Curriculum Vitae

Tamra Reall

Field Specialist in Horticulture
University of Missouri Extension
ReallT@Missouri.edu 816-945-8113

EDUCATION

PhD in Plant, Insect, and Microbial Science
University of Missouri, Advisor: Dr. Richard Houseman
Dissertation: The Influence of Entomopathogenic Fungi from Forest and Urban Landscapes on Founding Pairs of the Subterranean Termite, *Reticulitermes flavipes* (Blattodea: Rhinotermitidae)

- **Graduate Minor in College Science Teaching**
- **Graduate Certificate in Science Outreach**

Bachelor of Science in Horticulture
Brigham Young University

PROFESSIONAL EXPERIENCE

Field Specialist in Horticulture, *University of Missouri Extension,* Kansas City, MO, August 2018-present. (40+ hr/wk)

- Teach soil testing interpretation, crop management, and local production practices to commercial, urban, and small-scale growers across Jackson County
- Serve on the board of Growing Growers, a Kansas State University Extension partnership training beginning farmers and food entrepreneurs across the Kansas City metro
- Partner with USDA-NRCS, Cultivate KC, and Kansas City Community Gardens to deliver joint workshops, including The ABCs of USDA Programs, connecting growers to cost-share and federal funding
- Refer growers needing business plans or financial analysis to Agricultural Business field specialists, coordinating with them at regional industry events and resource tables
- Serve by invitation on the Kansas City Urban Agriculture Policy Task Force, advising on ordinance modernization for urban farming
- Support grant acquisition for local food system nonprofits through letters of support and technical advice, including for the KCMO PLANT grant
- Manage budgets and funder reporting as PI on two multi-year grants ($233K) and co-PI on a federal grant ($450K)
- Completed MU Extension training in Specialty Crop Business Management (Parts 3-4), Protected Agriculture/High Tunnels, Hydroponics, and Urban Soils for Growers
- Advised on production scheduling and IPM for farmer-to-farmer programming in the Bahamas through Convoy of Hope
- Serve as Secretary, Jackson County Soil and Water Conservation District, since 2018
- Manage community gardens, produce and ornamental, with over 67K pounds of produce donated to local food pantries
- Author outreach publications, including “Kids Ask Dr. Bug” and other educational posts in traditional and social media
- Create content for and manage the MU Extension Bug n’ Garden YouTube channel

Postdoctoral Research Entomologist, *USDA-ARS, Biological Control of Insects Research Laboratory*, Columbia, MO, June 2015-July 2018. (40 hr/wk, Entomology series, 0414. GS11)

- Initiated and maintained over 30 cell lines for further development
- Designed and implemented cell culture research
- Assisted with Hemiptera, Lepidoptera, and Hymenoptera colony maintenance
- Trained graduate students and visiting scientists in cell culture techniques
- Used techniques, such as DAF-PCR, flow cytometry, and proteomics to characterize cell lines
- Created reports and participated in bi-weekly stakeholder conference calls

- Transferred knowledge and technology through scientific conference presentations and scholarly publications

Graduate Research Assistant, *University of Missouri*, Houseman Laboratory, August 2010-June 2015

- Designed and implemented qualitative and quantitative ecological research on subterranean termites and ants
- Collected and maintained termite colonies for research
- Procurement responsibilities for research and professional travel
- Conducted statistical analysis and analyzed data using various software platforms
- Presented data at scientific conferences
- Assisted with urban pest and pesticide bioassays
- Supervision of undergraduate researchers

Teaching Assistant, *Insect Diversity Lab Course,* University of Missouri, August 2011-December 2013

- Instructed lab sections of 30+ students each for 3 semesters, assisted with field trips, created quizzes, presentations, and activities. Taught insect morphology, systematics, ecology, collection and preservation techniques
- Developed curriculum for a semester lab course focused on recognizing insect orders and families

Oklahoma Master Gardener, *Oklahoma State University Extension,* Norman, OK, August 2002-May 2006

- Consulted as a community volunteer for landscaping and arboricultural matters
- Taught and served in a community teaching garden
- Led a new Junior Master Gardener Program for youth

Assistant Landscape Supervisor, *Mount Timpanogos Temple*, American Fork, UT August 1999-February 2001

- Developed and implemented integrated pest management programs
- Coordinated and supervised a landscape crew and volunteer groups of 50+ individuals
- Maintained twenty acres of immaculately groomed gardens and lawn areas
- Designed annual and perennial gardens

Arborist, *Brigham Young University*, Provo, UT May-July 1999

- Pruned, inoculated, and maintained trees and other woody ornamentals on BYU campus

