Littens Love Bookstores!

Hi! My name is Suzanne, aka BennettBookworm. The idea for this project began as a list of Littens' favorite bookstores all around the world (responses to a giveaway I hosted) so if you're traveling somewhere new, you can reference the list and see if there's a cool bookstore you'd like to visit. 🌍📖

I'm so excited to see how this GROWS as more people add to it. Please feel free to add your fave bookstores under the relevant heading, and add headings for other regions! Thanks to everyone who already contributed 3 years ago, and happy exploring!

Note: I haven't checked if these are all still active bookstores. I also usually try to make things look a lot fancier, so please forgive the basic format 🙏
