). I would definitely recommend them to anyone needing a Plague nest!"
- **TwistedObsession** said on page 22: "I'd like to leave a positive review for RoyalSorceress of the Arcane flight. I've rented her nests a couple times now, and never had a problem. I'd recommend her to anyone and everyone needing an Arcane nest!"

- **Skelizard** said on page 22: " I'd like to leave a very positive review for Elsewhere of Earth. They were super kind and let me know how many eggs my pair had. They organised the CR after the eggs hatched so all I had to do was accept them, very helpful considering we seemed to be in completely different timezones! I would highly recommend them to anyone looking for a Earth nest. :)"
- **puppehgal** said on page 22: "I recently rented a lightning nest from **@isosDuke** The user was very communicative and polite, adding me to their waiting list and notifying me as to when I could send my dragons in, then notifying me as to how many eggs they had laid. Hatchlings and dragons were returned to me on hatching day. All in all a five-star nest renter, they come highly recommended."

dragons promptly as soon as the nest was hatched. Highly recommended, and the person I plan to go to any time I need an Ice nest. :)"

- **meretrixprocax** said on page 30: "I have two reviews to leave! I've rented a nature nest twice from Havendre and a light nest from Zenniel. They were both wonderful--very communicative, prompt, and friendly. I'd definitely recommend renting from either of them!"
- **Wintyr** said on page 31: "I have a review for a Plague nest-renter, vulcanchicks. I messaged them ~10 days in advance and they were super nice and accommodating, promising to hold a nest open for me! Even when plans changed (I decided I wanted to boon the nest on Halloween) they were very understanding and also sent me a cute message when the babies hatched and sent them and the parent dragons right back to me ASAP. Overall--great experience, and I am definitely interested in renting from them again~!"

- **FrostWynd** said on page 32: "I'd like to leave a review here for two renters! **Cervas** from Lightning Flight, and **Skelizard** from Plague Flight. At the time, I was a bit late in getting my post up to request nests, as it was getting close to rollover. But they were very prompt about responding! They even got my dragons in a nest right before rollover! Which was really nice of them to do, and they were very friendly too. I was both notified of how many eggs I got and when they had hatched. Receiving all of my dragons right away with no problems. So if anyone ever needs a Lightning or Plague nest, I would recommend them! I'll certainly consider renting from them again when needed! ^^ "
- **LiaXenja** said on page 32: "Review for **xe3tiger** (Arcane)! They were very friendly and answered as fast as they could, told me how many eggs I got and send me a message as soon as they hatched. I received all hatchlings and their parents without problem. Sadly the dragon I was hoping for did not hatch, but they said they would be happy to rent me a nest again :D I can only recommend them to everyone who ever needs a Arcane nest!"
- **driedroses** said on page 32: "I have a review for Chexmix. I sent a pair to Chexmix to have ice eyes and they were polite about allowing me to use a nest. pairs bred. I had incredible luck in their nest as 2 of the 3 nests had 5 eggs. Both returned my pairs and babies quickly. I would recommend them both to anyone who needs a plague nest."

- **Rehgan** said on page 46: "I've got a glowing review from using Pisces' nest! They don't provide collateral, which wasn't at all a problem for me; all they ask is for a review in the end. Snapped up my breeding pair quick, had them going, and had a Crossroads set up with me for the parents and hatchlings very promptly! I couldn't be happier."
- **Amut** said on pge 46: "Leaving a review for @Starmie and my renting a Shadow Nest from them. They were very fast at picking up my dragons after the initial query PM, bred them promptly and PMed be back to tell me how many eggs were in the nest. That 5-day head's up was plenty of time for me to buy some new slots in the lair to take everyone back without disrupting my training plans. Starmie sent everyone back as soon as they were hatched and was overall very professional and nice to work with. I'm going to be using them again."

In the beginning when I was new to nest renting and leery she gladly worked with me to ease my nerves until I was a comfortable regular.