Characterization of cell lines established from specific tissues of larval *Spodoptera frugiperda* and *S. eridania* [Conference presentation]. Entomological Society of America Annual Meeting, Denver, CO, US.
- Xu, Y., Ringbauer, J., Goodman, C., Reall, T., Stanley, D., Song, Q. (2017, November 5-8). Cloning, expression and functional characterization of a honey bee (*Apis mellifera*) digestive phospholipase A2 [Conference presentation]. Entomological Society of America Annual Meeting, Denver, CO, US.
- Reall Lincoln, T., Goodman, C., Li, Y., Zhou, K., Ringbauer, J., Stanley, D. (2016, September 25-30). Insect research without the bug: eicosanoid inhibition in cell culture [Invited conference presentation]. International Congress of Entomology, Orlando, FL, US.
- Li, Y.F., Goodman, C., Zhou, K., Reall Lincoln, T., Ringbauer, J., Stanley, D. (2016, September 25-30). Prostaglandin activity in established cell lines from different insect orders [Poster presentation]. International Congress of Entomology, Orlando, FL, US.
- Goodman, C., Li, Y., Zhou, K., Ringbauer, J., Reall Lincoln, T., Stanley, D. (2016, June 9-14). A novel squash bug cell line [Poster presentation]. Society of In Vitro Biology, Raleigh, NC, US.
- Reall Lincoln, T. (2016). Moving to the suburbs: forest and urban influences on founding pairs of *Reticulitermes flavipes* [Invited seminar presentation]. University of Nebraska—Lincoln.
- Reall Lincoln, T. (2015). Influence of forest and urban fungi on founding pairs of *Reticulitermes flavipes* (Rhinotermitidae) [Invited seminar presentation]. University of Arkansas.
- Reall Lincoln, T., Houseman, R. M. (2015, November 15-18). Influence of entomopathogenic fungi from forest and urban landscapes on founding pairs of *Reticulitermes flavipes* (Rhinotermitidae) [Conference presentation]. Entomological Society of America, Minneapolis, MN, US.
- Reall Lincoln, T. (2015, November 15-18). Managing job transitions as an early professional. Student Transition and Early Professional (STEP) seminar [Invited panelist]. Entomological Society of America, Minneapolis, MN, US.

- Reall Lincoln, T., Houseman, R. M. (2014, November 16-19). The influence of entomopathogenic fungi from forest and urban landscapes on founding pairs of *Reticulitermes flavipes* (Rhinotermitidae) [Conference presentation]. Entomological Society of America, Portland, OR, US.
- Reall Lincoln, T., Ingerslew, K., Alexander, B. N., Diepenbrock, L. M., Krauska, J. J., Mahmoud, M. A., Reynoso-Velasco, D., Zhang H. (2014, November 16-19). Adventures in education--using entomology to engage children in science [Invited poster presentation]. Entomological Society of America, Portland, OR, US.
- Reall, T. (2014, November 16-19). Management strategies: solutions to grand challenges. Student Debates introduction. Entomological Society of America, Portland, OR, US.
- Reall, T. (2014). Fungal and Habitat Effects on *Reticulitermes flavipes* (Blattaria: Rhinotermitidae) in Columbia, Missouri [Invited guest lecturer]. University of Missouri Fungal Genetics and Biology graduate course.
- Reall, T., Houseman, R. M. (2014, March 9-12). Effects of temperature and soil habitat on *Beauveria* and *Metarhizium* (Ascomycota: Hypocreales) isolation in *Galleria mellonella* (Lepidoptera: Pyralidae) in Missouri. [Conference presentation]. Entomological Society of America – North Central Branch, Des Moines, IA, US.
- Reall, T., Houseman, R. M. (2013, November 10-13). Relative frequency and virulence of the entomopathogenic fungi*, Beauveria* and *Metarhizium* (Ascomycota: Hypocreales), from forested and urban soils in Missouri. [Conference presentation]. Entomological Society of America, Austin, TX, US.
- Reall, T., Houseman, R. M. (2013, June 16-19). Relative frequency of two entomopathogenic fungi, *Beauveria* and *Metarhizium* (Ascomycota: Hypocreales), from forest and urban soils of different ages. [Conference poster presentation]. Entomological Society of America – North Central Branch, Rapid City, SD, US.
- Reall, T. (2013). Fungi as insect parasites: *Cordyceps* spp. [Invited guest lecturer]. University of Missouri, Biology of Fungi undergraduate course
- Reall, T., Houseman, R. M. (2012, November 11-14). Relative frequency of two entomopathogenic fungi, *Beauveria* and *Metarhizium* (Hypocreales: Clavicipitaceae), from soils of forested and urban habitats [Conference poster presentation]. Entomological Society of America, Knoxville, TN, US.
- Reall, T., Houseman, R. M. (2012, June 3-6). Relative frequency of two entomopathogenic fungi, *Beauveria* and *Metarhizium* (Hypocreales: Clavicipitaceae), from soils of forested and urban habitats. [Conference poster presentation]. Entomological Society of America – North Central Branch, Lincoln, NE, US.

COURSES / WORKSHOPS ORGANIZED

- Extension Garden Steward, (2025, March-April). Course developer and organizer. MU Extension. Kansas City, Missouri
- Extension Garden Steward, (2025, March-April). Course developer and organizer. MU Extension. Blue Springs, Missouri
- Extension Garden Steward, (2025, February-March). Course designer and organizer. MU Extension. Blue Springs, Missouri
- Extension Garden Steward, (2025, February-March). Course developer and organizer. MU Extension. Independence, MO
- Soil School, (2025, January-June). Course developer and organizer. MU Extension
- Extension Garden Steward, (2024, May). [Virtual]. Course organizer. MU Extension
- Extension Master Gardener. (2023, August-December). [Virtual]. Course organizer. MU Extension
- Missouri Master Naturalist. (2023, August-November). Course co-organizer. MU Extension and Missouri Department of Conservation
- Garden Steward, (2023, May). [Virtual]. Course organizer. MU Extension
- Insect Safari: Observing, Collecting, and Identifying the Invertebrates Around Us. (2023, April). Workshop organizer. MU Extension
- Beekeeping and the Bee Farm (with MO Hives KC). (2023, April). Workshop organizer. MU Extension
- Master Pollinator Steward (2023, April-May). [Virtual]. Course co-organizer. MU Extension
- Garden Steward, (2023, January). [Virtual]. Course organizer. MU Extension
- All Things Pawpaw! (2022, September). Workshop organizer. MU Extension
- Extension Garden Steward, (2022, October). [Virtual]. Course organizer. MU Extension
- Extension Master Gardener. (2022, August-December). [Virtual]. Course organizer. MU Extension
- Missouri Master Naturalist. (2022, August-November). Course co-organizer. MU Extension and Missouri Department of Conservation
- Extension Garden Steward, (2022, June). [Virtual]. Course organizer. MU Extension
- Tomato School (2022, May). Workshop co-organizer. MU Extension and Webb County
- Apple Grafting (2022, March). Workshop co-organizer. MU Extension
- Extension Garden Steward, (2021, November). [Virtual]. Course organizer. MU Extension
- Missouri Master Naturalist training. (2021, August-November). Course co-organizer. MU Extension and Missouri Department of Conservation
- Extension Master Gardener. (2021, August-November). [Virtual]. Course co-organizer. MU Extension
- Master Pollinator Steward (2020, May-June). Course organizer. MU Extension
- Extension Master Gardener. (2019, August-October). Course co-organizer. MU Extension

- Missouri Master Naturalist. (2019, August-November). Course co-organizer. MU Extension and Missouri Department of Conservation
- Master Pollinator Steward – Express (2019, July). Course co-organizer. MU Extension
- Blackberry School. (2019, June). Workshop co-organizer. MU Extension
- Extension Master Gardener. (2018, August-November). Course co-organizer. MU Extension

BEEKEEPING ACTIVITIES

- Presenter at beginning beekeeper workshops
- Consultant for beekeeping practices and maintenance for USDA ARS BCIRL
- Mentored new beekeepers in community
- Managed a private beehive

PROFESSIONAL COURSES AND TRAININGS ATTENDED (selected)

- Permaculture Design Course (currently enrolled, 2026 certification anticipated)
- Compost (2026). MU Extension
- Urban Soils for Growers (2026). Urban Food Systems Symposium Workshop
- Poultry (2026). MU Extension
- MU Digital Agriculture Symposium, MU Extension (2026)
- Little Roots, Big Harvest: Homesteading Together Virtual Series, MU Extension (2026)
- Pesticide Safety (2025) MU Extension
- Hydroponics (2024). MU Extension
- Hydroponics Basics (2023). MU Extension
- Specialty Crop Production in Tunnels - Protected Agriculture (2022). MU Extension

- Specialty Crop Business Management Series Part 3 (2022). MU Extension
- Specialty Crop Business Management Series Part 4 (2022). MU Extension
- Achieving the Extension Mission through Volunteering course. (2021). North Central Region Extension Collaboration.
- Mizzou Turfgrass and Landscape Field Day. (2019). MU Extension.
- Tomato School. (2019). MU Extension.
- Online Teaching Foundations course. (2016). University of Missouri, Columbia, MO
- Level Up--Designing a Game-Based Learning Environment. (2016). Virtual Course. CTIRL
- Integrated Course Design. (2016). Virtual Course. Significant Learning by Design.

PROFESSIONAL SOCIETIES AND SERVICE

Entomological Society of America, (2010-present)
- Science Policy Fellow (2024-present)
- NCB Student Competition Committee (2022-present, appointed)
  - Positions held: Chair, at large member
- Publications Council (2017-2020, appointed)
  - Positions held: Chair, at large member
- Governing Board (2014-2016, elected)
