任何否絕決定都應得到客觀事實的支持，並經過第二位審查人員進行二次審查和簽署。

由於投保書 (Declaration for Individual Creative Arts Therapist) 涉及年收入等敏感數據，申請人在收到已批核的申請檢閱表的掃描文件後，需要直接將其與支票一起寄給保險公司。

Reminder Guide for Professional Indemnity (PI) Insurance Applicants

All applicants are liable to provide accurate information and complete the application review form truthfully. They are responsible for ensuring that their EATA HK membership and professional registration are valid.

To ensure the suitability and eligibility of each applicant regarding his/her application for the PI Insurance, EATA HK will ask reviewers to read the Application Review Form and provide their recommendations for the insurance company.

To protect the reviewers and ensure objective review, our EATA HK will maintain the confidentiality of their identities. Blind review will be conducted, meaning the reviewers will not be aware of the applicant's name, and the applicant will not know the identities of the reviewers.

Each reviewer is required to sign a Non-Disclosure Agreement and keep all information related to the application confidential. They must also disclose any potential conflicts of interest that could bias their recommendation to EATA HK.

Applicants are responsible for submitting accurate information. The reviewers will provide recommendations based on the information provided. It is the applicant's responsibility to verify the accuracy of the data and information submitted on the review forms.

If a claim is made, the insurance company will consider the review form as an official document for investigation purposes. Therefore, original copies of valid application review forms need to be retained.

IEATA® suggests that expressive arts therapy students/interns maintain a certain ratio of supervision to direct client hours, while ANZACATA recommends ongoing supervision. Having a supervisor is crucial for accountable practice and professional development.

Any refusal decision should be supported by objective facts with a second level of review and countersignature by a second reviewer.

Due to the sensitive nature of the PI Insurance Proposal Form (Declaration for Individual Creative Arts Therapist), which includes information such as yearly income, applicants are required to send it directly to the insurance company along with the payment, after receiving a scanned copy of the recommended review form.
