

## CONFIRMATION OF AUTHORSHIP AND PUBLICATION REGULATIONS

Date: **DD/MM/YYYY**

The authors of the manuscript entitled: **TITLE OF THE WORK**

Confirm through their signatures at the end of the text that:

1. This article has not been previously published and is not under consideration for publication elsewhere;
2. All authors have seen and approved the manuscript being submitted;
3. If the article affects human rights in any way, or is a reason of possible damage to the environment, animals and/or future generations, the authors will have to inform the precautions taken to avoid consequent risks and to guarantee the good use and management of the information;
4. Contents of the text or figures or other parts of the manuscript taken from other publications should be declared when submitting; and in such a case, the permissions for publication of those parts are the authors' responsibility;
5. In the specific case of the Biomedical Research, the investigators must know and be sure about all the ethical, legal and juridical requirements, established in the national and international bioethical procedures<sup>1</sup>;
6. The authors have no personal, financial or other types of conflicts of interests and have not assumed any agreement that could interfere with the access to the research information;
7. **Declaration on the use of generative AI and AI-assisted technologies:** during the preparation of this work, the author(s) **used / did not use** generative AI tools for the sole purpose of correcting grammatical and spelling errors, refining language, and improving overall readability.
