

GATE Calculator – Privacy Policy

Effective date: 25 February 2026

GATE Calculator is a scientific calculator application designed for exam-style usage. This Privacy Policy explains how the app handles information.

1) Data Collection

GATE Calculator does **not collect, store, or transmit any personal data.**

- No login required
- No account creation
- No analytics tracking
- No advertising SDKs
- No server communication

All calculations are performed locally on your device.

2) Data Usage

The app:

- Performs mathematical calculations
- Stores temporary calculation state in memory (only during app use)
- May store small on-device preferences (e.g., DEG/RAD mode)

These preferences remain strictly on your device and are not shared.

3) Data Storage

- All data (if any) is stored locally on your device within Android's private app storage.
- No data is uploaded to any external server.

4) Permissions

GATE Calculator does not require sensitive permissions such as:

- Contacts
- Camera
- Microphone
- Location

If future versions introduce optional features requiring permissions, this policy will be updated accordingly.

5) Data Sharing

- We do not share any data with third parties.
- The app does not integrate with external services.

6) Data Retention & Deletion

Since no personal data is collected:

- Clearing app data removes all stored preferences.
- Uninstalling the app removes all associated data.

7) Children's Privacy

- GATE Calculator is suitable for students and general users.
- We do not knowingly collect personal information from children.

8) Security

- The app operates fully offline.
- All operations occur within Android's secure application sandbox.

9) Changes to This Policy

- This policy may be updated in future versions.
- The updated version will include a revised effective date.

10) Contact

For questions regarding privacy:
